

Need help paying for groceries?

Foodshare volunteers can help you apply for benefits!

SNAP is the Supplemental Nutrition Assistance Program

(Formerly known as the Food Stamp Program)

Foodshare, in partnership with the Tri-Town Hunger Action Team, is offering SNAP application assistance. We will help you complete the paper or online application and we will submit the file to the Department of Social Services for you.

All you need is a photo ID, and some basic information about your household to complete the application.

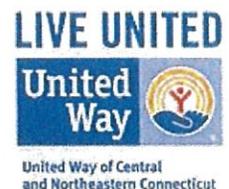

**Bring recent paystubs to speed up the process

Once approved:

- You will receive a convenient Electronic Benefits Transfer (EBT) card to use at the grocery store, similar to a debit card.
- Money is loaded onto the card monthly.
- Students in grades K-12 who are living in a SNAP household will automatically qualify for free school meals.
- You may qualify for free employment and training classes through the Department of Social Services program.
- Many farmers' markets in the Hartford area will accept your EBT card, and some will even double your SNAP dollars.

Here are some guidelines to keep in mind:

A household is defined by SNAP as a group of people that live together who also buy and prepare meals together. For example, if three unrelated people share a residence and each of them buys and prepares his/her own food, this does not constitute as a "household" under SNAP. However if each person contributes, for example, \$100 per week for food, and they eat together, this does meet the criteria for a "household" under SNAP.
