Dear Fellow Residents of Tolland:

I thank all of you who took the time to vote in the budget referendum. Tolland continues to have an outstanding school system, cost-effective and highly-efficient municipal services, and a wide array of amenities—acres of open space and recreation areas—for our residents to enjoy. Tolland is certainly a wonderful place to work, live and play! In addition, we are one of the few towns in our population group with a Triple-A bond rating from the Standard and Poor's Financial Rating Agency and Fitch Rating Agency which reflects our strong financial management and adherence to sound financial policies. Tolland is fortunate that our annual per capita income in 2015 is 46th highest in the State, and our median household income ranks 20th amongst Connecticut's 169 municipalities.

Tolland has much to be proud of. We have weathered the economic downturn of the past several years fairly well. When we prepared the 2019-2020 municipal budget, the Town Council was again confronted with certain realities that are out of Tolland's control. A new Governor was elected with a new State legislature. They are both confronted with continued difficulties associated with the State budget and the slow rebound of the Connecticut economy. The State is predicting deficits in its budget for the next two years, as well as significantly higher deficits in future years. These structural deficits put significant pressure on the contribution which the State makes to municipalities. While everyone recognizes the over-reliance in Connecticut on property tax as the major source of local revenue, the reallocation of Education Cost Sharing Funds (ECS) from wealthier communities to the more urban communities means Tolland will receive significantly less revenue and puts further pressure on already-strained municipal finances. The Governor's proposed budget, which is the only revenue numbers available to us when we set our budget, accelerates the ECS funding reduction from a ten year phase-in to a three year phase-in. We estimated a loss of \$869,962 in the next fiscal year, significantly more than the original amount of \$320,653. Under the Governor's proposal, our ECS grant total this coming year is \$8,866,871, compared to the current \$9,745,098, and in FY 2020/21, our estimated ECS grant allocation falls to \$7,950,717. The legislature continues to review the budget and will adopt a final budget on June 5th. We are hopeful that the final budget will provide some additional revenue which the Council will determine the best use for.

In addition, the Governor and legislature are discussing shifting at least 25% of the normal cost of teachers' pensions to the Town, phasing in the total cost over the next three or four years. For Tolland, the total cost is approximately \$300,000. We have not included a phased-in amount in our budget and will have to address this shortfall if it occurs.

The Governor's proposed budget requires that the Town raises the mill rate by 0.79 mill (2.26%)—even without any increase in our operating budgets. As always, I encourage residents to stay engaged in the budget process and to contact our legislative delegation if you have concerns about the impact the State budget will have on local finances.

In recent years as our State revenues have declined, there has been a call to rely on greater use of fund balance as a source of revenue replacement. Traditionally, the Town has used approximately \$200,000 as a revenue source from fund balance. The Town Council has agreed to use \$300,000 this year. However, fund balance is the Town's emergency savings account and any use in a given year to offset on-going expenditures creates a revenue gap in subsequent years. Larger-than-normal use of fund balance would typically be used to address non-recurring costs such as emergency facility repairs or to address the impacts of severe weather conditions. The Town's fund balance policy specifies that the unassigned fund balance should be maintained between 10-15% of Generally-Accepted Accounting Principles (GAAP) annual expenditures, and overall fund balance should be maintained between 10-17% of GAAP annual expenditures. The policy further states that if unassigned fund balance goes below 10% then fund balance cannot be used as a revenue source until it has increased to 10%.

Tolland is a community that has properly managed its finances over the years, has kept mill rate increases well below the rate of inflation, built up proper reserves, changed health plans to high deductible plans, formed the first multi-town health insurance program (saving hundreds of thousands of dollars in premiums), never

instituted defined benefit pension plans, and has taken the lead in developing programs to address the regional concern with crumbling foundations. About 93 residents have applied for assistance through the Connecticut Foundations Solution Indemnity Corporation to address their crumbling foundations. This is more than double the number of applications in any surrounding town. We hope that we will see these homes return to full assessment in the near future—and the lives of these homeowners return to normal.

Unfortunately, Tolland, like many other smaller, primarily-residential communities, is hamstrung by a lack of diversified revenue sources, limited growth in grand list, the continuation of expensive unfunded mandates, and the constant uncertainty of the State's fiscal situation. Tolland's financial stability will also be impacted by the need to address concerns with the Birch Grove Primary School's crumbling foundation. Replacement of the foundation will cause an increase in debt service starting in FY 2020-21 and for the following five fiscal years. We thank the voters for approving the bond referendum which allows us to move forward with the reconstruction project in partnership with the State which has committed to fund 52% of the cost. We are also working with Congressman Courtney's Office to obtain federal assistance to cover some or all of the Town's cost, if possible. The project is already progressing: the architects are working with School and Town Officials to develop options for temporary space for classrooms during the construction period.

In addition to the impact from the Governor's proposed budget, our costs have increased as follows:

- The Board of Education's budget was increased by 0.84% or \$332,998.
- The Town budget was increased by 1.76% or \$209,898.

Major changes in the Town budget are as follows:

| Item | Cost Increase |
|---|---------------|
| Salary increases | \$93,236 |
| FICA, Medicare, Employee Deferred Contribution Plan | \$12,728 |
| Health insurance premiums | \$48,902 |
| Planning & Zoning Commission, for professional assistance in revising Zoning regulations in accordance with the POCD. | \$15,000 |
| Recreation – Phase-in of costs for utilities at the Recreation Center. Several years ago, these costs (\$27,000 in total) were paid from the Recreation Fund which was a source of revenue to the Town and assisted the Town in reducing the general fund budget. However, the Rec Fund is not growing as it has in the past and is no longer able to fund capital improvements and utilities. | \$9,000 |
| Engineering Services – After many years of having a full-time Town Engineer, two years ago the Town switched to using a Consulting Engineer on an as-needed basis because we couldn't find a permanent hire. Additional engineering tasks this coming year require an increase in funding. | \$33,000 |

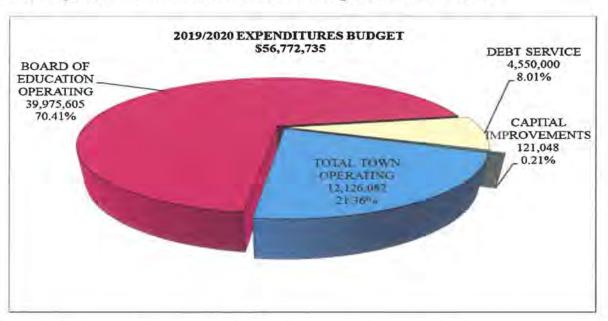

Based on current trends, our health insurance consultants advised us that we will save about \$12,500 for the Town and \$91,000 for the Board of Education without any change in this year's budget. Unfortunately, even with these savings, we had to eliminate the one free bulky waste pickup.

Our Grand List continues to show slow growth with this year's increase being 0.296% which will result in an increase in tax revenue of \$132,573. However, this continued minimal growth demonstrates that growth in the Grand List is not going to become a significant source of revenue for the foreseeable future.

Over the last three years, except for the year impacted by the State-mandated revaluation, our community has had an average mill rate increase of 2.06%—lower than the average consumer price index for the same period of 2.1%. Over the last five years, the year-to-year increase in Town Government spending has averaged only 1.65%. Tolland has certainly done its part to be fiscally responsible during that time. The budget continues to serve as a policy document, a financial plan and a means to educate and inform the residents of the Town about where the resources of the Town are allocated and what the Town does with the resources it is given.

The budget put forth by the Town Council and approved by the voters increases overall expenditures by 1.07%. Town operating expenses increase by 1.76% or \$209,898, and the Board of Education expenses increase by 0.84% or \$332,998. Capital improvements also increases by \$59,142. The use of Fund Balance is budgeted at \$300,000. The tax increase necessary to support this budget is 1.05 mills or a 3.00% increase in the mill rate.

This budget again is impacted by the potential loss of State revenue and the modest growth in the Grand List.

Each year we show the tax impact on the average low/middle/high assessed homes. After revaluation, the average assessments for these homes are \$117,093, \$188,285, and \$360,369, respectively.

| Property Tax Impact of the Town Managers Proposed Budget for Three Average Assessments | | | | | |
|--|--------------|----------------|----------------|---------------------|--|
| 2014 Assessment | Market Value | Taxes at 35.00 | Taxes at 36.05 | Difference per year | |
| \$117,093 | \$167,276 | \$4,098 | \$4,221 | \$123 | |
| \$188,285 | \$268,979 | \$6,590 | \$6,788 | \$198 | |
| \$360,369 | \$514,813 | \$12,613 | \$12,991 | \$378 | |

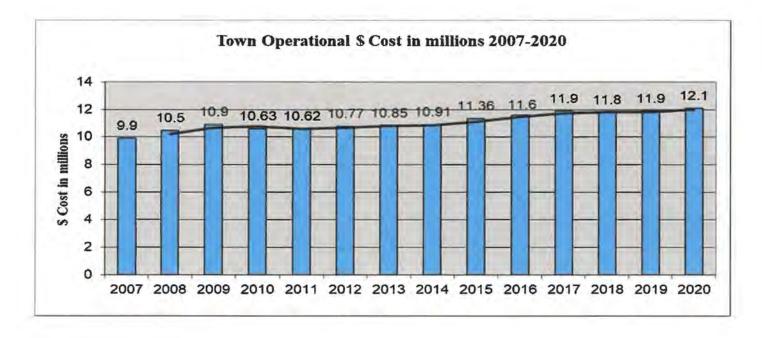

Even as we have held the line on general expenditures, we are very proud of what we have achieved because of the efforts of the Town's dedicated staff. For example, this last year we:

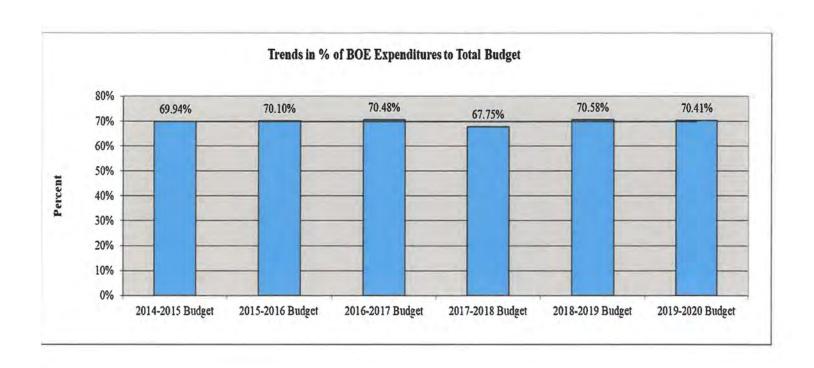

- Reaffirmed Tolland's Triple-A financial rating from Standard and Poor's and Fitch;
- · Completed the construction of the expansion of the Highway Garage; and
- Started the construction for the conversion of the former Parker School into 36 units of elderly housing, funded by State grants.

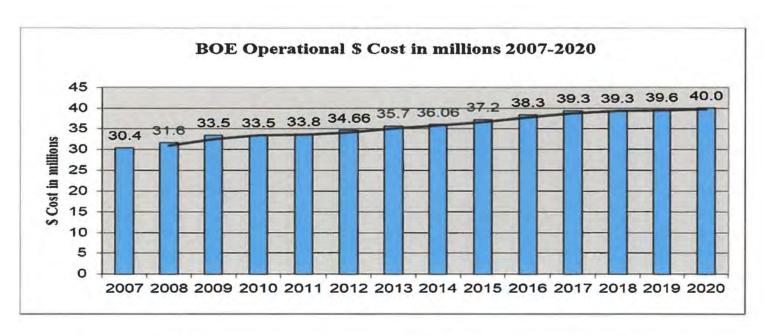

This coming fiscal year has a long list of tasks and projects which are quite substantial, including:

- Continuing to work on addressing the issue of residential and commercial crumbling foundations;
- Addressing the need to replace the foundation of Birch Grove Primary School;
- · Completing the Tolland Green Project;
- · Exploring regionalization of some Town services;
- · Ensuring adequate funds for Town and BOE services through these difficult economic times;
- · Working with a new Town Manager, setting strategic goals, expectations and objectives for the Town; and
- Starting a review of facility needs within the Fire Department.

It would be unrealistic to expect any substantial growth in state aid to lessen the burden on Tolland's taxpayers. We are already overburdened by reliance on property tax as the main source to fund the cost of Town and School operations. We are closely monitoring our current year's revenue projections, and we are expecting several of those will be reduced this coming year. For example, in 2007-08 we received \$419,106 in interest income. Today we are budgeting only \$175,000. Pequot funds were at \$87,657 last year, and next year they will be \$0. Conveyance tax was budgeted at \$191,624 last year, and next year we're projecting about \$160,000.

The Town is fortunate to have a strong cadre of highly-qualified and dedicated Town employees. Several years ago we changed the method of compensation for unaffiliated employees to one based on merit. The Town Council approves of an average of not more than 2.00% for all employees involved be provided. It is important for succession purposes and for fair compensation that we ensure that our ranges and salaries within ranges are competitive with the general marketplace.

All too often in difficult budget years there is a tendency to try and save money by deferring maintenance of facilities and equipment. In the current year's budget, the Town Council demonstrated a commitment to fund capital improvements at a level necessary to ensure that the community's investment in infrastructure, facilities and heavy equipment is maintained. Failure to continue this commitment on a yearly basis will result in deteriorating facilities, crumbling roads and bridges, and increasing repairs and outages associated with old heavy equipment. This year, we recommended general fund expenditure for capital improvements of \$121,048.

The Town of Tolland remains a community seen as desirous to live, work and play. The unique charm, the recreational and cultural amenities, the preservation of open space, the sensitivity of plan design which not to intrude on the rural village atmosphere, and the strong education system are just some of the reasons people are willing to make a significant financial investment to move and stay in our community. Continued change in our community is inevitable, and the impact of some of the change may be that additional funds, when available, are needed for municipal services even during difficult times. Having a vibrant, growing community remains a better position to be in than to be a community which is stagnant or economically depressed. We must ensure through adequate funding that we do not regress in this regard.

Elected and appointed officials, Town employees and residents all have the best interests of the community in mind when deliberating on budget matters. The monetary and operations issues which we face are significant as we strive to find a cost-effective way to continue to make our community a desirable place to live, attend school and conduct business. To maintain a vibrant municipal government and a growing community we must all recognize that the type of sacrifices we are being asked to make at this time will, in the long run, build a stronger community, state and nation.

Respectfully submitted,

William N. Eccles

Town Council Chairman

CITIZENS' GUIDE TO THE BUDGET

Introduction to the Budget Document

The annual budget is a dynamic document that has four primary functions:

- It is a policy document because it sets a coherent statement of entity wide short- and long-term financial policies.
- It is a financial plan which provides an overview of the resources and spending budgeted by the Town.
- . It is a communications device which informs about significant budgetary issues conveyed in an easy to read format.
- It is an operation guide which describes services or functions with efficiency and effectiveness measures.

The Budget as a Policy Document:

As a policy document, the budget indicates what services the Town of Tolland will provide for the upcoming fiscal year. It provides objectives and accomplishments for each department within the organization which are based on the short- and long-term goals and financial policies set forth by the Town Council. The details of these policies and goals are included later in this section.

The Budget as a Financial Plan:

As a financial plan, the budget outlines the costs of services and how they are funded. The revenue and expenditure sections provide an overview of the funding sources and the services they support. Detail of all expenditures, including Capital Improvement projects, is presented by division and department following the summaries.

The Budget as a Communications Device:

As a communications device, the budget is designed to be an easy to read document with summary information in the form of text, graphs and charts. It begins with a message from the Town Council which outlines the overall budget and includes budgetary issues, trends and choices. The Citizens' Guide provides an overview of the Town, its personnel, services, policies and budget process. In addition, a table of contents provides a listing of sections in the order in which they appear in the budget. The Statistical section includes supplemental information that is relevant to the Town. A glossary of financial budget terms can be found at the end of the budget and has been provided as a reference guide.

The Budget as an Operations Guide:

As an operations guide, the budget shows how the departments are organized in order to provide the services that will be delivered to the community. It is organized into the six operating divisions with an organizational chart and overview of their total budget followed by a detailed budget, goals and accomplishments for each department. Following the operating budgets are three sections for Board of Education, Debt Service and Capital Improvements, each with supplemental information and charts.

Description and History of the Town

Tolland is a residential community of 40.4 square miles and a population of approximately 15,000 that retains impressive remnants of its rural past and substantial areas of protected open space. Expanding commercial and industrial resources are notably bolstering the economic base of the Town but in a way consistent with planning designed to preserve the community's character and provide open space. Tolland was ranked 34th on Money Magazine's 2015 "100 Best Places to Live" in the United States.

Tolland is located 20 miles northeast of Hartford and approximately 90 miles southwest of Boston, Massachusetts. Interstate 84, a major east-west transportation corridor, bisects the Town. Bradley International Airport, approximately 25 minutes driving time away, provides convenient air connections to the rest of the country and the world. Significant to the Town in several ways, the main campus of the University of Connecticut is within 10 miles to virtually any point within the Town. Commuter bus service connects Tolland to Hartford and to UConn. A majority of the Town's labor force is employed in the central Connecticut area, primarily in the financial services, industrial, governmental and higher education sectors.

The Town of Tolland, originally part of the Town of Windsor, was chartered in 1715 and incorporated in 1722. Tolland's legacy includes a New England Town Green of substantial proportions as its signature amenity. Tolland Green is the heart of the community, and the area around it is preserved as both a National and Local Historic District. Included in the district are several of the Town's historic attractions, such as the former Tolland County Court House, the Old Jail Museum and the Hicks-Stearns Family Museum, plus a number of gracious 18th and 19th century homes. Municipal offices and the Town Library anchor one end of the Green. A few miles from the Green, the Town's oldest home, the 1733 Daniel Benton Homestead Museum, was restored by the Town of Tolland in conjunction with the Historical Society and grant funds, symbolizing the value the community places on preserving its heritage. The Town also has a strong agricultural heritage, evident in the many farms that remain today.

The Town is a growing outer-ring suburb of the Hartford metropolitan area. Ninety-five percent of its dwellings are owner occupied and ninety-five percent are single family homes. Land subdivision activity and housing starts have slowed down over the last 8 years due to the economic downturn, planned changes in zoning regulations and purchase by the Town of open space. There are indications of increased activity in the commercial and multi-family sector based on discussions with potential developers.

Municipal Government

Tolland is governed by a charter first adopted in 1973 (amended most recently in November, 2018) under home rule provisions of the Connecticut General Statutes. As provided in the Charter, the Town utilizes the Council—Manager form of government. The seven members of the Town Council, who are elected at large for two-year terms, comprise the legislative and policy-making body of the Town. The Town Manager, who is appointed by the Town Council on the basis of executive and administrative qualifications, character, education, training and experience, is the full-time Chief Executive Officer. The Town Council elects its Chairperson and Vice Chairperson and appoints members to various Town boards, commissions and committees. For a Complete Listing of all Town Boards and Commissions and their Charges, please visit http://www.tolland.org/ and choose the Government drop down. The Town Manager appoints department heads subject to confirmation by the Town Council. The Town Manager and the Director of Finance and Records are responsible for the financial management of the Town. The additional information about the Town of Tolland community, demographics and services is presented in the "Statistics" section of this book.

The Town of Tolland provides its residents with a complete level of municipal services. The Town Administration is organized around six primary divisions such as:

- General Government: Provides oversight from the Town Council to the Town Manager and ultimately to all other divisions.
 This division provides the administrative services for all departments including benefits, insurance and legal services.
- Planning and Community Development: This division houses the departments of Planning and Zoning, Inland Wetlands Enforcement, Building Inspection and Health code inspections.
- Community Services: This division includes Human Services, Elderly, Youth, Library and Recreation Services.
- Public Safety: This division includes Police (under contract with the Connecticut State Police), a combination volunteer/paid
 Fire and Ambulance Department, Fire Marshal, Emergency Management and Animal Control Services.
- O Public Works: This division includes the departments of Highway Maintenance, Parks and Facilities, Solid Waste and Recycling and Cemeteries. The Town Engineer whether employee or through contract service provides engineering services to Planning and Community Development, Public Works, the Tolland Water Commission and Water Pollution Control Authority.
- Finance and Records: This division includes Town Clerk, Town Assessment Services, Revenue Collection, Information Technology Services and Financial Services.

The Town has successfully privatized and contracted out several municipal services. Examples include the construction/reconstruction of roads, refuse and recyclable collection, sewer capacity and certain community services functions such as health services through the Eastern Highlands Health District and Information Technology services through the Town of South Windsor. The Town is also part of a six town regional health insurance program that allows for benefits to be administrated on a self-insured basis.

The Town of Tolland provides water and sewer services to a small sector of the community. Approximately 504 residences, 34 commercial accounts with multiple businesses, 3 municipal and 3 Board of Education buildings, and the Merrow Road Island Irrigation system are serviced by the Tolland Water System. The Connecticut Water Company services other designated sections throughout the Town. Public sewers are available in the west central portion of the Town, which includes the expanded Business Park, Old Post Road to the schools, through the Gateway Zone to the new high school and through the Technology Corridor Zone.

Public Schools

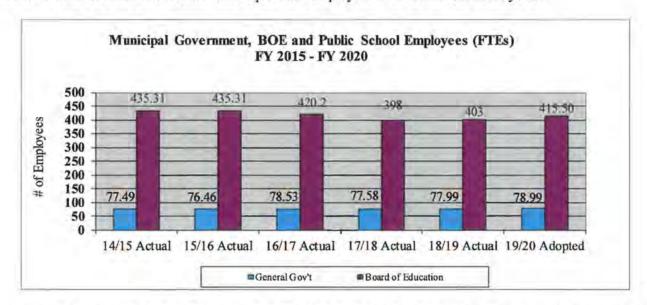

An elected Board of Education of nine members makes the policy for the Town's kindergarten through grade twelve educational systems. It appoints the Superintendent of Schools who has responsibility for administration of the Tolland School System. Tolland schools, as of October 2018, had an enrollment of approximately 2,393 students being taught in four facilities:

| Birch Grove Primary School (grades pre-K-2) | 477 students |
|---|--------------|
| Tolland Intermediate School (grades 3-5) | 515 students |
| Tolland Middle School (grades 6-8) | 574 students |
| Tolland High School (grades 9-12) | 827 students |

Tolland students consistently rank well above State averages in all categories of academic performance testing and have measured up well with peers in comparable communities (towns designated by the Connecticut Department of Education as constituting an education Reference Group).

Municipal and Board of Education Employees

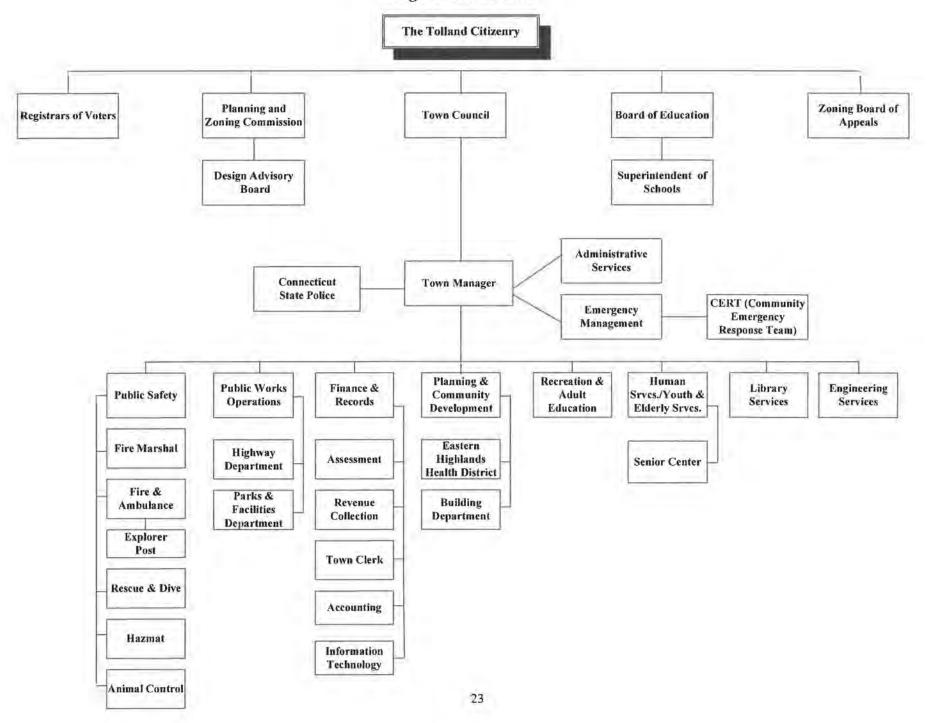

The following chart shows totals for full-time and full-time equivalent employees over the last six fiscal years.

- General Government Personnel includes all municipal staff, which includes Administration, Planning and Community Development,
 Community Services, Public Works, Public Safety, Finance: 77.79 tax supported and 1.2 other self-supporting funding.
- Board of Education Personnel includes all teaching staff, support services, facilities services: 352.5 tax supported position, 63 Non-Board funded positions.

Local Economy

Tolland has taken a balanced approach to development with a strong emphasis on land preservation and a proactive approach to encouraging commercial growth. Key focus areas for growth include the Business Park, Tolland Village Area, Technology Campus Zone and the Gateway Design District.

With the assistance of State grants, Tolland provided infrastructure to support business development in the Business Park, including Dari Farms facility, NESTEEL, and others. The Town recently sold a 16-acre vacant parcel in the business park to a local business that plans to build approximately 30,000 square feet.

The Town's Gateway Design District is located immediately south of the main access point to Tolland (I-84 Exit 68) along the primary travel corridor to the University of Connecticut. The successful 133,000-square-foot Fieldstone Commons shopping plaza, anchored by a Big Y Supermarket, is located here. A number of other businesses that serve Tolland residents and the region include medical offices, financial institutions, smaller retail establishments and personal services. Based upon UConn's biotech initiatives, Tolland created a Technology Campus Zone along Route 195. This zone is intended to capture research laboratories and associated office space spurred by UConn's investments. Immediately north of the Exit 68 interchange is the Tolland Village Area zone. This zone allows a mixture of retail, restaurants, offices, housing, and a hotel.

Tolland has seen a number of vacant spaces filled in the past year, including personal services, contractor offices, a photographer, a cabinet maker and other uses.

Construction has been completed on a 1.3 megawatt solar photovoltaic system on a town property. This project provides lease revenue to the town and lower-cost energy for a number of town buildings through "virtual net metering."

The Town has made investments in infrastructure to support business development in other parts of town, in addition to the Business Park. The town extended sewers from Old Post Road through the Gateway Design District to the new High School and down Route 195 to the Technology Campus Zone.

Residential growth includes new single-family homes and the build-out of an active adult community and other previously approved subdivisions. An 87-unit town house development is just starting construction and a 12-unit multi-family development was approved but not yet built. Residents continue to invest in the existing housing stock with additions, new pools, solar panels and other property improvements.

Tolland remains attractive to business development with a median household income (\$109,382 according to the US Census Bureau, American Community Survey, 2016 estimates) that is 52% higher than the State's median income; a highly educated workforce (44% have a bachelor's degree or higher), and low unemployment rate (3.1% in February 2019 vs. the State of CT 4.4% for the same period).

Major Initiatives

Construction by the State to improve the Route 195 corridor through a key commercial area in Tolland was completed in the Fall of 2017. The State began construction on the Tolland Green Road Improvements, which was the subject of planning studies for many years. That project will calm traffic and realign intersections.

The Access Agency (a non-profit housing provider) received a \$5 million loan to convert Parker School to 37 units of elderly housing. Construction is underway. The units will help meet Tolland's great need for our aging population.

The Planning and Zoning Commission is updating the "Plan of Conservation and Development" (POCD). The POCD sets forth a plan for conserving features and resources of value and for identifying appropriate development locations and patterns. State statutes give the responsibility of updating the plan to the Planning and Zoning Commission. The State also requires that the plan is updated every 10 years in order to remain eligible for various state funding programs. The process, which began in the Spring of 2018, has engaged the public and boards and commissions. The Commission anticipates having a new plan adopted by October, 2019.

The Town receives several State and Federal competitive grants. Below is a chart reflecting awards received since Fiscal Year 2014:

Budget Process and Budget Timelines

The annual budget serves as the foundation for the Town's financial planning and control of the General Fund and supports the Capital Improvement Plan. All other funds are supported by related user fees and/or grants and do not have approved budgets. The Town maintains budgetary controls with the objective to ensure compliance with legal provisions embodied in the annual appropriated budget, approved by the budget referendum. The operational budget, including a five-year Capital Improvement Plan, is initially prepared by Department Heads and the Board of Education and presented to the Town Manager.

| March 21, 2019 | PUBLIC HEARING on Manager's Recommended Budget: Board of Education, Town Government, Capital Improvement Plan – Tolland High School Auditorium – 7:00 p.m. |

Not later than March 27th, the Manager shall present to the Council a budget consisting of: (a) a budget message outlining the financial policy of the Town and describing the important features of the budget plan, indicating any major changes from the current financial policies, revenues and expenditures, together with the reasons for such changes and containing a clear general summary of its contents; (b) estimates of revenue presenting, in parallel columns, the itemized receipts collected in the last completed fiscal year, the budget of the current fiscal year, total receipts estimated to be collected during the current fiscal year, estimated receipts, other than from the property tax, to be collected in the ensuing fiscal year and an estimate of available surplus; (c) itemized estimates presenting in parallel columns the actual expenditures for each department, office, agency or activity for the last completed fiscal year, the adopted budget for the current year, the adopted budget for the current year as amended, and recommended expenditures for the ensuing fiscal year and such other information as may be required by the Council. The Manager shall present reasons for his recommendations. The Board of Education, preparing its estimates for submission to the Manager, shall have the same duties and follow the same form and procedure with respect to the budget of the Board of Education. The Manager shall call and attend a joint meeting of the Town Council and the Board of Education for the purpose of discussing the appropriation request of the Board of Education on or before April 11th.

| March 26, 2019 | Council Discussion – Budget Finalized – Council Chambers – 6:00 p.m. |
|----------------|--|
| April 8, 2019 | Advertise Budget |

After such discussion, the Board of Education finalized appropriation request shall be submitted to the Council no later than the Council's budget public hearing [Charter of the Town of Tolland, § C9-4].

The Council shall hold one (1) or more public hearings at which any registered or non-registered voter may have an opportunity to be heard regarding appropriations for the ensuing fiscal year. Following the receipt of all estimates from the Manager and the holding of the final such public hearing, the Council shall prepare a budget and shall recommend the same at the **Annual Budget Presentation**, no later than one (1) week prior to the Budget Referendum.

| April 22, 2019 | ANNUAL BUDGET PRESENTATION MEETING - Library Program Room - 7:00 p.m BOE is provided an |

| | opportunity to present a revised adopted budget based on funding approved by Town Council and other line item updates |
| April 23, 2019 | Budget Presentation - Senior Center - 12:30 p.m. |
| May 7, 2019 | Annual Budget Referendum |
| By May 14, 2019 | Council Establish Mill Rate upon referendum adoption |

Sufficient copies of said annual budget shall be made available for general distribution in the office of Town Clerk and the Town Manager, and, at least five (5) days prior to said **Annual Budget Referendum**. The budget shall become effective when passed at the Annual Budget Referendum to be held on the 1st Tuesday of May, and an official copy shall be filed with the Town Clerk. Additional referenda, as required, will be held every other week on Tuesday until a budget is approved. After the budget referendum, the Town Council at their next scheduled meeting shall fix the rate in mills, which shall be levied on all taxable property in the Town for the ensuing fiscal year. [Charter of the Town of Tolland, § C9-7] Due to extreme circumstances, outside of the Town's control, the Council may consider and act upon a recommendation from the Town Manager for postponement of the annual budget process and referendum time line for that fiscal year. The Town Council shall be deemed the budget making authority.

After the start of the fiscal year, the Council, by resolution, may make appropriations to be funded by grants or gifts, and other additional and supplementary appropriations not to exceed an aggregate of ½ of 1% of the General Fund Budget in any fiscal year. In addition, following a public hearing, the Council, by resolution, may make further additional and supplementary appropriations upon recommendation and certification of the Manager that there are available unappropriated funds in excess of the proposed additional appropriations. The Town Manager may make unencumbered appropriation transfers between departments for up to 3% of the department budget from which the funds will be transferred. Upon request from the Town Manager, the Council, by resolution, may transfer any unencumbered appropriations, balances or portion thereof from one department to another. No transfer shall be made from any appropriation for debt service or other statutory charges. Management is authorized after budget adoption to make budgetary transfers – amendments – within departments but cannot approve additional appropriations. The legal level of budgetary control is at the department level within a function. The Board of Education, which is not a separate function but a function of the Town, is authorized under State law to make transfers required within their budget at their discretion. Any additional appropriations must have Board of Education and Town Council approval.

Financial Planning Framework

Balanced Budget

The creation of a balanced budget is the result of many aspects during a laborious process. The Town of Tolland administration must act in compliance with Town charter requirements which mandate that expenditures cannot exceed revenues called balanced budget. Also considered is the citizens' input from public participation at the Town Council meetings and the Budget Public Hearings. Data analysis on recent demographics, state and local economy is compiled to help shape a strategic economic plan. All information gathered results in a proposed budget presented to the public in the form of a referendum. When approved by majority vote, the Town is able to operate with a legally adopted, balanced budget.

Long-Range Planning

Every year the town looks at a budget as a multi-year document to determine if expenditures made today can be sustained in future years. The Town has embarked on an assertive long-term planning program. Specifically, it has developed and continues to modify, a "Long-Term Fiscal Trend Analysis Report," which synthesizes several quantifiable variables into a document that forecasts long-term revenue and anticipated expenditures which make up the Town budget. These variables include such indicators as: 1) Grand List growth, 2) intergovernmental revenue projections, 3) forecasts in both municipal and educational operating expenses. The drafting of this trend analysis has helped the Town Manager's Office immensely in developing affordability benchmarks and thus establishing appropriate budget levels. In conjunction with this, a debt management plan was structured to layer in debt issues for the next ten years based on approved capital projects and anticipated needs. By employing this tool, it makes it readily apparent when new debt can be issued and when projects should be deferred to future budgets. Underlying this process are the financial policies established by the Town to ensure financial stability and the short- and long-term goals of the Town Council. Uncertainty in State revenue funding has made it extremely difficult to create multiple year estimates. Within the past couple of years it has been almost impossible to predict future intergovernmental revenue estimates however, the trend analysis still proves very useful for preparing budgets and potential future impacts on our taxpayers.

FISCAL TREND ANALYSIS OF FUTURE TOWN BUDGETS AND MILL IMPACTS

| FISCAL YEARS: | Actual 2017-18 | Adopted 2018-2019 | Estimated Actual 2018-2019 | Proposed 2019-2020 | Estimated 2020-2021 |

Assumptions:

Used a combination of most recent State of CT grant information & best estimates for potential future reductions

Worked with Planning to try to estimate potential development revenues

Debt Service is based on Debt Management Plan

Trended historical revenues

Used two percent increase in future year.

CIP Plan includes funding for Sewer Plant Improvements in future years

Estimated FY 18-19 results are highly subject to change

Note: This document is based upon variability in State Revenues estimated in FY 19-20 and assumptions for potential reductions in the future. The State of Connecticut Budget includes various new revenue and mandated expenditure assumptions for the future. There is much uncertainty at the State level for future years municipal funding and these amounts are subject to change. At this time we have decided not to project future years due to these uncertainties.

Financial Policies

Policies provide the parameters that allow day-to-day decisions to be made. Financial policies are fundamental to good financial management. They are the basis for accountability and define the standards against which performance can be assessed. When developing policies, council must strike a balance between accountability and flexibility.

- Investment Policy establishes guidelines for the investment of operating, capital and non-recurring funds.
 - 1. Investments shall be made in accordance with the following principles in order of priority
 - a. Safety b. Liquidity c. Yield
 - Investments must be made in securities authorized by CGS 3-24f, 3-27f or CGS 7-401-402 which include US government obligations, US
 government agency obligations and US government instrumentality obligations, indirect investment in US government and agency securities
 through the purchase of shares in a custodial arrangement, pool or trust, State Treasurers Investment Fund, Tax Exempt Proceeds Fund,
 repurchase agreements, CDs and money market mutual funds.
 - 3. Attempt to match investments with anticipated cash flow requirements.
 - 4. Diversify investments to avoid incurring unreasonable risks inherent in over investing in specific instruments, individual issuers or maturities. The Town shall only do business with qualified public depositories.
- Debt Management Policy provides the framework for the issuance and management of debt recognizing the infrastructure needs of the Town as well as the taxpayer's ability to pay.
 - The Town may issue debt by resolution of the Town Council up to 5% of the current tax levy. If the debt issue exceeds that threshold, then it
 must be approved by referendum.
 - Bond Anticipation Notes may be used to provide interim cash flow, facilitate the timing of bond sales, finance less significant borrowing
 needs, avoid locking in high long-term interest rates during periods of market turmoil or finance projects whose final cost is uncertain or is
 expected to be mitigated by grants or investment earnings.
 - 3. Long-term borrowing will be confined to capital projects and will not fund current operations.
 - 4. Bonds will be structured to match the useful life of the capital improvement but not exceed 20 years in accordance with Connecticut General Statutes. The Town will issue \$10 million or less in tax exempt securities per calendar year to receive "Bank Qualified" status to minimize interest rates to be paid.
 - 5. Debt obligations are generally issued through competitive sale, however, if conditions provide that a negotiated sale would provide significant benefits to the Town then the Town Council may approve that method of sale.

- 6. The Town Manager and the Finance Director will analyze the Town's debt position by using the following measures and report the results annually to the Town Council as part of the Debt Management Plan presentation.
 - a. "Debt measured against population on a per capita basis" to be capped at \$3,800. Tolland is at \$1,852 for 2019/2020.
 - b. "General Fund bonded debt as a percentage of full market value" to be capped at 4%. Tolland is at 1.50%.
 - c. "General Fund debt service as a percentage of total General Fund expenditures" to be capped at 10%. Tolland is currently at 6.90%.
- · Capital Financing Policy is included in full in the introduction to the Capital Improvements section of the budget.
- Reserve/Fund Balance Policy ensures that the Town will maintain a prudent level of financial resources to protect against reducing service levels or
 raising taxes and fees because of temporary revenue shortfalls or unanticipated one-time expenditures. The Town shall annually adopt a balanced
 budget in accordance with the Town Charter, Sections C9-1 through C9-10. Any year-end operating surpluses will revert to unassigned fund balance
 for use in maintaining reserve levels set by policy. The level of fund balance the Town strives to maintain is within a range of 10% to 17% of General
 Fund operating expenditures, including non-spendable, restricted, committed, assigned and unassigned. It is most preferred to reach a level as
 recommended by the Government Finance Officers Association Best Practice to maintain a balance of at least 2 months of operating revenues or
 expenditures which may be greater than 17%.

Replenishing deficiencies:

If the fund balance is not at its target level, the annual operating budget or any mid-year revenue adjustments shall not be supported by any use of unassigned fund balance, except in the event of a public emergency as declared by the Town Council in accordance with Section C9-11 of the Town Charter. The Town will take appropriate action to restore its fund balance to its target balance as provided below.

- · The Town will reduce recurring expenditures to eliminate any structural deficit or,
- The Town will increase revenues or pursue other funding sources, or
- · Some combination of the two options above.

Minimum fund balance deficiencies shall be replenished within the following time periods:

- Deficiency resulting in a minimum fund balance between 9 percent and 10 percent shall be replenished over a period not to exceed one year.
- Deficiency resulting in a minimum fund balance between 7 percent and 9 percent shall be replenished over a period not to exceed three years.
- Deficiency resulting in a minimum fund balance of less than 7 percent shall be replenished over a period not to exceed five years.
- Risk Management covers various risks of loss related to public officials; Board of Education liability; torts; theft of, damage to and destruction of
 assets; error and omissions; injuries to employees; and natural disasters. The Town purchases commercial insurance for all risks of loss. There have
 been no significant reductions in insurance coverage during the year.

Fund Balance

Fund Balance is a measure of the Town's capacity to withstand financial emergencies or to undertake unforeseen but necessary projects. Rating agencies place special emphasis on fund balance when assigning bond ratings to municipalities and view adequate fund balance as an indication of sound financial management. The **fund balance at the end of a fiscal year** can be derived by subtracting current total Expenditures and Transfers Out from current total Revenues and Transfers In, and adding that difference to the fund balance present at the beginning of the fiscal year.

| | Fund Balance at the Beginning of a Fiscal Year |
|-------|--|
| Minus | (Expenditures + Transfers Out) |
| Plus | Revenues + Transfers In |
| | Fund Balance at the End of a Fiscal Year |

Before GASB 54 the equity of the fund is defined as "fund balance" and was classified in the following categories:

- · Reserved: A portion of fund balance such as encumbrances, contracts and commitments is reserved and will not be available for appropriation.
- Designated: Represents tentative management plans that are subject to change.
- Unreserved: Serves as measure of current available financial resources and represents the Town's savings, collected from unexpended appropriations
 over previous fiscal years.

Under GASB 54 requirements a fund balance will be displayed in the following classifications depicting the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Non-Spendable fund balance amounts that are not in a spendable form (such as inventory) or are required to be maintained intact (such as the corpus of an endowment fund)
- Restricted fund balance amounts constrained to specific purposes by their providers (such as grantors, bondholders and higher levels of government), through constitutional provisions, or by enabling legislation

Unrestricted fund balance consists of:

- Committed fund balance amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to
 be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or
 change the constraint
- Assigned fund balance amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official
 or body to which the governing body delegates the authority
- Unassigned fund balance amounts that are available for any purpose; these amounts are reported only in the general fund.

It is the Town of Tolland's policy to maintain a level of fund balance ranging from 10% to 17% of its General Fund operating budget including Non-spendable, Restricted and Unrestricted funds. The Unassigned fund balance for the General Fund at June 30, 2018 was \$8,320,481 or 13.17% of GAAP expenditures. Fund balance may be used by the Town only in accordance with the Town Charter and the Fund Balance Reserve Policy.

Fund Structure, Basis of Accounting & Measurement Focus

The General Fund is the Town of Tolland's sole fund with a legally adopted annual budget and uses the "modified accrual" basis of accounting for both budgeting and reporting.

Governmental funds are used to account for some of a government's tax-supported activities but also special revenues and capital projects funding. They all share a common measurement focus and basis of accounting. Proprietary funds are used to account for a government's business type activities and therefore share a common measurement focus and basis of accounting with private-sector business enterprises. Fiduciary funds are those funds used to report assets held in a trust or agency capacity for others and therefore cannot be used to support the government's own programs. The town's main operating fund, the general fund, is always reported as major. Other funds would be classified as major if the following two conditions are met:

- 1. Total assets, liabilities, revenues or expenditures/expenses of the individual governmental or enterprise fund are at least 10 % of the corresponding total of all funds of that category.
- 2. Total assets, liabilities, revenues or expenditures/expenses of the individual governmental or enterprise fund are at least 5% of the total for all governmental and enterprise funds combined.

All non-major funds must be reported in a single column on the financial statements under "Other Governmental Funds".

3

The chart below shows the fund structure, basis for budgeting and measurement for the Town of Tolland:

| Fund# | Fund Name | Reporting category | Fund Type | Basis of Accounting | Description of Funds Functions | | | |

The modified accrual basis of accounting is accepted by the Governmental Accounting Standards Board (GASB) which set the standards for governmental accounting and financial reporting.

All Governmental Funds focus on current financial resources. The Town recognizes revenues when they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as revenues in the current fiscal period. In determining when to recognize intergovernmental revenues (grants and entitlements), the legal and contractual requirements of the individual programs are used as guidance. Revenues are recognized when the eligibility requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the Town.

Expenditures generally are recorded in the period the liability is incurred. The only exception is for debt service expenditures and expenditures related to compensated absences and claims and judgments which are recorded only when payment is due.

Town financial statements present a dual-perspective of financial information with both the accrual basis of accounting and the modified accrual basis of accounting. In contrast to governmental fund financial statements, presented on a modified accrual basis or short-term focus, the governmental-wide financial statements reporting presents the whole picture, both short- and long-term perspective, and uses the accrual basis of accounting.

The accrual basis of accounting uses the economic resources measurement focus and recognizes revenues in the period in which they are earned and become measurable (not necessarily available), and recognizes expenses when they are incurred. Capital assets such as land, buildings and equipment expenses (expensed in governmental funds as capital outlay) are included in statement of net assets; liabilities include any general obligation debt and any long-term debt such as newly required Other Post Employment Obligations.

The full accrual reports are similar to those of a business type. The statement of net assets displays information about the government as a whole, reports all financial and capital resources, and assists the financial statement user in assessing the medium- and long-term operational accountability of the government.

Description of Funds:

Governmental Funds:

General Fund (0001) is the general operating fund of the Town. It is used to account for all unrestricted resources, except those required to be accounted for in another fund. It accounts for all activities in relation to the normal recurring operations of the Town.

Capital Projects Funds (2000 - 2070) accounts for revenues to be used for major capital asset construction and/or purchases funded by debt issuances, General Fund Contributions, State & Federal Grants, Ambulance Fees, Capital and Non-recurring Contributions, Cemetery & Recreation Fund Contributions as well as other various funding sources. For further discussion see the Five-Year Capital Improvement Plan.

Capital Non-recurring Funds CNRE (2300 – 2301) accounts for revenues derived through sales of Town assets and land and other contributions. These funds are reserved for future use towards major capital asset construction and/or purchases. It also allocates reserves for the 5 year property revaluation funded by general fund contributions. For further discussion see the Five-Year Capital Improvement Plan.

Dog Fund (3010) - To account for the sales of dog tags and the expenditures of the dog warden and pound.

Lodge Activity (3030) - To account for the receipt of rental and attendant fees for special activities held at the lodge. Donations are also recognized. Revenues are used to provide furnishings for the lodge.

Fire Training Center (3035) - To account for user fees to provide for the replacement or repair of furniture and equipment at the training center.

Open Space (3040) - To account for the receipt of payments from builders in lieu of land. Money will be accumulated to purchase land for open space.

Open Space Maintenance Fund (3045) - to account for maintenance expenditures of open space land.

Recreation (3051) - To account for Town recreation programs.

Eviction (3065) - is used to account for the cost of storage for evicted tenant's property to be reimbursed by the property owner.

School Lunch (3070) - To account for the operation of the school lunch program.

Education Reserve Fund (3071) - To account for the approved allocation of Board of Education operating budget surplus and its expenditures Town Ordinance Chapter 8 #86.

Sewer Assessment (3090) – To account for the capital provided for sewer extensions, pumping stations, interceptors and other capital improvements. Revenue is derived from assessment fees and used to make bond payments.

Before and After School Programs-Family Resource Center (3095) - To account for the operation of the before and after school programs.

Stone Pond Sewer Escrow (3100) - To account for accumulation of revenues from the housing projects to provide funds in the event of a failure of the on-site sewage disposal system.

CDBG Small Cities (3105) - To account for funds for rehabilitation loans to property owners.

State and Federal Education Grants (3140) - To account for the expenditure of various state and federal education grants not accounted for in the General Fund.

Town House Sewer Escrow (3150) - To account for accumulation of revenues from the housing projects to provide funds in the event of a failure of the on-site sewage disposal system.

Town Aid Road (3160) - To account for state revenues and expenditures for maintenance of both improved and unimproved Town roads.

Water Assessment (3170) - To account for water main assessments to defray the cost of borrowing.

Tolland Business Park (3190) - To account for monies from property sales in the business park to be used for future improvements.

Tolland Nonprofit Housing (3200) - To account for the maintenance of property owned by the Nonprofit Housing Unit.

Field Maintenance (3210) - To utilize donations for field maintenance.

Traffic/DUI Grants (3220) - To account for State monies used for traffic enforcement.

Veterans Memorial Fund (3224) – to account for donations and expenditures for repairs and upkeep of existing monuments and plaques in addition to new ones.

Artificial Turf Fund (3225) – to account for user fees for the artificial turf field at the Tolland High School to be used for field maintenance, staffing requirements, equipment, operating costs for the field and towards outstanding debt for the field.

Miscellaneous Grants (3300) - To account for the revenue and pay out the expenditures for various grants awarded throughout the year.

Emergency Storm (3301) – To account for the revenue paid to the Town from FEMA and pay expenditures for various storms throughout the year pursuant to Ordinance Chapter 12 #84.

Governmental Funds (continued):

Conservation Fund (3302) – to provide for a mechanism for the Conservation Commission to accept gifts, donations and other contributions and to raise funds in order to promote education, activities and efforts in Tolland pursuant to Ordinance Chapter 6A #93.

Agriculture Fund (3303) – to provide a mechanism for the Agriculture Commission to accept gifts, donations and other contributions to promote agricultural and farming in Tolland pursuant to Ordinance Chapter 6B #94.

Debt Service Fund (3999) – To provide funding and resources in accordance with Ordinance Chapter 7A to pay interest, principal and often fees associated with short-term and long-term debt. The funds are used as part of financial plan to ensure that the Town maintains sufficient funds to handle the cost of debt over time.

Cemetery Operations (5010) - To account for the operating expenditures and revenues of the Town cemeteries.

BOE Minnie Hicks (5020) - To account for prizes to graduating eighth grade students.

Cemetery Perpetual Care (5130) - To account for donations and proceeds from the sale of plots. The interest on the investment of funds is used for the perpetual care of those plots accounted for in a Special Revenue Fund.

Ratcliffe Hicks Memorial School (5140) - To account for maintenance of the Hicks Memorial School Building, this now houses the Town offices. As long as the building is used as an educational facility the interest earnings are available to defray costs of improvements and/or maintenance expenses. We currently are unable to use those funds as determined by the Probate Court and the Trustee. We are awaiting the outcome as to whether the funds will be reallocated to another entity within the Will or if it can be determined that the funds can be used for this building in the future.

Fiduciary Funds:

Board of Education - Section 125 (4010) - To account for the Internal Revenue Code Section 125 plan.

Education (4020) - To account for Board of Education benefits and summer school activities.

Senior Citizens Center (4070) - To accumulate donations and fundraising monies to provide for the operations of the center.

Student Activity (4080) - To collect monies from all sources outside the budget to be used to pay for various student activities.

Tolland Public Library (4100) - To accumulate money received from donations and ConnectiCard State funds for future capital and media purchases.

Emergency Fund Human Services (4110) - To help residents in crisis with food, fuel or medical relief. Private donations finance this effort.

Youth Center Reserve (4120) - To accumulate student fundraising monies and donations, which are used to sponsor youth outings and camp scholarships.

Stevenson Trust (5030) - To provide a scholarship to a graduating Tolland High School Senior who has exhibited a sincere interest in the study of local, school, state or national politics.

Other Post-Employment Benefits Trust (OPEB) (5040) – to account for Board of Education and Town employee's post-employment benefits annual actuarially determined contribution and associated retiree liabilities and costs.

Proprietary Funds:

Water Operations (6010 - 6020) - To account for activities of the Town's and Crystal Springs water operations.

Sewer Operations (6050) - To account for the operational and maintenance needs of the sewer system, as well as to receive and remit sewer usage fees to the Town of Vernon.

Utility Internal Service Fund (8000) - The Town and Board of Education established (UISF) for the purpose of paying for all fees associated with utilities and ESCO Project Debt Service, associated consultant fees, future system improvements and repairs. The utilities include but are not limited to propane, electricity, heating fuel, water and sewer. Revenue to this fund shall include contributions from the Board of Education and Town, investment earnings, utility rebates and any other miscellaneous funds that relate to this fund. Expenditures from the UISF will include charges from the various utility companies, payments for debt service on any approved Energy Improvement project, consultant fees, system management fees and any other associated fees incurred on behalf of the Town and Board of Education respectively shall be paid from this Fund.

Health Insurance Internal Service Fund (8100) - To account for the self-insured medical activities of the Town and Board of Education.

REVENUE

Overview

There are seven major revenue categories: Property Taxes, State and Federal Grants, Licenses, Permits and Fees, Charges for Current Services, Investment Income, Education Grants and Contribution from Fund Balance.

| License, Permits & Fees | \$258,500 | | |

To provide a balanced budget, estimated revenues must match estimated expenditures. With this in mind, projections of 2020 budget revenue are crucial to determining the ability to pay for future expenditures.

- The main source of revenue for the Town is *Property Taxes*. The Grand List increased by \$3,787,803 which represents a .296% increase in Tolland's taxable property value. The new taxes after adjustments for new construction, motor vehicle supplement, elderly exemptions, result in a gain of \$132,573 based on the FY18-19 mill rate of 35. The collection rate for 2018/19 is 99.00% and the same rate is being projected for 2019/20. Prior Year Taxes have been adjusted to reflect an anticipated decrease in delinquent tax account collections. Interest and liens are estimated to remain constant. Overall, Property Taxes and tax related revenues are estimated to increase 3.26% or \$1,460,780 to support current mill rate. The overall increase in the tax mill rate is 3%.
- State and Federal Grants are formula based revenues, primarily from the State, that offset reduced tax revenue or provide relief from certain expenditures. Based on assumptions we have made using the Governor's proposed budget the revenue stream from the State will be increase by 153.29%, in the amount of \$313,370. This is mainly due to increases in the Municipal Stabilization Grant for \$274,106, the reinstatement of the PILOT grant \$24,569, the Disability \$1,395 and Veteran's reimbursements for \$8,300 as well as minor increases in other grants that we anticipate to receive in 2019-2020. The State revenue is highly volatile and is subject to mid-year budget adjustments and Legislative decisions.
- Licenses, Permits and Fees represent fees set by Charter, Code and Policies which include building permit fees, zoning permit fees, pistol permits, library fees, DMV reporting fees and other fees. This year Licenses, Permits and Fees will increase revenue by \$20,000 or 8.39%. Building permit revenue is expected to decrease by \$25,000.
- Charges for Current Services represent payments for routine services such as document recording, ambulance service, recyclable
 revenues and rents. Projections for these revenues are expected to decrease a total of \$33,000 or 9.25%. The decrease is mainly due to the
 contractual elimination of recycling fees for \$43,000 offset by increases in other minor service fees.
- Interest on investments and other are expected to increase by \$100,000. There has been an upturn in interest rates. The average interest rate is currently at 2% significantly higher than the 1% as of last year. We also instituted a new banking product for our idle cash in checking accounts waiting for checks to clear. This product allows us to maximize interest earnings as well as a better rate to offset banking costs.
- Education Grants are funds provided by the State on a formula basis. The FY 19-20 for Adult Education and ECS is estimated at \$8,875,986 or a reduction of 8.92%. The decrease in funding is a result of the reduction in ECS funding in the amount of \$869,962. The State has a phase in ECS reduction funding plan. This plan originally phased in the reduction to ECS over 10 years. We had originally anticipated losing \$320,653 however, the Governor has proposed to accelerate the phase in by cutting the amount by 25% each year through FY 2022.
- Contribution from Fund Balance is used with discretion and in keeping with financial policies that recommend a level of 10% or more. In fiscal year 2019/2020, use of Fund Balance is projected at \$300,000 to offset other one time expenditures included within the budget, but still keeping fund balance close to the 10% benchmark. This amount reflects a decrease of \$390,000 over FY 18-19. The decrease is due to the one-time use of funds are to be turned back to the General Fund and used in FY 18-19 to offset the increase in the Trooper Services. These funds are not available for FY 2019-2020.

TRENDS IN GENERAL FUND REVENUE SOURCES

The above table illustrates the percentages of the budget funded by various revenue sources over ten years. The most striking feature of the breakdown of revenue is the extent to which the Town budget is dependent on just two sources: local property taxes and State and Federal Aid. Most grants are formula driven and therefore are affected not only by total state-wide funding levels, but also by numerous variables such as the Town's population, the Town's Grand List relative to other towns, income levels relative to other towns, student enrollment figures, and various demographic characteristics. Other sources, which are comprised of licenses, permits, charges for current services, interest income and miscellaneous income, have varied slightly over the last five years due to changes in the housing market and economy. This decrease coupled with a decline in grant revenue has put an additional burden on property taxes.

Assessments and Property Taxes

As required by state statutes, the 2018 Grand list has been completed. The Town Clerk's Office received the signed list on 01/31/2019. The net taxable list before the Board of Assessment Appeals is \$1,282,255,811. This represents a net increase of \$3,787,803 or .296%. This change in the Grand List will result in an increase of \$132,573 in actual tax dollars based on the FY 18-19 mill rate of .035 for Real Estate, Personal Property and Motor Vehicles.

The 2018 real estate net assessments of \$1,113,045,482 increased by \$2,253,208 or .2%. The total number of real estate accounts decreased slightly to 6063 with several additions and subtractions. Real estate comprises 87% of the grand list. The residential portion is 79% with commercial and industrial properties making up 8% of the list. The increase is due to growth from new residential construction and discovery. We also had a decrease in elderly exemptions.

The net assessment of vehicles registered in Tolland is \$129,751,295. This represents an increase in value of \$2,079,680 or 1.63%. The total numbers of listed vehicles decreased by 88. Despite the decrease in vehicles, there was a significant increase in new, higher valued vehicles. Motor vehicle assessments represent 10% of the 2018 grand list.

The net assessment of personal property is \$39,459,034. This represents a decrease in value of \$545,085 or 1.36%. The total numbers of accounts decreased by 3 with several additions and small business losses. Personal property represents 3% of the grand list. The decrease in value over the previous list is mostly due to lack of projects and heavy machinery in town. The 2018 grand list reflects the 100 % exemption of all newly purchased manufacturing equipment.

All figures are subject to change by action of the Board of Assessment Appeals which will meet during the month of March, 2019 for adjustment on the 2018 grand list and 2017 motor vehicle supplemental list.

The total of all exempted real estate is \$138,909,040.

The current 2017 Grand List totals compared with 2018 Grand List totals are as follows:

| Assessment | 20 | 17 Grand List ** | 20 | 018 Grand List * | % of 2018 List | S Change | % Change |
|-------------------|----|------------------|----|------------------|----------------|-----------------|----------|
| Real Estate | \$ | 1,110,792,274 | \$ | 1,113,045,482 | 86.8% | \$ 2,253,208 | 0.20% |
| Motor Vehicle | \$ | 127,671,615 | \$ | 129,751,295 | 10.1% | \$ 2,079,680 | 1.63% |
| Personal Property | \$ | 40,004,119 | \$ | 39,459,034 | 3.1% | \$ (545,085) | -1.36% |
| TOTAL | \$ | 1,278,468,008 | s | 1,282,255,811 | 100.00% | \$ 3,787,803 | 0.296% |

^{*} Before BAA adjustments.

Section 12-62s of the General Statutes mandates assessment of all property at 70 percent of fair market value in the year of revaluation (i.e., a property with a fair market value of \$100,000 would be assessed for tax purposes at \$70,000).

^{**} After BAA adjustments.

Top Ten Taxpayers

Reliance on a single commercial/industrial taxpayer is irrelevant to the Town of Tolland since the largest taxpayer only accounts for 1.22% of the grand list. The Town makes a smart growth effort to welcome new enterprises into the Town to increase its real estate base. The list below represents the top ten taxpayers.

TOWN OF TOLLAND, CONNECTICUT PRINCIPAL TAXPAYERS-2018 GRAND LIST

| | NAME | NATURE OF BUSINESS | TAXABLE VALUATION | OF NET TAXABLE GRAND LIST (1) |
|----|--|---------------------------------------|-------------------|-------------------------------------|
| 1 | Connecticut Light and Power (Eversource) | Public Utility | 15,595,270 | 1.22% |

| | | | | |

⁽¹⁾ Based on net taxable Grand List, unadjusted, October 2018

Source: Assessor's office (includes Real Estate/Personal Property/Motor Vehicles)

Actual growth in the Grand List refers to new construction and expansions, or new commercial property and vehicles on the Grand List. This is different from changes in the Grand List that occur as a result of revaluation. Revaluation is a valuation of all existing property that occurs on a scheduled basis every four to five years (though the spacing between revaluations can vary). When a new building is constructed or expanded, or when a business purchases additional equipment, that is actual growth in the Grand List which generates additional revenue.

Tax Rate and Motor Vehicle Tax Cap

Current State Statutes require motor vehicles to be capped at 45 mills. The Town is not separately breaking out and capping motor vehicles at the higher mill rate. Motor vehicles will be calculated in the same manner that we have done in previous years without hitting the 45 mill cap.

The amount of tax to be raised next year by General Fund for Real Estate, Motor Vehicles and Personal Property is \$45,869,030. The value of one mill is \$1,272,372 based on a 99% collection rate. The fiscal year 2019-2020 mill rate is 36.05 mills.

Intergovernmental - State and Federal Grants

The Town of Tolland, similar to other towns, relies on grants to supplement its revenue. The estimated allocations to Tolland are based on the Governor's budget proposal with the exception of estimated Education Cost Sharing (ECS) funds. Most of the revenue estimates provided by the Governor's proposed budget were used by the Town Manager in his proposed Fiscal Year 2019-2020 projection. The ECS funds are being estimated with a proposed reduction of \$869,962 in accordance with the Governor's revised ECS reduction plan. Most of the State grants are statutory formula grants to be paid to the Town based on projected local expenditures. Actual revenue may vary significantly from the estimates based on audited final expenditures. State revenues are always subject to change depending on the status of the State budget.

The chart below represents actual figures up to fiscal years 2016-2017, 2017-2018 and budgeted numbers for fiscal years 2018-2019 and 2019-2020.

Other Sources of Revenue

Licenses, Permits and Fees, Charges for Current Services, Investment Income/Other revenue and Contribution from Fund Balance represent 1.89% of the total 2019-20 Budget.

Revenue Descriptions

Property Taxes

- 110-10 Current Taxes property taxes due for current fiscal year.
- 110-20 Prior Year Taxes property taxes due for up to fourteen previous fiscal years.
- 110-30 Interest and Lien Fees interest applied to delinquent tax payments and lien charges on real estate property for the release of filing in the Town Clerk's Office.
- 110-39 Motor Vehicle current motor vehicle taxes due for current fiscal year capped at 45 mills. Tolland will only bill out at 36.05 mills.
- 110-40 Motor Vehicle Supplement property tax levied on motor vehicles, not included on the October Grand List.
- 110-50 Suspense tax collections received from personal property that have been removed from active receivables.
- 110-60 Telecommunications Access state imposed payments from telecommunication vendors in lieu of property taxes.

State & Federal Grants

- 210-20 Elderly Circuit Breaker a tax relief program for the elderly who meet certain income requirements. Relief takes the form of a credit on an eligible person's tax bill up to a maximum of \$1,250 yearly.
- 210-50 State Property Pilot amount paid on State property within Town, in lieu of property taxes.
- 210-60 Interest Subsidy State reimbursement for interest costs associated with eligible school construction prior to progress payments.
- 210-70 Bond Subsidy State reimbursement for principal costs associated with eligible school construction prior to progress payments.
- 211-00 Youth Services Grants to assist with provision of youth services programs.
- 211-30 Civil Defense Grant 50% reimbursement for cost of Emergency Preparedness Officer. Increase requested for this fiscal year.
- 211-40 Mashantucket Pequot percentage of State proceeds from the Mashantucket Pequot and Mohegan slot revenues.
- 211-50 Miscellaneous includes parking, speeding fees and Hockanum Valley Community Council grant.
- 211-60 Disability Grant partial reimbursement for disability tax exemptions.
- 211-70 Veterans partial reimbursement of Veterans tax exemptions.
- 211-80 Property Tax Relief Grant distribution of State sales tax and State's portion of the Property Conveyance tax.
- 211-90 Town Clerk Preservation Grant reimbursement for record preservation which is applied for, on an as needed basis, by the Town Clerk.

Licenses, Permits & Fees

- 310-20 Building Permit Fees fees collected for issuance of building permits as required by law. \$30 for first \$1,000 of assessed value, \$15 for each \$1,000 thereafter for anything requiring permit.
- 310-30 Zoning Permit Fees fees collected for issuance of zoning permits.
- 310-40 Fines, Fees and Licenses miscellaneous fees collected in various departments in Town.
- 310-50 Pistol Permits permit required to carry firearms in Town.
- 310-70 Town Clerk Fees maps (\$10 or \$20), liquor permits (\$2), trade name certifications (\$5).
- 310-80 Library Fees fees for overdue books, videos, lost cards and lost books.
- 310-90 Counseling Fees fees to see a Town Counselor.
- 310-95 DMV Reporting Fee \$5 delinquent MV fee.

Charges for Current Services

- 410-10 Planning and Zoning and Inland Wetlands & Watercourses Commission zoning applications and subdivisions.
- 410-20 Rents/PILOT payment from Senior Housing complexes in lieu of taxes and rental fees for towers.
- 410-30 Property Conveyance Tax levied on property transfers.
- 410-40 Document Recording Fees \$53 first page (\$2-Town Clerk, \$3-Town Preservation, \$38-State, \$10-General Fund), \$5 additional for recording land records (warranty deeds, liens, sales).
- 410-50 Map and Copy Sales \$1 per page and \$2 per certification (Town Clerk).
- 410-55 Town Preservation \$3 per document Agricultural (Land).
- 410-60 Zoning Board of Appeals fees for zoning appeals.
- 410-70 Public Safety Services administration fees charged for each hour of public safety work.
- 410-80 Solid Waste Fees/Bulky Waste Fees monthly payments from Willimantic Waste for recyclables.
- 410-86 Sewer Fees overhead charges for financial administration of sewer activities.
- 410-90 Ambulance charges for ambulance services up to the budgeted amount with the balance going to Public Safety Capital Equipment Account and to offset a portion of the Fire Clerical salary and benefit costs.
- 410-95 Tuition payments from other Towns for their students to attend Tolland Schools.

Investment Income

- 510-10 Interest Income income on investments or deposits.
- 510-30 Other Revenues/Miscellaneous Revenue sale of surplus equipment and unanticipated revenues.

Education Grants

- 610-20 Transportation Grant formula grant to assist Town with pupil transportation costs.
- 610-30 Adult Education Grant grant from Department of Education, reimbursed on a sliding scale similar to the Transportation Grant.
- 610-40 ECS Education Grant grant funding distributed according to the spending needs of the school, per statutory formula.
- 610-50 Aid to the Blind grant to assist with the costs associated with special education of blind students.
- 610-70 Other Grants Medicaid payments.

Contribution from Fund Balance

710-10 - Contribution from Fund Balance - transfers made from unassigned General Fund balance.

EXPENDITURES

Overview

There are four major expenditure categories budgeted for FY 2020: Town Operating, Board of Education Operating, Debt Service, and Capital Improvements.

COMPARISON THREE YEARS EXPENDITURES

The chart below represents Tolland's four major expenditure components of the budget.

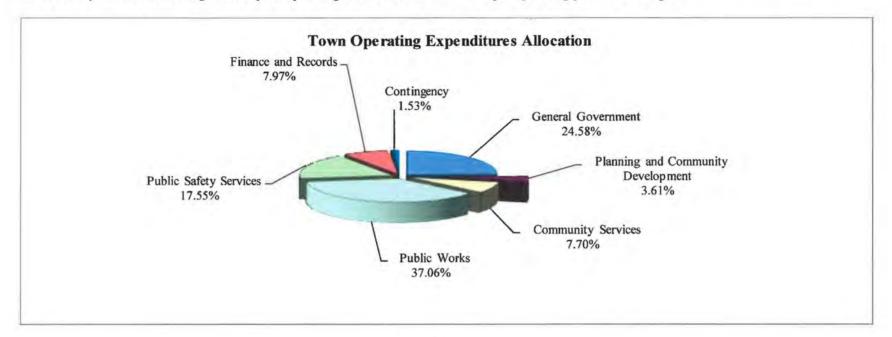

The graph below represents current budget decreases by major expenditure categories.

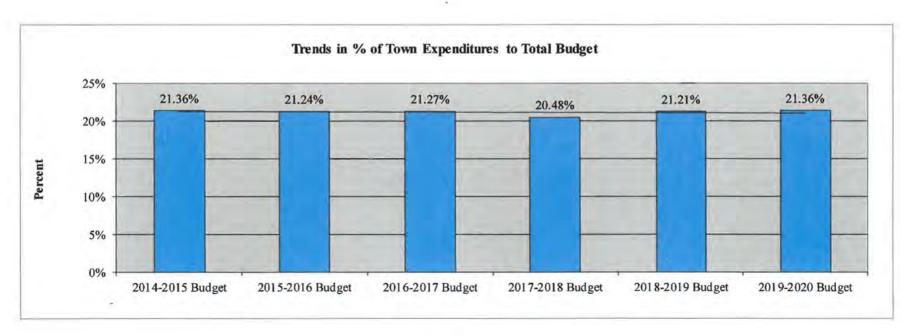

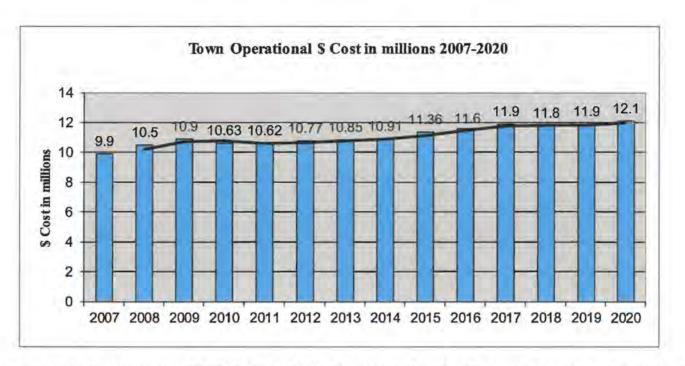

The chart below illustrates the appropriations made to each of these areas throughout the past six years.

Town Operating budget is proposed in the amount of \$12,126,082. This is an increase of \$209,898 or 1.76% from the adopted budget for the 2018-2019 fiscal year. The following chart depicts spending distribution in the municipal operating portion of budget.

- General Government budget increased overall by \$42,390 or 1.44%. The primary drivers of the increase are due to an increase of \$27,343 in employee health insurance. FICA and Medicare increased by \$18,000. Pension costs increased by \$2,843. These increases are related to the associated costs of annual wage increases as well as the addition of the Town Engineer position. These increases were partially offset by a decrease in Worker's Compensation by \$12,856.
- Planning and Community Development budget increased overall by \$21,725 or 5.23%. Most of this increase was due to an increase for wage increases in the amount of \$3,256 and an increase in Professional Services by \$16,300. \$13,500 of this increase is due to hire a consultant to update the zoning regulations that will be required under the new Plan of Conservation and Development that will be adopted by October 2019.
- Community Services budget increased by \$15,689 or 1.71%. The major impact is from the increase was mainly due to increases in the Recreation Department and the Human Services Department. In Recreation, Professional Services was added for \$3,000 for the Celebrate Tolland Celebration. Utilities were also increased by \$9,000 (phase 1) as part of a 3 year phase in plan to have all the utilities be absorbed by the general fund for the Recreation Department. A couple of years ago the utilities budget was reduced in order to ease the burden on the general fund budget with the understanding that the funds would be replenished in future years. The Recreation Program Fund has been absorbing most of the cost for the utilities. This fund will be substantially reduced for allocations for future capital projects and program needs and those expenditures now need to be moved back to the general fund budget pursuant to the original plan. Also, there is an increase for the Visiting Nurses program by \$3,500. There were other minor increases and decreases that offset the total budget change.
- Public Works budget, which is the largest operating budget, increased by \$84,361 or 1.91%. The contributing factors to this increase are
 described below per department within this division.

The overall budget in **Streets and Roads** increased by \$15,401. There was an increase of \$10,000 in the line item for catch basin cleaning in order to comply with CT DEEP's MS4 Program. We have to clean and inspect catch basins on an annual basis and contract for sealed dumpsters so the materials can be hauled to an approved site for disposal as mandated. Another increase was due to an estimated increase in our overtime account in the amount of \$1,878. There is an estimated increase in our utility account of \$6,256 partially due to the new Highway Garage addition. The Town will no longer have to haul away the wash bay water that had to be held in tanks for disposal. This generates a savings of \$3,850. There were also savings of \$3,902 due to lower diesel and gasoline pricing.

The decrease in **the Refuse and Recycling** budget of (\$5,870) is primarily due to contractual collection fee increases \$14,891, a change in the Tonnage Fee causing an increase in the Refuse Disposal line item \$7,526, and eliminating one free bulky waste pickup (\$28,588).

The increase of \$75,886 in the **Engineering Services** is due to the transition back to an on staff Engineer. We had lost our Engineer and had difficulty replacing the position and outsourced limited projects. The market appears to be getting better and we are hoping to finally fill that position to manage all the demands that require a full time Engineer.

Public Safety Services budget decreased by \$10,900 or -.51% resulting from a combination of increases and decreases in the Law Enforcement,
 Fire Suppression, Fire Prevention, Ambulance and Canine Control budgets.

Law Enforcement decreased by \$66,291. This is mainly a result of the new officers that were added pursuant to the Police Study coming in at a lower salary than had been planned. This amount is subject to change if we have a change in officers that could either increase or decrease the cost based on their associated wages for their position.

Fire Prevention increased by \$8,062 mainly due to the position reclassification for the Fire Marshal.

Fire Suppression increased by \$33,245 is mainly due to the impact of the Fire staff positions that were reorganized. There were also increases in repairs, service contracts and required training programs.

Ambulance Services increased by \$21,097 mainly due to \$15,036 in negotiated wage increases and position reclassifications. There were also increases for mandated training requirements, service contracts and software price increases.

Finance and Records budget increased by \$15,508 or 1.63% overall mainly due to various departmental changes.

Assessment Services has an increase of \$3,279 mainly due to an increase in negotiated salary costs. There were also increases in the cost for pricing guides that are required to value property.

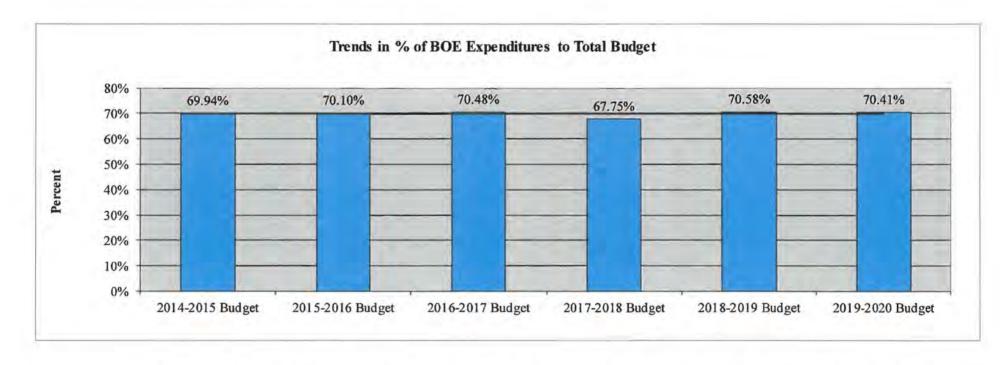

Accounting Services has an increase of \$9,486 mainly due to an increase for negotiated wages and an increase in the software maintenance contract for the financial system.

Revenue Services has an increase of \$3,631 due to negotiated salary increases and overtime/seasonal assistance reallocated from the contingency account.

Town Clerk has a minor increase of \$853 due to negotiated salary increases offset with reductions for printing and code updates.

Registrar of Voters decreased by \$1,741 due to the reduction in printing costs.

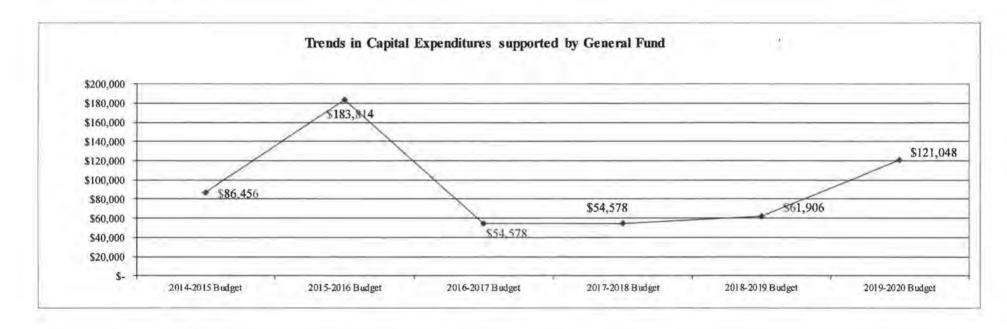

- Contingency program budget increased by \$41,125 or 28.44%. This is attributed to the increase in the Personnel Adjustment line item due to
 funds that are being budgeted for non-settled union contracts.
- Board of Education operating budget represents 70.41% of the total Town of Tolland budget. The funding level for the Board of Education increased by \$332,998 or .84% to \$39,975,605. The Town Manager and the Superintendent of Schools communicated very closely during the development of the Board of Education Budget.

Debt Service budget will remain flat for the next two years and then will increase by \$100,000 for a few years to allow for savings to be deposited into the Debt Service Fund to offset future debt requirements. The fund was established in order to minimize the impact of the fluctuating debt on the general fund budget as part of our Debt Management Plan. The Debt Management Plan is an important tool for forecasting debt issuance for capital projects and/or acquisition of land not supported by grants or other revenues. For more detail see the Debt Service tab. Current debt expenditures are presented at the actual level and include funding that will be transferred to and from the Debt Service fund to offset the impact of the future increased debt expenditures as part of the overall debt management plan.

Board of Education Teachers' Retirement Contribution is \$0 for this year. Going forward, the Town may be mandated by the State to make annual contributions to the Teachers' Retirement Pension. The Governor's plan is to shift at least 25% of the normal teachers' pension cost from the State to the Towns, and phase it in over three years. As of the preparation of this budget the Legislature has not completed their budget process, however, they are proposing not to include this requirement for their budget. The Town Council decided to exclude the funding for this item.

Capital Improvements budget of \$121,048 increased by \$59,142 which is .21% of the total budget compared with last year which was only at .11% of the overall operating budget. It is important to keep up with capital expenditures even when revenues are tight. Through a combination of planned debt issuance, use of various grant funding resources and budgeted use of the general fund, the Town is addressing a significant amount of future capital needs with a minimal impact of tax burden on our citizens. A detail of the capital projects and equipment recommendations for next year can be seen in the Capital Improvement Plan.

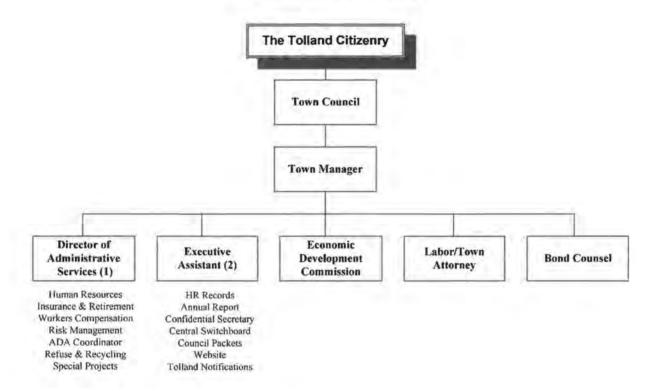

GENERAL GOVERNMENT

General Government provides the overall leadership and oversight for the operations of the Town of Tolland. The Town Council establishes policies that guide the direction of the Town and ensure the optimum delivery of services to residents in the most cost effective manner. The Town Manager provides general supervision of all Town departments, which collectively staffs 84 employees, and carries out the Town Council's directives. The Office of the Town Manager handles all human resource issues and other administrative services which include recruiting for vacant staff positions, policy analysis and risk management. The Economic Development Commission's purpose is to assist and promote economic development of the Town for the public welfare, which includes business retention, outreach, as well as business development and relocation. The other departments within this Division provide services that benefit the employees and the Town as a whole including Employee Benefits, Information Technology and Telecommunications, Insurance and Legal Services.

General Government Organization Chart

| PROGRAM | TOWN COUNCIL | 100-00 |
|---------|---------------|--------|
| | 4 2 17 2 17 2 | |

Program Explanation:

Under the Council-Manager form of government prescribed in the Town Charter, the Town Council is the legislative or policy determining branch of the municipal government. This legislative body is composed of seven members who are elected at-large for two-year terms. The Town Council provides the oversight and leadership required to establish policies that guide the direction of the Town and ensure the optimum delivery of services to residents in the most cost effective manner possible. The policies that are established by the Town Council are delegated to the Office of the Town Manager for execution.

Budget Change Commentary:

The Council's budget increased overall by \$310 mainly due to a slight increase in Professional Services for the videographer.

Program Objectives and Goals FY 2020:

- Achieve cost savings and operational efficiencies by sharing additional services among Board of Education and Town departments, and by identifying
 cost savings and cost avoidance measures
- Achieve cost savings and operational efficiencies by sharing additional services with neighboring towns and by identifying cost savings and cost avoidance measures
- . Bring several key initiatives to successful resolution including: POCD, Public Works Garage, Town Manager search and Parker School Senior Housing
- Implement an economic development strategy for Tolland including the Tolland Village Area, the Technology Campus Zone and the Commercial Industrial Zone
- · Continue to foster a collaborative environment with other boards and commissions
- · Identify budget contingency plans for unexpected change in revenue
- . Continue to actively engage with legislative delegation to advocate for Tolland residents and businesses
- · Identify mechanisms to work with civic organizations to achieve town goals through volunteer efforts
- · Enhance communications with residents
- · Advocate for public policy in support of residents with crumbling foundations
- Manage our debt service in such a way that the Town has the ability to pay as we go as an option

Program Accomplishments FY 2019:

- Continued Prescription Discount Card program for Tolland residents saving residents more than \$414,000
- Continued to support reasonable development in the Tolland Village Area
- Adopted a Budget with limited expenditure increase
- Approved Charter changes
- Started Shared Services Ad Hoc Committee

| PROGRAM | TOWN MANAGER | 110-00 | |
|---------|--|--------|--|
| | The state of the s | | |

Under the Council-Manager form of government prescribed in the Town Charter, the Town Manager is appointed by the Town Council to serve as its Chief Executive Officer. As such, he/she is responsible for overseeing the Town's daily operations. Responsibilities include, but are not limited to, overseeing the execution of all the ordinances, regulations and policies adopted by the Town Council; development and execution of the annual operating and capital budgets and a 5-Year Capital Improvement Plan; and maintaining regular communication with the Town Council, the various boards and commissions, Town staff and the residential and business communities.

Budget Change Commentary:

The Town Manager's budget has an overall increase of \$1,149 due primarily to an increase in the Payroll account of \$1,424 for 18/19 raises and minor decreases in Service Contracts and Printing.

Program Objectives and Goals FY 2020:

- Develop Town budget in environment of fiscal instability at the State level to ensure if there must be an increase it is defensible and to an extent, possible current services are maintained Council Goal
- Oversee completion of capital projects proposed for FY2019
- Aggressively pursue grants that will enhance the quality of life in Tolland
- · Continue to improve the content on the Town's website and other Social Media venues Council Goal
- Complete the Parker School/Senior Housing project Council Goal
- Offer meaningful support and partnership with the Economic Development Commission and the Planning and Zoning Commission for smart and appropriate development of the Tech Zone and the Tolland Village Area – Council Goal
- Continue to incorporate concepts of and best practices in regionalization into our work to find efficiencies wherever possible Council Goal
- Work closely with the Board of Education on their goals for the school system as a whole, and especially in regard to critical infrastructure and building/facility improvements
- Ensure the sustainability of programs predicated on the State of Connecticut budget and its impact on municipal support Council Goal
- Complete work on the Highway Expansion Project

- Produced a budget for FY2019 which limits expenditure increases
- · Developed a Town Budget which was acceptable to the Town Council and residents
- · Worked to provide residents with information on Crumbling Foundation resources
- Worked with Town Council to begin transition to New Town Manager for 2019
- Worked with Town Council and BOE on BOE 1% Reserve Fund revised ordinance

| PROGRAM | ECONOMIC DEVELOPMENT COMMISSION | 120-00 |
|---------|---------------------------------|--------|
| | | |

The purpose of economic development is to enhance the Town's tax base by increasing business property investment. The Town Manager appoints members of the Economic Development Commission who, in turn, elect a chairperson. The Economic Development Commission works with the Town Manager's Office to plan, organize and administer an economic development program and promote the orderly growth of the Town's business resources. The staff of the Division of Planning and Community Development also plays a significant role in this process by assisting private developers and business oriented groups with achieving their goals for growth within existing zoning requirements.

Budget Change Commentary:

The program budget remains the same as FY 2019.

Program Objectives and Goals FY 2020:

- Continue to assist and promote economic development in Tolland specifically the Tolland Village Area and Technology Zone Council Goal
- Continue to work with parties looking for sites or buildings to locate their businesses
- Establish relationships with local business owners, real estate agents and others involved in business development in Tolland
- Conclude the regional economic development action plan and begin implementation
- Engage a Consultant to assist with Town-wide Economic Development activities Council Goal
- · Compile and provide information about Tolland to market the community
- . Continue to advise the Town Council and Planning and Zoning Commission on economic development related matters

- · Attended workshops related to the Plan of Conservation and Development update and provided input
- Continued to conduct in-person surveys of businesses
- Provided input to the Planning and Zoning Commission on zoning regulations amendments and development applications

| PROGRAM | HR ADMINISTRATION | 130-10 |
|---------|--|--------|
| | The state of the s | |

This program of spending provides funding for personnel administration activities. The personnel related activities funded by this program include advertising for employment vacancies, legal notices, training and development and books and subscriptions for various human resources and legal publications.

Budget Change Commentary:

The overall budget increased \$940. This is due to a decrease in Professional Services of \$1,513 and an increase in the Payroll account of \$2,453 for 18/19 raises.

Program Objectives and Goals FY 2020:

- · Continue to update various Human Resource policies as needed
- As necessary, recruit and fill various vacant staff positions
- · Implement personnel changes consistent with proposed FY2020 budget

Program Accomplishments FY 2019:

- Recruited and filled vacant full-time and part-time positions including: Asst. Town Clerk, Laborer, Library Circulation Asst. (2), Fire Captain and Tax Account Clerk
- ICMARC representatives met with employees relating to pension investments
- · Working with Safety Committee developed solutions for safety issues
- · Staffed Charter Revision Commission
- Helped coordinate launch for new Town Manager selection process

| PROGRAM | HR BENEFITS | 131-11 |
|-------------|-------------|--------|
| 4 9 1 1 1 1 | | 0.0 |

The Benefits Program is a subcategory of the Human Resources and Benefits Administration budget. This program provides funding to satisfy various federal mandates and contractual requirements. F.I.C.A. (Federal Insurance Contributions Act) is funded through this line item. Funding is also provided for contributions towards the Medicare Program. The Town's primary retirement pension plan, a 401(a) plan offered through the ICMA Retirement Corporation, is also funded through this program. Full-time employees are required to contribute 2.5% of their income to this plan to which the Town provides a matching contribution of 6%. Employees become fully vested after a five-year waiting period. The Town also uses an Alternative to the Social Security Program also known as a 3121 Program. Under this program, temporary, limited and seasonal employees do not contribute to Social Security; instead they contribute to an annuity. Also included in this program is funding for various insurance programs that are provided as a benefit and statutorily required. The insurance coverage provided includes: Workers' Compensation, Unemployment Compensation, Health Insurance and Life Insurance. Long-term disability insurance is provided for management employees only.

Budget Change Commentary:

Overall, this program increased by \$40,047. Although our Health Insurance rates are only increasing by 1.9%, the primary driver of the increase is Health Insurance census changes, FICA and Pensions offset by a reduction in Worker's Compensation costs. Increase in Post-Employment Benefits (OPEB) is offset by reduction in retiree costs.

Program Objectives and Goals FY 2020:

- Review health insurance and make revisions that maintain quality insurance benefits for employees at a reasonable cost Council Goal
- Report 100% of Worker's Compensation cases within 3 days
- · To keep health insurance claims at a manageable level
- To keep Worker's Compensation claims at a manageable level
- Continue to implement and expand comprehensive wellness program for employees

- ICMA meetings held with individual employees related to pension investments
- Expanded OSHA workplace training
- · Continued Wellness program for all employees
- Participated in ECHIP subcommittee for wellness planning
- · Alternative Social Security Program resulted in a savings of approximately \$22,000 to the Town in the prior fiscal year

| PROGRAM | MISCELLANEOUS SUPPORT SERVICES | 140-00 |
|---------|--|--------|
| | A strain a decrease at the second of the sec | |

The purpose of the Administrative Support Services program is to provide funding for services and equipment required to support effective communication and administration throughout the organization. The program provides funding for service contracts on central office equipment, such as copiers and the postage machine, and maintenance and fuel for "pooled vehicles". It also funds postage and general office supplies.

Budget Change Commentary:

The budget request this year is \$1,337 less than FY 18-19 due to a decrease in fuel costs

Program Objectives and Goals FY 2020:

· To provide the necessary administrative support for employees to help them accomplish their goals effectively and efficiently

Program Accomplishments FY 2019:

· Provided support services, such as postage, office machines and phones for entire office staff

| PROGRAM | INFORMATION TECHNOLOGY/TELECOMMUNICATIONS | 140-10 |
|---------|---|--------|
| | | |

This program provides for immediate and uninterrupted information and communication via current technology. To accomplish this goal it is necessary to provide for maintenance and upgrades of computer hardware and software, telephone system, web page and network. The Town currently contracts for 19 hours per week with the Town of South Windsor's IT Department to provide regionalized Information Technology Support Services.

Budget Change Commentary:

Although the budget increased by \$229 there were savings in telephone costs for various line eliminations and also less software costs this year due to software maintenance costs that only have to be paid in alternating years. The savings in these areas will allow for the normal replacement of office computers that are becoming obsolete and require replacement.

Program Objectives and Goals FY 2020:

- To provide uninterrupted communication services via computers and phones
- . To upgrade software, equipment and technology as recommended in the Information Technology Plan
- Regionalize technology efforts where possible Council Goal
- · Timely responses to requests for troubleshooting

- · Provided timely responses to requests for trouble shooting
- · Upgraded server hardware pursuant to the Technology Plan
- Completed the mirrored storage and off-site server phase of the Information Technology Plan
- Continued with our regionalized Information Technology Support Services with the Town of South Windsor Council Goal

| PROGRAM | TOWNWIDE INSURANCE | 150-12 |
|---------|--------------------|--------|
| 0.00 | | |

This program of spending provides funding for the various types of general liability insurance coverages currently held by the Town. The specific insurance program funded through the General Townwide Insurance program is the General Liability Policy that includes both an excess liability and public officials policy. A Miscellaneous line item is also included to fund deductibles and endorsements.

Budget Change Commentary:

The cost of insurance has increased by \$6,052 due mainly to an increase in property and liability insurance.

Program Objectives and Goals FY 2020:

- · Report 100% of Property and Liability claims within 3 days
- · Continue to obtain third party reimbursement of damages to Town property
- · Continue to assess risk exposures in Town facilities and take remedial action
- · Review current insurance policies and implement cost saving measures where possible Council Goal

- · Worked with CIRMA and town departments to coordinate property and workers compensation claims
- Property and liability claims dropped from 19 in FY2011 to 13 in FY2018
- Completed WC Assessment for Town's insurer CIRMA
- Working with Safety Committee developed solutions for safety issues

|---------|---------------------------------|-------------|
| | | F 1-1-40, 1 |

This program of spending provides funding for fire related insurance coverage. The three items specifically funded are General Fire Coverage, Fire Umbrella Coverage and Volunteer Accident Coverage.

Budget Change Commentary:

The budget is remaining flat from the prior fiscal year.

Program Objectives and Goals FY 2020:

- Report 100% of Property and Liability claims within 3 days
- · Review current policies and implement cost saving measures where possible Council Goal

- Continued to review policies for overlap with other Town insurance policies
- · Small number of claims reported in prior fiscal year

| PROGRAM | LEGAL SERVICES - TOWN ATTORNEY | 160-15 |
|---------|--------------------------------|--------|
| | | |

The Town Attorney provides the Town Manager and other Town officials with comprehensive advice regarding a range of legal topics. The Town Council appoints the Town Attorney for a two-year term. The Town Attorney serves as the primary legal advisor to the Town Council, Town Manager, Town officials and the Town boards and commissions. This attorney prepares legal opinions, deeds, easements, contracts, ordinances, resolutions and other legal instruments on an as needed basis. The Town Attorney also represents the interests of the Town in matters of litigation including such actions as condemnations, appeals from decisions by regulatory boards and commissions and lawsuits. Mr. Richard "Rick" Conti of the law offices of Diana, Conti & Tunila was appointed as the current Town Attorney in 2003.

Budget Change Commentary:

The Town Attorney budget is \$5,000 lower than the prior fiscal year. This is due to a reduction of \$5,000 in Charter Revision Commission legal expenses.

Program Objectives and Goals FY 2020:

· Continue to provide counsel and guidance on legal matters to the Town Council, Town Manager and Town departments

- Handled tax appeals
- · Reviewed various contracts for the Town of Tolland
- · Handled numerous planning and zoning legal issues

| PROGRAM | LEGAL SERVICES – PERSONNEL | 160-19 |
|---------|----------------------------|--------|
| | | |

Labor Counsel serves as chief spokesperson in labor negotiations and provides Town officials with advice concerning non-routine aspects of labor relations. These aspects include the disposition of advanced stage grievances. The Labor Attorney is also instrumental in providing information and counsel to Town administrators throughout contract negotiations with the Town's three labor unions. Town employees are represented by the Teamsters, CSEA (Connecticut Service Employees Association) and IAFF (International Association of Fire Fighters). Management and confidential employees are not represented. Labor Counsel services are provided by Mr. Patrick McHale of Kainen, Escalera and McHale.

Budget Change Commentary:

The labor counsel services budget is remaining the same as the prior fiscal year.

Program Objectives and Goals FY 2020:

- · Settle any non-routine labor relations issues
- · Update Personnel Policies and Procedures as needed
- · Complete negotiations with two unions for successor agreements

- Helped successfully settle union grievances
- · Negotiated agreement with CSEA union employees for continued 4-day workweek
- · Started preparation to negotiate union successor agreements with CSEA and Teamster unions

| PROGRAM | PROBATE SERVICES | 170-00 |
|---------|---|--------|
| | Part of the state | |

The Probate Court operates in accordance with the General Statutes of the State of Connecticut. The court has jurisdiction over the probate of wills and the administration of the estates of deceased persons domiciled in the towns of Tolland, Willington, Coventry and Mansfield. Adoptions, parental rights matters, guardianship, conservatorship, trust estates, commitments, marriage waivers and name changes are all within the province of the Probate Court. Residents of Tolland, Willington, Coventry and Mansfield elect the Judge of Probate for a four-year term. The towns, by statute, must support the court by providing office space and by funding office expenses. The expenses of the court are shared by the four towns in the probate district. The allocation is based on the grand list of each town.

Budget Change Commentary:

No change from the previous budget year.

Program Objectives and Goals FY 2020:

- Continue to provide prompt, effective and courteous service to the residents of Tolland, Mansfield, Willington and Coventry, who require probate services
- Continue to improve efficiencies while responding to the public's needs in a timely manner and complying with statutory requirements and State
 mandated requirements for recording and storing documents
- Retain a weighted workload goal of 2,500-2,600
- · Weighted Workload figures will be based on a comprehensive fiscal year figure rather than a six month figure

Program Accomplishments FY 2019:

- The Tolland-Mansfield Probate Court continued to provide prompt, effective and courteous service to the residents of the four towns
- · Stay current with changing statutory and State mandated requirements by attending seminars and training sessions
- Weighted Workload has raised about 200 points. Raise in weighted workload is mainly due to efforts in back-scanning and correcting data input i.e.,
 opening cases that were worked and completed but not entered into our Court Management system correctly

| Performance Data | Actual 2015-2016 | Actual 2016-2017 | Actual 2017-2018 | Estimated 2018-2019 | Anticipated 2019-2020 |
|-------------------|------------------|---------------------|---------------------|------------------------|--------------------------|
| Weighted Workload | 1,025 | 2,321* | 2,591.5* | 2,600 | 2,600 |

^{*}Actual weighted workload for Fiscal year 2017 was 2321 (July 2016-June 2017) not 1,100 as previously reported. I have fixed the figure to reflect a comprehensive FY figure, not a six-month figure.

Actual weighted workload for Fiscal year 2018 was 2,591.5(July 2017-June 2018) not 1,175 as previously reported. I have fixed the figure to reflect a comprehensive FY figure not a six-month figure.

PLANNING AND COMMUNITY DEVELOPMENT

The Division of Planning and Community Development provides planning, zoning, health, inland wetlands and building inspection services to residents and businesses of the Town. The Division employs a Director of Planning and Community Development and a Building Inspector. Effective May 1, 2000, the Town joined the Eastern Highlands Health District to share sanitarian services with the Towns of Mansfield, Coventry and Bolton. Since that time, the Towns of Andover, Ashford, Chaplin, Columbia, Scotland and Willington have also joined the District. Through economies of scale, the District is able to provide high quality services to Tolland residents and businesses while realizing some financial benefits.

Division of Planning and Community Development Organization Chart

The Department of Building Inspection is part of the Division of Planning and Community Development. The Department is responsible for reviewing plans, specifications and inspecting all building construction in the Town of Tolland. The Building Official is a certified Building Official in the State of Connecticut and maintains qualifications through 90 hours of continuing education every three years. The Building Official is qualified to review and inspect all structural and life safety aspects of the building code as well as: plumbing, heating, electrical, HVAC systems, sprinkler systems, energy efficiency and the work of all other related trades. The Building Department staff interacts with other staff of the Planning and Community Development Department and provides advice to Town staff, boards and commissions on an as needed basis. The Building Official is also responsible for enforcing the Blight Ordinance.

The use of ViewPermit tracking software enables residents and contractors to apply and pay for permits online. Approximately 33% of all permits are applied for online, providing convenience to the applicant and also saving the department time and money by reducing personnel hours involved with permit processing. Starting in Fiscal Year 2019, ViewPermit is also used to track Zoning and land use application for the Planning & Zoning Commission, Zoning Board of Appeals and the Inland Wetlands Commission.

Budget Change Commentary:

The overall budget increased by \$4,088. The Payroll account increased by \$1,478 for 18/19 raises. The program budget increased by \$2,610, in part due to an increase in professional services of \$1,400 for coverage for the Building Official during vacations and for Fire Marshal services for Blight summons. There is also an increase in books and subscriptions of \$1,000 due to changes in the State Building Code.

Program Objectives and Goals FY 2020:

- Continue to work with, consult and assist other departments to better serve the Town, as a whole Council Goal
- Assist in the construction management of various future town construction projects Council Goal
- Work with BOE and Public Safety on school safety upgrades Council Goal
- · Continue public outreach benefits of getting a permit Council Goal
- · Continuation of closing out open permits
- . Continue to update and post more educational materials and code information on the Town website Council Goal
- · Continue to update the internal procedures to better serve the customers
- · Continue to enforce the Blight Ordinance
- Continue working with CRCOG to pre-vet vendors that can perform work on failing concrete foundations Council Goal
- Continue to assist homeowners with failing concrete issues and inform them of the many resources available

- · Continuance of the "express permit" system for permit applications that do not require major review many permits issued same day
- · Accepted all Special Event Permits and coordinated with other departments to process, review and approve in an expedient manner
- . The permit review and approval wait time remains generally less than 10 days including routing through other departments if the application is complete
- · Emailed as many permits as possible, saving on time, postage and paper usage, which reduced the turnaround time and saved money
- Inspected and closed out "old" open permits with great success
- · Provided contractors, realtors and homeowners with efficient, respectful and courteous service
- · Assisted in the construction management of various projects
- Building Official remains part of a group that works together with CRCOG to pre-vet vendors that can perform work on failing concrete foundations

- · Building Department is assisting in the administrative duties of the Tolland Non-Profit Housing Corporation
- Ongoing enforcement of the Blight ordinance
- Building Official is the appointed Blight Enforcement Officer, attending after-hours meeting as required.

| PROGRAM | ZONING BOARD OF APPEALS | 210-00 |
|---------|-------------------------|--------|
| | | |

The Zoning Board of Appeals (ZBA) consists of five members and two alternates. Four are elected to four-year terms and one is elected to a two-year term. The alternates are appointed. The powers and duties of the Zoning Board of Appeals are defined by state statutes and include hearing petitions from residents seeking relief from zoning regulations and appeals from any order, requirement or decision made by the Zoning Enforcement Officer. The Director of Planning and Development provides staff support to the ZBA and the Assistant Planner is designated as Zoning Enforcement Officer (ZEO); the director is also appointed as the ZEO to provide back-up support as needed. The Planning and Development Department provides administrative support to the Board.

Budget Change Commentary:

The budget is unchanged from the previous fiscal year.

Program Objectives FY 2020:

- · Continue to process applications in an efficient manner and ensure compliance with legal requirements
- · Continue to improve user-friendliness and clarity of application forms and information Council Goal
- · Continue to provide information on applications on-line Council Goal
- · Provide and encourage training for Board members Council Goal

Program Accomplishments FY 2019:

- Processed applications in a timely and courteous manner
- · Updated forms and applications for clarity

| PROGRAM | PUBLIC HEALTH SERVICES | 230-00 |
|---------|------------------------|--------|
| | | |

The Eastern Highlands Health District assumed the responsibility for providing local public health services effective May 1, 2000. The program of services Provided by the Eastern Highlands Health District consists of investigating, reviewing, supervising, and inspecting all aspects of environmental health in the community by using the Public Health Code of the State of Connecticut and applicable local ordinances as the basic enforcement tools. Areas of concern addressed by this department include sub-surface sewage disposal, private water supply systems, food service inspections, sanitation of daycare centers, schools and public swimming areas. The Health District also provides other community health services such as complaint investigation, communicable disease control, health education, chronic disease control, public health emergency preparedness and other essential public health services.

Budget Change Commentary:

The health district membership per capita contribution increased 1.6%. This represents an increase of \$1,249 for FY2019/2020.

Program Objectives and Goals FY 2020:

- · Continued build out of online services provided by a new cloud based permit tracking and field inspection software
- · Complete local implementation of the new FDA Food Code regulations for all food service operations in the health district
- · Update on agency strategic plan

- District-wide Substance Abuse in Our Communities Workgroup activities during this past year include policy development of NARCAN staging in
 public buildings, education of local prescribers on the controlled substance prescription monitoring program, and NARCAN training events for the
 public
- · Soft launch of public portal for online application and payments
- Implemented a material expansion of our medical reserve corps engagement events, and trainings, resulting in increased membership, and improved retention

The Planning and Development Department is charged with reviewing building and development projects to ensure compliance with State and Town codes and regulations, issuing zoning permits and issuing certificates of occupancy. The Department also performs long-range planning projects and studies, gathers community data, applies for and administers grants, advises the public on planning and zoning matters, encourages sound economic development and assists other town agencies as needed. The Department helps to maintain the Town's Geographic Information System (maps and associated spatial data). Staff provides technical guidance and support to the Planning and Zoning Commission, Zoning Board of Appeals, Inland Wetlands Commission, Conservation Commission, Agriculture Commission, Blight Review Committee and the Design Advisory Board. Staff provides administrative support to the Water Pollution Control Authority and processes applications to connect to the Town's water and sewer systems. Staff also provides support to the Economic Development Commission and Water Commission as needed. The Department now also assists with some administrative and record-keeping duties of the Tolland Non-Profit Housing Corporation.

Budget Change Commentary:

The overall budget increased by \$3,128 due to an increase in the Payroll account for 18/19 raises and an increase in Professional Services for GIS consultant services required for update with a minor decrease in Books and Subscriptions.

Program Objectives and Goals FY 2020:

- Adopt a new Plan of Conservation and Development
- · Amend the Zoning Regulations to implement recommendations from the POCD
- Continue implementing the "Plan for Addressing Wastewater in Tolland", with enhanced public education to raise awareness of proper septic system maintenance and operation
- · Continue regulatory work to meet the State's new stormwater requirements, which may require updated regulations and town ordinances
- · Finish reorganizing land use records, town property records, and utility records
- · Manage the LOTCIP grant for Old Cathole Road reconstruction as construction begins
- Continue to update forms and permit applications to better convey information to applicants and improve user-friendliness; provide more information and FAQs on the website to address commonly asked questions Council Goal
- Offer meaningful support and partnership with the Economic Development Commission and the Planning and Zoning Commission for smart and appropriate development in the Technology Zone and Tolland Village Area -Council Goal
- · Continue to promote connectivity of trails and pathway linkages for pedestrians and bicyclists
- Continue to provide technical and/or secretarial assistance to board and commission and other town departments

- Assisted with the update of the POCD. Staff prepared maps for POCD, coordinated with the consultant and Commission, and aided with developing plan contents
- . Continued work with the consulting engineer to update the town's stormwater regulations to comply with State MS4 requirements

- Tolland Village Area Continued discussions with landowners, potential developers, the Town Council, residents and Boards and Commissions regarding potential development—Council Goal
- Served on the Technical Advisory Committee for the Eastern Gateways Study, a project by the Capitol Region Council of Governments to examine transportation options on key corridors that lead to UConn
- Worked with the consulting engineer to submit a traffic study to the State Department of Transportation in order to increase the total square footage permitted in the business park
- . Worked with representatives of the towns of Bolton, Coventry, and Mansfield to start planning for a 4-town economic development initiative
- Participated in regional meetings related to the Natural Hazard Mitigation Plan and coordinated input from other town departments on the draft plan.
- Continued reorganizing land records and maps
- · Began using ViewPermit to better track zoning permits and land use approvals
- · Continued design work for the Old Cathole Road reconstruction project. Department staff is managing grant administration
- · Began implementation of the "Plan for Addressing Wastewater in Tolland"
- · Fielded inquiries from developers and businesses that were interested in locating in Tolland
- Conducted regular erosion and sediment control inspections of construction sites

| PROGRAM | INLAND WETLANDS COMMISSION | 250-00 |
|---------|----------------------------|--------|
| | | |

The Inland Wetlands Commission is appointed by the Town Council bi-annually and has five members and two alternates. The Commission regulates activities within and near wetlands and water courses through the issuance of permits, enforcement of regulations and public education. Planning & Development staff provide technical and administrative support. The Wetlands Agent is authorized to issue permits for certain limited activities. Typically the Assistant Planner serves as the Wetlands Agent. When that position is vacant, the Town contracts the North Central Conservation District to act as the Wetlands Agent.

Budget Change Commentary:

The Commission's budget remains the same as for FY 2019.

Program Objectives and Goals FY 2020:

- · Continue to uphold the Wetlands and Watercourses Regulations
- . Continue to work with the Public Works Department and other departments to ensure town projects minimize impacts to wetlands
- . Update and re-adopt the Wetlands Map to incorporate additional delineated wetlands and update regulations as needed
- Continue to provide educational opportunities for Commission members Council Goal
- Increase public education on the importance of wetlands and activities that require review or permits
- Develop an updated listing of projects and initiatives to improve or restore wetlands and watercourses

Program Accomplishments FY 2019:

- · Worked with the Public Works Department and other departments to ensure town projects minimize impacts to wetlands
- · Filled vacant positions on the Commission

| PROGRAM | PLANNING & ZONING COMMISSION | 260-00 |
|---------|------------------------------|--------|
| | | |

The Planning and Zoning Commission consists of five members and two alternates. Four members are elected to four-year terms and one member is elected to a two-year term. Alternates are appointed by the Town Council for two year terms. The Planning and Zoning Commission is authorized by state statutes and the Town Charter to establish land use policies consistent with the Plan of Conservation and Development (POCD). The Commission also advises the Town Council on zoning and short- and long-term planning matters and reviews proposed municipal projects for consistency with the POCD. The Design Advisory Board is a six member committee that provides design advice to applicants and the Commission. The Director of Planning and Development provides administrative and technical support to the Planning and Zoning Commission and Design Advisory Board.

Budget Change Commentary:

The overall budget increases by \$13,060. This increase is to allow the Commission to update the Zoning Regulations based upon recommendations likely to come from the updated Plan of Conservation and Development.

Program Objectives and Goals FY 2020:

- Adopt the POCD and begin implementation Council Goal
- Update the Zoning Regulations to implement zoning-related recommendations from the POCD
- . Continue to explore methods for improving communication and participation with the public and other boards and commissions Council Goal
- · Continue to provide information on applications on the website
- · Continue to pursue opportunities to improve pedestrian and bicycle connections
- . Maintain a relationship with regional entities to stay up-to-date on opportunities for collaboration and collective problem solving Council Goal
- Offer meaningful support and partnership with the Economic Development Commission and the Planning and Zoning Commission for smart and appropriate development of the Technology Zone and Tolland Village Area – Council Goal

Program Accomplishments FY 2019:

- Continued to update the POCD, with public workshops and a public survey
- Undertook zoning regulations updates, including to allow farm wineries and breweries
- Added more content to the website including historic POCDs and meeting minutes

The Conservation Commission has seven members and two alternates, all of whom are appointed by the Town Manager bi-annually. The Commission is charged with maintaining an index of all open areas, developing conservation education programs, promoting the protection and preservation of natural land areas, recommending management plans for conservation areas and reviewing and making recommendations on all open space acquired with subdivisions. The Planning Director and Assistant Planner serve as technical advisors to the Commission. The Commission has four working subcommittees: Management Plan, Town-owned Property Evaluation, Communication and Educational and Property Boundaries.

Budget Change Commentary:

The overall budget decreased by \$1,000 in the Property Maintenance account.

Program Objectives and Goals FY 2020:

- Incorporate trail mapping into Conservation Area brochures and make available on-line
- Host a Walktober event and continue to promote hikes and other events at the conservation areas
- . Begin to determine appropriate uses for a recently acquired 2-acre parcel of open space on Plains Road
- Mark property pins and create GPS listings (on website) of property line pins on the following Conservation Areas: Auperin, Baxter, Becker, Hovland, King and Palmer
- Continue to submit planned property maintenance and improvements to the Inland Wetlands Commission
- Continue collaboration with other entities that preserve open space in Tolland including Joshua's Trust, the Northern Connecticut Land Trust and the Bolton Lakes Watershed Conservation Alliance
- Increase publicity about Tolland's conservation areas and activities
- · Work to resolve encroachment issues and illegal use of motorized vehicles at conservation areas
- Continue to revise management plans on a 5-year cycle and work towards having management plans for all properties
- · Continue to support the Boy Scouts, Girl Scouts, Venture Crew, and student projects
- · Continue to attend the CACIWC annual conference and CLCC conference
- · Continue to create docent pages for all properties
- · Continue to investigate other existing town properties for conservation uses
- Continue with education activities, outreach programs and invasive species issues
- Continue to enhance the website and Facebook page Council Goal
- Continue the identification and marking of boundaries at all properties
- Monitor opportunities for the acquisition of additional open space and seek funding through the CT Department of Energy and Environmental Protection (DEEP) Open Space Grant program or other funding sources when applicable

Program Accomplishments FY 2019:

- · Reviewed potential candidate parcels for open space acquisition
- · Hosted a Walktober event, a table at Celebrate Tolland and a full-moon hike
- Collaborated with Venture Crew 422 to install bluebird houses on the Campbell, Becker, Knofla and Sage Meadow properties
- · Updated the management plans for the Becker and Stoppleworth properties
- Drafted an ordinance to establish a Conservation Fund
- Conducted its second Town-wide Photo Contest and chose four winners

- Coordinated conservation activities with the Wetlands Commission through the submittal of a listing of planned activities
- Worked to resolve encroachment issues and illegal use of motorized vehicles at conservation areas Provide input for the update of the Plan of Conservation and Development

| PROGRAM | AGRICULTURE COMMISSION | 280-00 |
|---------|------------------------|--------|
| 1 | | |

The Agriculture Commission was established by the Town Council in 2013. The Commission has five members and meets on a monthly basis. The Commission oversees leases of town-owned land for farming, provides programming related to agriculture, promotes locally grown products and the Tolland Farmers Market, participates in regional groups and meetings, and seeks grants to further agricultural activity and awareness in Tolland.

Budget Change Commentary:

The overall budget increased by \$1,200. The increase mainly is due to likely maintenance needed at Campbell Farm after the current lessee vacates the property.

Program Objectives and Goals FY 2020:

- Continue to promote local farms and locally-grown produce and upgrade marketing materials with photography services
- · Expand Tolland Fresh to include additional interested farms
- · Provide advice to the Planning and Zoning Commission on farm-friendly zoning updates
- · Continue to meet on a semi-annual basis with other agriculture commissions in the region
- · Seek a new farming tenant for the Campbell Farm property
- Continue promotional efforts that were initiated by the 2016 Agriculture Viability grant, including purchasing additional promotional items if demand warrants
- Continue to monitor compliance with lease terms for town-owned properties leased to farmers
- Hold additional programs, including a farm-to-table event
- Fill Commission vacancies

Program Accomplishments FY 2019:

- · Successfully implemented the Tolland Fresh program which connects income-eligible residents with locally-grown produce
- · Hosted a regional meeting of agriculture commissions in nearby communities
- · Continued promotion of "Tolland Agriculture" and the "Tolland Farmers Market" through the distribution of promotional materials
- · Continued monitoring of lease agreements and activities on town-owned parcels leased for farming purposes

COMMUNITY SERVICES

The Community Services Department encompasses Recreation, Human Services and Library Services. The Town's Director of Recreation administers all recreational programs for Town residents, including an adult education program. This position also provides administrative support services for the recreational programs, which often occur during weekends and holidays and coordinates all park and field maintenance activities in conjunction with the Public Works Director. One hundred and forty-six acres were added to the Crandall Park, which has a pond, hiking trails, a pavilion, playground and athletic fields and provides an attractive and safe location for the Town's recreational activities. The Director operates the "Town Lodge" at Crandall Park II, which is host to a multitude of community activities, banquets and other special events. Heron Cove Park, Cross Farms and River Park include additional athletic fields to the Town. The Director of Human Services oversees a Social Services Department, which provides a Family Counselor, a Youth Services Coordinator, an Elderly Outreach Worker and a Senior Center Director. The Human Services Department is responsible for a comprehensive approach to town planning, management, coordination and the delivery of Human Services programs for youths, the elderly and their families. The Library Director oversees the Tolland Library. The library provides materials and services to meet the informational, educational, recreational and cultural needs of all residents of Tolland.

Division of Community Services Organization Chart

| PROGRAM | SENIOR CENTER SERVICES | 310-00 |
|---------|--|--------|
| | The stage of the State Control | |

The mission of the Senior Center is to provide social, educational and recreational activities to enhance the lives of seniors and their families. The Tolland Senior Center is a designated Focal Point (Older American Act); "a place where older adults come together for services and activities that reflect their experiences and skills, respond to their diverse needs and interests, enhance dignity, support their independence and encourage involvement in and with the Senior Center and their community".

The Senior Center also serves the entire community by providing information on aging and assisting family and friends who care for older adults. Some of the programs include: educational series, health clinics, compassionate support for the loss of a loved one or loss of independence as a result of a health related problem, monthly birthday celebrations, weekly luncheons, chorus, exercise programs, book and writing clubs, AARP Tax Aide, AARP driver safety classes, adult coloring, annual inter-generational variety show, monthly newsletter and volunteer opportunities.

Budget Change Commentary:

The program budget was reduced by \$109 due to minor increases and decreases in various line items for normal operating costs.

Program Objectives and Goals FY 2020:

- Network and interface with local and national senior centers to ascertain what new ideas and programs have been implemented to give seniors
 every opportunity to live happier, healthier and more fulfilling lives
- · As more "Baby-Boomers" participate, offer programs that meet their needs and lifestyle
- · Continue to adapt exercise programs to accommodate a wide range of physical abilities
- · Expand and continue collaborations with school system to increase intergenerational opportunities Council Goal
- · Expand programs to facilitate active learning; healthy aging, caregivers services Council Goal
- · Offer additional seminars that educate seniors on scams, healthcare/insurance/homecare options
- · Continue the "giving back" program by way of senior center volunteers assisting with town activities Council Goal
- · Encourage more talent from artists for wall display

Program Accomplishments FY 2019:

- A number of programs implemented have continued with great success such as: "Ole Jammers" and "Seniors with Thyme"
- The Senior Center continues to be a permanent site for AARP Tax Aide
- The "Getting to Know You" program has sparked great interest and helps to celebrate the life of older members of our community. Through an
 interview process, the selected senior validates their life on a deeper level, exploring their history and accomplishments. A shadowbox displays
 pictures and 'life stories' of the featured senior.
- The participants of the Senior Center continue to interact with several town wide organizations
- The Senior Center Annual Variety Show offers intergenerational entertainment. All age levels are welcome to participate providing opportunities
 for youth as well as seniors to be involved. This program invites local (and beyond) talent, an opportunity for the community to come together on
 a social level

- The Senior Center Director, when requested, continues to manage the Senior Center Emergency Shelter which provides shelter, showers and food
 for residents in the event of a storm. These services are provided on a twenty-four hour basis
- Oversees volunteers who assist during these emergencies
- Oversees building needs including safety precautions
- · Continue to highlight a different artist's work in the wall display and encourage more to participate

| PROGRAM | HUMAN SERVICES | 320-00 |
|--------------------|--|--------|
| Charles and a said | The state of the s | |

The mission of this program is to provide aid to families and individuals through crisis intervention and on-going personal counseling, economic relief, emergency aid during disasters, or coordination of existing community social services. The Human Services Department is responsible for a comprehensive approach to town planning, management, coordination, and the delivery of Human Services programs for youths, the elderly and their families. The Department of Human Services provides confidential counseling, referral, and education for personal and family concerns. The department provides case management services for elderly and disabled residents, coordination of State and local social services, assists residents with applications and determination forms for all local, State and Federal resource and entitlement programs. Staff assists residents/families who are facing shelter crises such as utility shut-off, loss of heat, eviction or foreclosure, providing budget counseling, resources and referrals, and often interceding with service providers and lenders on the client's behalf. The Human Services staff oversees emergency shelter management at the Senior Center when requested and administers fuel assistance programs, Salvation Army Vouchers, Rental Rebate Program, the Housing Rehabilitation Loan Program. Human Services staff also seeks out Federal, State and local grants to aid residents. Human Services provides multi-systemic services and resources, enabling residents in crisis to access a broad variety of needed services.

The Human Services Director administers the STEAP Grant Program and serves as project administer for other grant and Town bonding projects; the Library Expansion Project and Highway Garage Expansion. The Human Service Director also serves as staff liaison to the Tolland Water Commission.

The Youth Services Bureau (YSB) is a function of Human Services. The goal of Youth Services is to plan, organize, implement and evaluate prevention, child and adolescent development, and outreach programs for youth and their families that provide opportunities for participants to thrive and function as responsible members of the community. The Youth Services Bureau is partially funded by grants through the State Department of Education and the Department of Mental Health and Addiction Services.

The Elderly Outreach Caseworker who provides in-home assessments, entitlement and benefits counseling, grief counseling and is a trained CHOICES counselor has an office located at the Senior Center. This allows for greater access to those services for older adults and their family members.

The Visiting Nurse & Health Services, funded through this budget, provides monthly blood pressure and health screenings and the weekly senior fitness program led by a physical therapist.

This department budget also supports the Hockanum Valley Community Council Dial-A-Ride program which is available to Tolland residents who are at least 60 years of age or disabled adults. This program provides transportation to locations in Vernon, Ellington and Tolland for medical appointments, shopping, social and recreational activities. This program is offset by a Department of Transportation grant.

Budget Change Commentary:

The overall budget increased by \$7,200. This increase is primarily due to the funding of \$3,500 to continue the Prospect ECHN Home Health program (Visiting Nurse & Health Services of CT) for services as outlined above. This program had been pre-funded in the prior year. The Payroll account also increased \$3,767 due to 18/19 raises.

Program Objectives and Goals FY 2020:

- · Pursue grants that will enhance the quality of life for the residents of Tolland
- Continue to seek grant funding through DOT for Dial-A-Ride Services (Regional Program that serves Tolland, Ellington and Vernon.)
- Continue to support the Access Housing for Parker Place project and foster its path to a successful conclusion Council Goal

- Continue to advise residents of available resources for Crumbling Foundations Council Goal
- Continue to assist with project management of STEAP grant for the expansion of the Highway Garage Expansion Council Goal
- · Provide project oversight of the Small Cities Housing Rehabilitation Program Income
- Continue to meet the demand for services from residents facing financial hardships and emotional crisis
- Additional Human Services staff being trained in CHOICES Program
- Continue utilizing community volunteers and college interns to expand services to residents Council Goal
- Continue to provide current level of youth programming
- · Continue to develop opportunities for intergenerational participation in Human Services programming Council Goal
- · Identify and make available to residents all entitlement programs and resources that can provide relief
- · Develop educational materials and referral resources to address current opioid issues Council Goal
- Continue to coordinate implementation strategies to address substance use issues identified in Tolland School Substance Use & Related Behaviors Survey
- · Continue to coordinate Tolland Juvenile Review Board
- Continue to provide crisis intervention, assessment, short-term counseling, case management and referral services, as appropriate, for Tolland residents

Program Accomplishments FY 2019:

- Continued to provide Project Management for DECD Small Cities for the Housing Rehabilitation Program Income Account
- · Provided budgetary management for the Highway Garage Project Council Goal
- Secured permission for reuse of DECD Small Cities for the Housing Rehabilitation Program Income Account (\$50,000) to pay for Crumbling Foundations Core Testing for eligible residents – Council Goal
- Secured Eversource Bright Idea Grant for Recreation Center Heating and Cooling System Project
- Secured grants for Youth Services programming: State Department of Education Youth Services Bureau Grant (\$19,586) and Enhancement Grant (\$4,602); Department of Mental Health and Addiction Services Local Prevention Council Grant (\$3,907)
- Expanded services and increased referrals of youth to Juvenile Review Board, in collaboration with Tolland High School and Tolland Middle School administration & local service agencies
- · Continued utilization of community volunteers to expand services to youths and their families
- · Continued intergenerational participation in department programs
- · Elderly Outreach Caseworker recertified as a CHOICES Counselor
- Continued to provide crisis intervention, assessment, short-term counseling, case management and referral services, as appropriate, for Tolland residents
- · Responded to increased demand for fuel assistance, foreclosure prevention services and budget counseling
- Produced Tolland Youth Services Community Theater summer musical production of Seussical the Musical and three Coffee House performances
- Collaborated with Eastern Highland Health District creating and disseminating opioid information
- Enhanced community outreach services through e-blast, web pages and social media to reach residents that may be facing financial hardships and emotional stressors

Tolland Public Library provides library materials and services to meet the informational, educational, recreational, and cultural needs of all residents of Tolland. In order to fulfill this mission, the Tolland Public Library provides a warm welcoming space, a friendly knowledgeable staff and organized relevant collections. In addition, the Tolland Public Library strives to promote a lifelong love of reading and learning. The Library Board and staff are committed to continuous evaluation and enhancement of the Library's services in an information environment that is rapidly developing new products and modes of access. The library supports the principles of intellectual freedom, the Library Bill of Rights and the Freedom to Read Statement.

The library serves citizens of all ages through the development of specific services and materials in a variety of formats appropriate to users from birth through old age. The library provides: fiction, non-fiction, popular periodicals, DVDs, CDs (music and book), and online resources including downloadable audiobooks and eBooks. The library has a collection of NOOK eBook readers preloaded with a variety of popular and classic selections. The library provides reference services via email, telephone and in person.

The library offers free story hours for babies through preschoolers, summer reading programs, and book discussions for adults, children and young adults. The public has access to a fax machine, study rooms, an audiovisual room, a Maker Space with a 3-D printer, a business support center, with a color copier, shredder, laminating machine, a program room with a projector and sound system, a dedicated children's program room, a Friends of the Tolland Public Library book sale room, computers with access to the internet, online databases, online catalogs of Tolland's collections and catalogs of the collections of most libraries in the state of Connecticut. The library offers the Microsoft Office suite of software for public use. In order to provide the best possible library service to our users, the Tolland Library participates in several local and regional collaborative organizations to enhance our materials, services and programs. The library strives to provide excellent information services to the residents of Tolland in a cost effective and efficient manner.

Budget Change Commentary:

The overall budget decreased by \$5,052. The Payroll account decreased by \$5,177 due to staff retirements and resulting staff additions later in the fiscal year and 18/19 wage increase. Professional Services increased by \$75, Service Contracts decreased by \$20 as only one typewriter is now being serviced and Dues and Membership increased by \$70.

Program Objectives and Goals FY 2020:

- Continue to use the new program room, story hour program room, business center, maker space, conference room and study rooms to their full extent - Council Goal
- · Continue to use volunteers for weekly tasks and for special projects Council Goal
- . Monitor efficiency and pricing of the library's present Integrated Library System provider and of the competition Council Goal
- · Continue to work with the Friends on adult programs and enhancing library materials
- · Continue to fine tune the collection to meet the needs of Tolland citizens
- · Update library's policies and procedures with the assistance of the Advisory Board
- · Update and revise the library's Strategic Plan
- Continue updating of the Library Technology Plan as one part of the long-range plan for library services
- · Work with staff to more efficiently run operations
- Continue to work with the Tolland Public Library Foundation to offer enhanced services with funding from the Phoebe King and Elizabeth King Eaton Endowment

- Increase the amount of library publicity Council Goal
- Continue to seek out programs of interest to Tolland residents with possible financial assistance of the Foundation and the Friends of the Tolland Public Library
- Continue to maintain Facebook pages Council Goal

Program Accomplishments FY 2019:

- · Finished installation and implementation of the self-checkout units, antitheft gates and staff RFID pads
- Worked with the Tolland Education Foundation and the Board of Education to open the David E. Golden Discovery Center which is located
 in the library and provides patrons with cutting edge technology
- With the financial support of a patron started a teacher led Saturday reading group for 1st thru 3rd graders
- Initiated a new collection of board games with community help
- Initiated a twice monthly board game night at the library
- · Worked with the Foundation funding requests for programs and materials
- · Worked with the Friends to obtain Book Page, Wowbrary, and Event Keeper
- Collaborated with the Friends of the Tolland Public Library to obtain new museum passes
- · Worked with Friends on Friends-sponsored programs
- · Continued support of a monthly Writers Workshop group
- · Continued support of a monthly Night Time Knitting group and a weekly knitting group
- · Continued support of the Cook Book Club
- · Continued support of seven book groups
- · Moved from holding bimonthly to monthly staff meetings
- · Worked on cross-training of staff
- · Participated in the Connecticut Library Association (CLA) Annual Conference
- · Participated in Preschool Child Care Fair, Family Literacy Night and Middle School Career Fair

This program provides funding for the administration, planning and manpower required to create and oversee the varied programs, activities, special events, and recreational facilities available to benefit Tolland residents.

Budget Change Commentary:

The overall budget increased by \$13,650 due to an increase in the Payroll account of \$1,650 for 18/19 raises, utility increases, and professional services. Professional Services was added for \$3,000 for the Celebrate Tolland Celebration. Utilities increased by \$9,000(phase 1) as part of a 3 year phase in plan to have all the utilities be absorbed by the general fund for the Recreation Department. A couple of years ago the utilities budget was reduced in order to ease the burden on the general fund budget with the understanding that the funds would be replenished in future years. The Recreation Program Fund has been absorbing most of the cost for the utilities. This fund will be substantially reduced for allocations for future capital projects and program needs and those expenditures now need to be moved back to the general fund budget pursuant to the original plan. A historical analysis and estimated future of the balances of this fund can be found at the end of this section.

Program Objectives and Goals FY 2020:

- Continue working on improvements to the Tolland Recreation Center
- · Work to increase overall attendance in programs and activities by 5%
- Develop programs aimed at helping to combat the growing problem of youth obesity
- Develop programs designed to get youth outside and more involved with nature
- Continue to work with local groups to develop more joint special event and fundraising ideas Council Goal
- Support the completion of identified projects within the Town's Capital Improvement Plan

Program Accomplishments FY 2019;

- · Increased adult participation within various adult programs
- New programming for all ages
- · We had our first annual Pickleball tournament at Crandall Park
- Funded Celebrate Tolland solely on donations and in-kind services
- Upgrades were made to Crandall Lodge; both physical and aesthetic
- Worked with several Boy Scout members in regards to their Eagle Scout projects
- A new water treatment system was added to Crandall Park
- . Working with a printing company to produce and mail out the town wide newsletter to the residents of Tolland

PUBLIC WORKS

The Public Works Department consists of the Highway Department, Parks and Facilities, Solid Waste and Recycling and Engineering. The Highway Department maintains 132.53 miles of local roads. The Department is overseen by the Public Works Director. The Highway consists of four truck drivers, four equipment operators, two mechanics and four and a half laborers, all of whom are responsible for general road maintenance and construction and public infrastructure projects. Parks and Facilities consists of one Public Works Operations Manager, one working foreman/facilities manager, one working leader, six and a half laborers, two custodians and one mechanic, all of whom are primarily responsible for maintenance of the Town buildings, parks and fields and Tolland's four cemeteries. Single-stream recycling and trash removal are being operated by a private contractor. The engineering functions for the Town were previously outsourced to a private engineering firm but will now be handled by a Town Engineer. These functions include reviewing plans prepared for Town projects and inspection services for both public works and private applications.

Starting in FY 16-17, the town engaged a consulting engineering firm as its town engineer. Given current workloads and engineering-related projects undertaken by the town, the town is in a position to reinstate the town engineer position. Some funding is provided for professional services during the transition. The engineering account also includes expenses for the town hall plotter, which is used by multiple departments and commissions to print, copy and scan large-size plans. A portion of this account also is being used to purchase new computer software for tracking resident requests, in-kind services and equipment operating costs.

Budget Change Commentary:

The overall budget for engineer services increased by \$75,886 based on the transition back to an on-staff engineer. After many years of having a full-time Town Engineer, the Town switched to having the engineering tasks conducted by an outside consulting engineer. This switch was necessitated due to the inability to hire an Engineer after numerous attempts. Staff have tried to minimize the costs for Engineering Services by taking on as much as possible which diverted a great number of hours needed to accomplish their core responsibilities. The staff impacted are the Director of Human Services in her role as project manager, the Town Planner and the Director of Public Works. We are hoping that the market for engineers has improved in order to meet the current operating demands as well as a number of assignments that a full-time Town Engineer could more effectively address.

Program Objectives and Goals FY 2020:

- Provide utility oversight for town water and sewer systems
- Oversee expected construction of at least two new town roads as previously approved developments are constructed
- Continue to ensure that proposed development and town projects meet stormwater and natural resource protection goals and incorporate sound engineering practices
- Help ensure the town is compliant with the State's new MS4 requirements for stormwater
- · Seek grants to help cover the cost of other priority infrastructure projects

Program Accomplishments FY 2019:

- Consulting engineer reviewed land use applications for a number of proposed developments
- · Consulting engineer assisted Director of Planning and Development with updating stormwater regulations
- Consulting engineer finalized public improvement specifications

| PROGRAM | PARKS AND FACILITIES | 610-60 thru |
|---------|----------------------|-------------|
| | | 610-85 |

This program provides funding for the continued maintenance, repair and operational expenditures required to maintain Town buildings, cemeteries and grounds. The Parks and Facilities Division also provides maintenance for all municipal fields including those of the Board of Education. The current cost associated with this in-kind service is approximately \$230,000 annually. The Parks and Facilities budget is divided into thirteen codes. Twelve of these codes illustrate the cost of maintaining the various fields and facilities operated by the Town. The Contingency account provides for emergencies and other unanticipated expenses throughout the duration of the fiscal year. The facilities covered in this budget are: the Hicks Memorial Municipal Center, Tolland Jail Museum, Senior Center, Fire Stations, Old Town Hall, Highway Garage, Parks and Facilities Garage, Fire Training Center, Tolland Recreation Center, Board of Education grounds and the various recreational facilities operated by the Town.

Budget Change Commentary:

The overall budget was decreased by \$1,056. As with most budgets there were increases and reductions throughout our budget. The most significant increase was in the salary account. That line item was increased by \$12,138 after July 1, 2018 due to non-union employee raises and the difference between a ten month and a twelve month salary for the filling of a vacant position within the Division for this year. The Utility portion of the increase was a result of some locations having an increase and others showing a reduction with a net increase of \$9,000. Due to lower gasoline and diesel pricing we realized a savings of \$3,260 and we are also showing an increase in Heating Oil and Propane of \$653, again some locations had increases and the other buildings had decreases. We are able to show an overall reduction in our operating budget of \$17,052 by eliminating the one time line item of \$10,802 for the replacement of the AED's in Hicks, the Library and the Senior Center. We also have reduced the line item for the wash bay permit for the new Highway Garage addition by \$3,500 as that was a one-time expense with a minimal renewal expense to CT DEEP. The other significant reduction was from the account that was designated for repair or replacement of damaged garage door bottoms. As we have all brand new doors on the new addition at the Highway Garage we expect that the expense for this item should be able to be reduced by \$2,750. With our facilities aging, we added \$3,000 into our Contingency account to help cover the unexpected expenses that come up during the course of the year. We also added another \$1,000 to the repair line item specifically for the Fire Stations as they are aging as well. We reduced our Temporary Help account by \$2,499 as well as the Utility Reserve account by \$5,000 after reviewing a three year history. After comparing the increases to the decreases that were made, we realized a slight decrease of \$1,056.

We utilize our Cemetery account to supplement our seasonal help for trimming and mowing of the four Town owned and operated Cemeteries. On average, we typically spend approximately \$15,000 for two of our five seasonal help and another \$1,500 to \$2,000 which covers overtime for weekend interments. This past fall was an anomaly as we had an exceptionally wet summer and fall and had to work some overtime for the installation of several Veterans' markers as well as preparing the Cemeteries for the end of the growing season.

Program Objectives and Goals FY 2020:

- In yet another challenging budget year, we will strive to improve our efficiencies and attempt to reduce costs with as little impact on services as
 possible
- Continue to develop a strong, informative relationship with the public through social media Council Goal
- Continue to promote the growth of the Adopt-A-Spot Program
- Prioritize construction projects for the first and second years of the Capital Improvement Plan based upon level of service required for the town and accurate cost estimates

- · Support the completion of identified projects within the Town's Capital Improvement Plan Council Goal
- Maintain open dialogue and forward progress on the road construction projects for the Tolland Green and Route 195 in the Gateway Design District and Tech Zone areas - Council Goal
- Work closely with the Board of Education in regard to critical infrastructure and building/facility improvements Council Goal
- . Installation of the domestic waterline into the Recreation Facility due to the renovation of Parker School being converted into Senior Housing.
- We are continuing to evaluate old cemetery stones to develop a list for repairs which will be funded through the Neglected Cemetery Grant that we
 received this fall. We anticipate having the repairs made during the winter or in the early spring by a local monument company.

Program Accomplishments FY 2019:

- · Maintained the Town of Tolland buildings and town owned property in a safe and cost effective way
- · Performed 29 interments in Tolland cemeteries
- · Clean and maintain the watercourse by Crandall's Pond
- Directed and assisted various contractors working within Town owned facilities
- · Assisted various Town groups in events such as Truck Day, Celebrate Tolland, Tree Lighting, Toy Drive, Memorial Day Parade
- Town hosted electronics recycling programs in April and October

The Refuse and Recycling Services Program provides funding for the collection, transportation and disposal of mixed refuse to the regional resource recovery facility. Certain bulky wastes are transported to a regional landfill. Glass, paper, cardboard, cans, metal, waste oil and batteries are collected curbside and recycled. All services are contracted with outside vendors and contractors.

Budget Change Commentary:

The overall budget decreased by \$5,870. This program had an increase in contractual collection fees (\$14,891) and a change in the Tonnage Fee causing an increase in the Refuse Disposal line item (\$7,526). The Town sponsored bulky waste pickup has been eliminated in the amount of \$28,588.

Program Objectives and Goals FY 2020:

- · Continue to increase awareness of savings related to recycling Council Goal
- · Revise the current regulations as needed

- Town of Tolland has brought in about \$321,000 in recycling revenue since July 1, 2010, including \$40,271 in FY17-18
- · Organized two electronics recycling days at the Tolland High School
- . Working with our vendor, continued bulky waste monthly pay program of 4 items for \$32 with the Town offering (1) free month to residents each year

| PROGRAM | SEWAGE DISPOSAL | 640-67 |
|---------|-----------------|--------|
| | | |

This program provides for any transfers of appropriations from the General Fund to the Sewer Operations Fund managed by the Water Pollution Control Authority (WPCA).

Budget Change Commentary:

The program shows the proposed allocation of \$15,000 to the WPCA, which remains the same as last year. This will be a transfer from the General Fund to the Sewer Reserve fund until a \$100,000 reserve balance for emergency and future capital needs has been achieved. This will be accomplished by the accumulation of the General Fund contribution and other fees charged for connections. Once the reserve is met the contribution will be reconsidered to be deposited into the Sewer Operations fund if needed. The Sewer Operations Fund is designed to be self-supporting when a sufficient number of homes and businesses are connected.

Program Objectives and Goals FY 2020:

- Through increases in customer base, generate self-supporting revenue
- As necessary, review and revise Water Pollution Control Authority regulations, ordinances, standards, and permits as they apply to assessments, connection fees and lateral installations
- · Review and enforcement of FOG regulations and coordinate with owners regarding necessity for, and proper service of equipment

- Reviewed and revised operating budget to include allowance for planned equipment preventive maintenance
- Implemented "Engineering Review Fee" for sewer applications in the Merrow Road/Tolland Green low pressure force main area. Engineering review
 fee is reviewable annually and eliminates expense to the WPCA to revise specifications as requirements change
- The three air valves located within the force main on Old Post Road are being exercised annually
- Evaluated all four pump stations and implemented the necessary repairs and upgrades as needed
- Replaced two odor control units at two pump stations
- Worked with the Connecticut Department of Energy and Environmental Protection to finalize Phase II of the Town-wide Wastewater Facilities Plan

The Streets and Roads Program is executed by the Highway Division with administrative oversight provided by the Director of Public Works. This program provides funding for all of the activities related to the proper maintenance of all Town roads. The Streets and Roads Program provides funding for the various personnel costs, dues and membership fees, as well as training and development costs associated with the program. The activities of the Highway Division are divided between nine budget pages. The Street Lights and Traffic Control budget has its own narrative.

Budget Change Commentary:

The overall budget increased by \$15,401 in large part due to a \$10,000 increase in the line item for catch basin cleaning. To make every effort to comply with CT DEEP's MS4 Program, we have to clean and inspect catch basins on an annual basis. Due to the restrictions that are placed on the municipalities we do not have a place to store debris collected from the basins. We have to contract for sealed dumpsters so the materials can be hauled to an approved site for disposal. Another increase was due to an estimated increase in our overtime account in the amount of \$1,878. The annual licensing for PubWorks software which is used for tracking resident's requests and concerns has an associated cost of \$600 per year. We also have an estimated increase in our utility account of \$6,256 partially due to the new Highway Garage addition. We will realize a savings of \$3,850 by not having to haul away the wash bay water that used to be held in tanks for disposal, as well as another savings of \$3,902 due to lower diesel and gasoline pricing. There were other various items that contributed to the budget increase.

Program Objectives and Goals FY 2020:

- In another challenging budget year, we will continue to review and improve our efficiencies and attempt to reduce costs with as little impact on services
 as possible
- · Continue to develop a strong, informative relationship with the public through social media Council Goal
- Continue compliance with applicable environmental regulations
- . Continue assisting CMG Environmental to ensure all proper stormwater sampling and reports and permits for MS-4 are performed and up to date
- . Continue to work with EHHD to monitor sodium chloride influences to water quality as a part of sand-free, winter storm management plan
- · Continue working with VHB to update the pavement management program to improve Town's infrastructure
- Continue to improve the Town's drainage infrastructure; working with VHB to include drainage projects to the Pavement Management Program
- Resurface Town owned roads that funds allow, including additional projects in the first year of a five year, five-million-dollar Road Bond.
- Resurfacing of Walbridge Hill Road, Alden Circle, Carriage Drive, Pilgrim Drive, Raisch Drive and Robin Circle in the Heritage Woods neighborhood
 are first on the list then we will continue on with the list prepared by VHB.
- Assist outside contractors in various construction projects
- . Maintain open dialogue and forward progress on the road construction projects for the Tolland Green and Route 195 in the Gateway Design District
- and Tech Zone areas Council Goal
- · Support the completion of identified projects within the Town's Capital Improvement Plan Council Goal

Program Accomplishments FY 2019:

- Performed routine, seasonal maintenance on all Town roads including effective and timely snow and ice removal to insure safe passage on local roadways, roadside mowing, grading gravel roads, cleaning ditches and catch basins, and curb replacement
- Paved Anthony Road, Cedar Swamp Road, Gehring Road, Susan Road (partial) and Tolland Farm Road, including the repairing and/or installing new drainage where necessary.
- Town hosted an electronics recycling program in April and October

| PROGRAM | STREET LIGHTS AND TRAFFIC CONTROL | 650-79 |
|---------|-----------------------------------|--------|
| | | |

The Street Lights and Traffic Control budget provides funding for selective street lighting, traffic signals and signage in critical areas. All street lighting is provided through Eversource Power Company under contract with the Town.

Budget Change Commentary:

The budget increased by \$6,256 due to rising utility costs.

Program Objectives and Goals FY 2020:

- · Utilize software to monitor sign inventory and maintenance of reflective signs as mandated by State
- · Purchase new sign machine to fabricate signs utilizing Town forces
- · Paint centerlines, edge lines and traffic markings as required
- · Continue program of upgrading traffic regulatory, warning and guide signs to meet MUTCD requirements
- Continue to explore State grant opportunities

- Installed 20 regulatory/warning signs, 15 stop signs and 10 street name signs
- Painted 66.1 miles of double yellow centerlines, painted 5 stop ahead and 5 stop bars

PUBLIC SAFETY SERVICES

The Town's Public Safety Services include Police, Ambulance, Fire and Animal Control. The Town contracts with the Connecticut State Police for the provision of law enforcement services throughout the Town, which includes an administrative officer and three troopers. This contingent of officers coordinates closely with the Tolland-based State Police barracks to provide public safety services to residents and businesses. The Town employs a Public Safety Director to administer all fire, ambulance and emergency services throughout the Town. The Director also serves as the Tolland Fire Department's Fire Chief. The Fire Department consists of both paid and volunteer firefighters operating out of four firehouses located strategically throughout the Town to minimize response time during emergency situations. In an effort to provide funding for replacement vehicles, ambulance revenues that exceed \$39,140 are earmarked for Public Safety equipment replacement in the Capital Improvements Fund. The Capital budget provides for a reserve for Public Safety Capital Equipment Reserve.

Functional Organization of Town Public Safety Operations

and Emergency Operations for Hazardous Material Incidents

| PROGRAM | WATER SUPPLY | 700-00 |
|---------|------------------------|--------|
| | A CONTRACTOR OF STREET | |

This budget covers fire hydrant utility fees for 45 hydrants serving a portion of the community as well as an 8" internal fire protection connection for 104 Old Post Road which are owned and maintained by the Connecticut Water Company. Not part of the budget however listed in the overall hydrant count are approximately 24 additional CT Water hydrants located in town which are privately owned and maintained. Separately the Tolland Water Company owns and maintains 100 hydrants. Additionally there are 15 non-pressurized or Dry Hydrants located at various ponds.

Budget Change Commentary:

There were no changes to the budget.

Program Objectives and Goals FY 2020:

- Consider removing this program budget from being included among the Public Safety/Fire Department budgets. These expenditures should be considered a town utility and categorized accordingly.
- There is an anticipated increase of adding hydrants for the new project of apartments on Route 195 by Anthony Road.

- Maintained current system
- Updated hydrant count data

| PROGRAM | AMBULANCE SERVICES | 710-00 |
|---------|--------------------------|--------|
| | CARLO SALE SALES AND THE | |

The Town of Tolland is very fortunate to have a combination department responding to its fire, rescue, medical and emergency needs. Having a combination department, with both career and volunteer staff, provides the Town with a substantial cost savings while still providing exceptional service. The career staff consists of six paid Public Safety Officers covering Monday through Friday from 7:00 am to 4:30 pm. A staff of highly trained and dedicated volunteers covers nights, weekends and holidays. Tolland's Ambulance Services are designated as first-responders, responsible to provide basic life support, cardiac defibrillation, allergic reaction epi-pen intervention and mutual aid advanced life support among the most common interventions. These services are provided to residents, businesses and travelers in Tolland through the use of highly trained volunteers and career personnel. The Ambulance Services program provides funding for communications equipment, regular payroll, professional services, dues and memberships, disposable medical supplies, machinery and mechanical parts for the ambulances in an effort to maintain the equipment to the highest degree possible.

Budget Change Commentary:

The overall budget increased \$21,097. The salary account reflects an increase of \$15,036 due to the impact of the annual and contractual wage increases. Program Costs increased by \$8,561. Service Contracts increased \$1,550 due to the addition of a service/maintenance contract for our stretchers (\$1,200) and washing machine service/maintenance contract (\$350). Dues and Memberships increased \$360 with the addition of memberships to several Fire Police organizations (\$200) and CLIA laboratory registration (\$160). Training and Development increased \$1,560 the addition of CPR Instructor training (\$1,185) and an EMS conference (\$600). Car Seat Technician training (-\$225) was removed. Computer Software increased by \$1,577. Increases for to Firehouse (\$1,365), emsCharts (\$450) and Aladtec (\$242) software programs were assessed, while a savings of -\$480 for the Duty schedule program was negotiated. The Fuel & Oil category saw a reduction of -\$225 due to lower pricing. The Other Equipment category increased \$1,239 for replacement CPR training items (\$1,150) and AED supplies (\$89).

Program Objectives and Goals FY 2020:

- Annual Continuation to explore new ways to enhance recruitment for volunteer Emergency Medical personnel to address the rise in medical calls
- Annual Continuation of seeking and evaluating new EMS products that may improve delivery of patient care and safety, and efficiency of personnel as a
 way to maintain and expand our service with minimal financial impact
- Continuing goal for the last 10 years. Ideally, the Department would like to add a third ambulance to our fleet to ensure we have two ambulances in service at
 all times or at least a back-up unit. Tolland is one of the few area communities operating with only two ambulances. Vernon, Coventry, Mansfield and Stafford
 are all operating with a minimum of three ambulances.

- Placed into Service the New Ambulance 540 chassis this project was a remount which saved thousands of dollars
- Continued with an ambulance duty crew schedule Monday through Thursday from 6:00 pm to 6:00 am and Friday 6:00 pm through Monday 6:00 am
 This schedule ensures that any first medical call is covered with the minimum volunteer staff needed to operate the ambulance.
- . As a retention incentive the volunteer stipend was increased \$100 per title. This is the first increase for the volunteers in ten years.
- Continue the interaction and exchange of information between Town Council, Town staff, Public Safety and State Police

- . Continue hosting informational meetings with businesses and residents to inform them of the services provided by both volunteer and career staff
- Department staff has continued the maintenance program established for all Town of Tolland Automated External Defibrillators. Maintaining our own AEDs reduces the overall amount spent on this invaluable program.

| PROGRAM | ANIMAL CONTROL | 720-00 |
|---------|--|--------|
| | Artist to the control of the control | |

The Animal Control Program provides funding for personnel and supplements the income of the Dog Fund for additional equipment and improvements to the dog pound that dog licenses and fees cannot cover. The Officers maintain the pound, enforce licensing of pets and answer complaints and inquiries about dogs, other domestic animals, livestock and wildlife.

Budget Change Commentary:

The overall budget decreased by \$10,263. The payroll account increased by \$634. Other increases were in Advertising (\$500) and Training & Development (\$2,000). Fuel and Oil decreased by \$897 and the Transfer to the Dog Fund was reduced by \$10,000. This account was used to provide funding to cover Dog Fund expenses. There are sufficient funds available for the FY 19-20 estimated Dog Fund expenditures so we will not be required to transfer funds this year.

Program Objectives and Goals FY 2020:

- Continue to consult with surrounding Towns to advocate the sharing of personnel, equipment and services. Discussions with the town of Willington have been ongoing for years
- . Continue to promote proper licensing and the importance of vaccinating pets on a regular schedule
- · Continue to mitigate neighbor vs. neighbor complaints which continue to rise
- . Continue to investigate complaints and provide related information for domestic animals, livestock, and wildlife issues as warranted

- Officers attended continuing education and training classes as required by the State of Connecticut
- · Received donations of animal food and toys that helped offset expenses
- Officer Binheimer attended an American Animal Cruelty Investigations School (AACIS) Infrared Thermometry training and certification class. This
 training will allow Animal Control Officers to collect temperature readings as evidence when investigating cases of animals left unattended in hot cars,
 and other heat or cold related cruelty cases. As part of the training and certification the Department received an Infrared Thermometer device.
- · Applied for and was awarded several grants from pet supply companies for animal food and animal toys
- Continued use of the Tolland Animal Control Facebook page to advertise missing and found animals, animals available for adoption, and to keep
- · residents informed of any ongoing animal-related events
- . Officers conducted the annual door-to-door license survey which entitled the Town to retain an additional 10% of licensing fees
- In June a low-cost rabies vaccination clinic was held. Dr. Scott Morey, DVM of Fenton River Veterinary Hospital volunteered his time and administered
 over 80 vaccinations to dogs and cats. We thank Dr. Morey for his time and dedication towards helping us keep our residents' pets protected.

Emergency Preparedness is the coordination of effective planning and training to limit damage and speed recovery in the event of a major disaster. The Director of Public Safety oversees Emergency Preparedness. Fifty percent of the Director of Public Safety's stipend for his services is funded by a Federal Grant.

Budget Change Commentary:

The payroll account was increased by \$2,000 to cover an increase to the Emergency Management Director's stipend. The stipend for this position has not been adjusted in more than 5 years and we have the ability to obtain 50% Federal Grant funding for this increase. There were no changes to the operating account.

Program Objectives and Goals FY 2020:

- Ongoing effort to identify and create a permanent space for the Town's Emergency Operations Center (EOC) and equipping it properly
- · An Annual effort to conduct more informational meetings and training sessions on emergency preparedness
- · Conduct training opportunities to enhance local businesses' knowledge for their roles in emergencies
- Once activated and assigned their tasks, have the CERT team be able to operate in a more independent manner
- The Director of Public Safety/Emergency Management Director plans to conduct a series of C.E.R.T. (Community Emergency Response Team) classes for residents, CERT is a national program that trains ordinary people how to support first-responders in the event of a town-wide disaster and encourages them to volunteer on CERT teams within town. It is important to note that while adding additional volunteer staff will undoubtedly be beneficial, please keep in mind that this is additional staff that will need to be managed and require equipment, supplies and separate training to enhance and maintain their skills

- Annual updates of all Town Plans
- Annual updates of Special Needs files
- Met with ECHN Woodlake and State Police to update their Hazards Analysis Plans
- The Director continuously monitors WebEOC and was alerted on numerous occasions when the State EOC was activated
- Public Safety staff credentialed safety and security drills in the public schools throughout the year.
- . The Director with help from Special members and volunteers, was able to procure significant donations of equipment including workstations
- Continued to educate and build emergency teams within businesses
- Developed and implemented one church's Emergency Operations Plan; due to its successfulness this church is being used as an example and will
 take the lead among other area churches in helping them develop and implement their Emergency Operation Plans
- The Director held numerous emergency management educational seminars
- · The Director attended and was certified in numerous training classes throughout the year
- The Director taught several "Until Help Arrives" training campaigns throughout the year. The curriculum for this training was set at the Federal level to
 ensure consistency throughout the nation. The training provides citizens with basic information and hands-on training, and is designed to empower the public
 with basic, simple skills to intervene in the critical moments of a life-threatening emergency, before first responders arrive on-scene.

| PROGRAM | FIRE PREVENTION | 740-00 |
|---------|--|--------|
| | The second secon | |

The Fire Marshal is responsible for fire code compliance to prevent loss of life, limit injury to building occupants, and minimize damage to structures from hostile fires. Authority is derived from applicable sections of Chapter 541, Sec.29-297 of the Connecticut General Statutes, currently enforcing Connecticut Fire Safety Code, Connecticut Fire Prevention Code, International Fire Code, Uniform Fire Code and applicable standards by National Fire Protection Association (NFPA). These goals are accomplished through plan review for new and remodeled structures, periodic inspection of existing buildings, and public education.

Budget Change Commentary:

The overall budget increased by \$8,062. The salary account reflects a projected \$7,362 increase. The program's operating costs budget increased by \$700. Minor increases were realized in the Dues and Memberships (\$200) and Training and Development (\$500) categories due to staff being trained to assist the Fire Marshal with investigations and inspections.

Program Objectives and Goals FY 2020:

- · Identify our high-risk life safety hazards and implement a progressive plan for annual inspections
- · Increase the amount of mandated annual inspections this office is able to complete
- · Identify and classify all occupancy types in town. Share this data with the Building Official and Planning Department
- . Continue to advocate for back-up Fire Marshal services from neighboring towns to cover in the event of the primary Fire Marshal's absence

- · Investigated multiple dwelling fires for cause and origin determination
- · Completed annual fire inspections of the Tolland Public Schools
- · Completed several plan reviews
- · Worked with Planning and Development and the Building Official to complete several commercial "Certificate of Occupancy" inspections
- Approved several blasting permits
- Inspected condominium and apartment complexes as required
- Implemented a Fire Marshal Fee Schedule for required inspections and plan reviews

| PROGRAM | FIRE SUPPRESSION | 750-00 |
|-----------------|--|--------|
| March Mark Inc. | The state of the s | |

The Tolland Fire Department is responsible for protecting life and property. The Fire Department responds to all fire, explosion, heavy rescue, technical rescue, search and rescue, dive rescue, special hazard and medical emergencies within the community. The Fire Department also provides mutual aid assistance to our surrounding communities and participates in regional and statewide mutual aid plans. The Town of Tolland is fortunate to have a combination career and volunteer Fire Department. Combination career and volunteer Fire Departments are an extremely cost effective delivery of service that ensures the community is always protected with a highly trained and dedicated staff. Tolland's staff consists of six career Public Safety Officers that protect the town Monday through Friday from 7:00 AM to 4:30 PM. Our volunteer staff consists of approximately 65 members that protect the town during nights, weekends and major holidays. Depending on the availability of our staff and the nature of the emergency, volunteers will supplement the career staff and the career staff will be called back to supplement the volunteer staff. The Fire Suppression program provides funding for communications equipment, regular payroll, professional services, dues and memberships, machinery and maintenance and mechanical parts for the fire apparatus and equipment. Maintenance of Fire Department apparatus and equipment is important to ensure operational readiness as well as maximizing the apparatus and equipment service life.

Budget Change Commentary:

The overall budget increased \$33,245. The salary account reflects an increase of \$22,358 due to the impact of the annual and contractual wage increases. Program costs increased \$13,387. Adjustments to Communications realized an overall increase of \$547. Reductions were in annual maintenance contract covering base station radio equipment, antennas and cabling (-\$690) and annual replacement of tone and voice pagers (-\$575). Additions were for portable radios (\$1,250), and Active 911 (\$562). Service Contracts increased by \$1,580 included mandated SCBA machine calibration (\$680) and annual NFPA, OSHA level inspections for all extinguishers (\$900). Computer Software increased by \$1,975 for Firehouse (\$1,575) and ESRI GIS (\$400) software programs. Machinery and Equipment Parts increased by \$4,800 for general repair items (brakes, belts, filters, etc.). The Repairs category increased \$2,920 since a new vendor was selected to apply a better and heavy-duty undercoating to apparatus to prevent corrosion. Food and Clothing increased \$1,850 for Fire Police jacket/gear (\$1,480) and collapsible cones (\$620). Replacement of high reflective jackets and traffic vests was reduced by (-\$250).

Program Objectives and Goals FY 2020:

- · Continue the recruitment of volunteer fire-rescue personnel to address the rise in fire and rescue calls
- · Continue the interaction and exchange of information between Town Council, Public Safety, State Police and Town staff
- Continue hosting informational meetings with businesses and residents to inform them of the services provided by both volunteer and career staff
- · Continue seeking innovative ways to maintain and expand our service with minimal financial impact

- The new Service 140 project was completed and placed into service
- As a retention incentive the volunteer stipend was increased \$100 per title. This is the first increase for the volunteers in ten years
- · Continue to build followers on the @TollandAlert Twitter and Instagram accounts
- Appointed a new Administrator to oversee Explorer Post 40. As the Explorer program continues to expand, members are able to run the Post themselves, with the assistance and guidance of advisors

- . The Department sponsored the sixth annual Festival of Lights parade which has become an annual tradition in town
- A few of the Career staff were able to attend training and have gained certification in Fire Investigation and Inspection

Community Emergency Response Team (C.E.R.T.) is a national program that educates people about disaster preparedness and trains them in basic disaster response skills, such as fire safety, light search and rescue, and disaster medical operations. Using their training, C.E.R.T. graduates are able to assist others in their neighborhood or workplace following an event and can take a more active role in preparing their community.

Citizens participate in a nationally recognized Department of Homeland Security training program designed to improve community preparedness in the event of a disaster. C.E.R.T. members are trained in a partnering effort between emergency services and the people they serve. The 24-hour training course covers topics such as Introduction to Disaster Preparedness, First Aid, Light Search and Rescue, Fire Suppression and Disaster Psychology. Upon completion of their training, graduates can elect to become part of Tolland's C.E.R.T. 40 Team, take a loyalty oath and be included in the emergency response resources for Tolland. Joining Tolland's team (Tolland C.E.R.T. 40) is not a requirement of participation.

Our mission is to serve the community of Tolland and surrounding areas upon activation. When activated by the Emergency Management Director, Tolland C.E.R.T. 40 can support local emergency service agencies in disaster, crisis and emergency response as well as promote safety education, emergency and disaster preparedness.

Budget Change Commentary:

The overall budget increased by \$1,250. In an effort to assure that all Team members are trained to the proper level covered under OSHA and other mandated training, the Training line item was added back in at an expense of \$500. Additionally, \$750 was added for a paging service to activate the Team in an emergency.

Program Objectives and Goals FY 2020:

- This is an annual commitment to increase the level of training and knowledge of Tolland C.E.R.T. 40 volunteer team members
- · Implement through new C.E.R.T. Team Leaders to start training alongside Fire, EMS and Animal Control personnel
- Teach Tolland C.E.R.T. 40 team members how to assist Emergency Management and First Responders in meeting the needs of the community
 during a disaster and learn to be part of an important team serving the community. When activated, Tolland C.E.R.T. 40 volunteers can relieve the
 pressure otherwise placed on Firefighters and EMTs for certain tasks such as staffing the EOC.
- It is important to note that while adding additional volunteer staff will undoubtedly be beneficial, please keep in mind that this is additional staff that will
 need to be managed and require equipment, supplies and separate training to enhance and maintain their skills.

- Continued management of Tolland C.E.R.T. 40 program and volunteers
- Organized additional C.E.R.T. Team 40 training modules
- Appointed three CERT members as Team Leaders

| PROGRAM | LAW ENFORCEMENT | 760-00 |
|---------|-----------------|--------|
| | | |

This program is for preventing, detecting and investigating crime as well as apprehending violators both criminal and motor vehicle. It controls traffic, assists motorists, conducts security checks and completes collision investigations. The program provides a catalyst for proactive policing through strategies such as the Holiday Toy Drive, public speaking engagements, School Constable Program, close community contact and regular communication and coordination of resources with elements of the town's Public Safety Department. The Resident Trooper Secretary processes all temporary pistol permit applications while the Administrative Resident Trooper conducts extensive background investigations of all applicants.

These services are furnished by Resident State Troopers through a contract with the Connecticut State Police. The Administrative Resident Trooper, a post currently held by Trooper Kevin Eklund, serves as Tolland's de facto Chief of Police and provides administrative oversight over the local troopers and Constables/School Resource Officers. Unlike the troopers that operate out of Troop C barracks in Tolland, resident troopers are assigned exclusively to the public safety and law enforcement needs of the citizens and businesses in Tolland.

The benefits of the Resident State Trooper Program include: Fully Trained/Fully Equipped State Troopers, no vehicle cost, no uniform cost, no training cost, fully insured, no pension contributions and no worker compensation. All of these costs are formulated into the total contract cost. The Resident Trooper contract includes (at no additional cost): 24/7/365 Supervision by CSP Sergeant, Connecticut State Police radio system, Major Crime Squad, Statewide Narcotics Task Force/BCI components, Bureau of Fire, Building and Emergency Safety, Reports and Records (CSP Reporting System) and the Connecticut State Police Emergency Services Unit.

Budget Change Commentary:

The overall budget reflects a decrease of \$66,291. The payroll budget increased by \$2,934 due to the increase in overtime of \$5,000 netted with a reduction in hours for the secretary (\$2,066). The program budget decreased by \$69,225. This was mainly due to the addition of two troopers who are at a lower step. Service Contracts increased due to the annual software charge needed to monitor our two new Speed Control signs. In addition, there is \$1,500 to reinstate the Tolland Police Cadet Program that was put on hold last year due to staffing. The consulting firm's recommendation for four state troopers is in place and working effectively and efficiently.

It is anticipated that the DUI grant will once again be paid at 100% and not require a municipal match.

Program Objectives and Goals FY 2020:

- · Continue review of statistics to determine areas of high collision frequency and reduce accidents through education, road improvements and enforcement
- · Submit applications for grants as they become available
- · Continue participation in aggressive DWI enforcement efforts through the use of a state awarded DWI Detection and Apprehension grant
- Continue to place high priority on customer satisfaction
- As weather permits, setup speed signs within Tolland that will detract speeding and in addition will allow us to collect data for Trooper review.
 These signs are intended to curb speeding violations and accidents.

Program Accomplishments FY 2019:

- Conducted community policing efforts through participation in programs such as traffic control at charity road races, and town parades. Coordinated
 and participated in the "Stuff-A-Cruiser" event held in town, Celebrate Tolland Day, the Stephen Davis Memorial scholarship fund program, Active
 Aggressor Training, Safe Seniors Session, and Child Safety Seat Installations.
- . Implemented the recommendation of the Police Study to increase the number of State Resident Troopers from 2 to 4
- . Applied for and received Federal Funds of \$39,300 from the impaired driving enforcement grant
- Maintained all documentation within the Tolland Resident Troopers office to remain prepared for inspection by DESPP Professional Standards
- Conducted the intake, processing, background investigation and issuance of 68 temporary pistol permits (fiscal year 17/18)
- The Resident Trooper Secretary handled 466 Waste/Recycling calls (fiscal year 17/18)

FINANCE AND RECORDS

The Town's financial operations, which include Accounting Services, Assessment Services, Revenue Collection and Town Clerk, operate from several independent offices, all under the supervision of the Director of Finance and Records. The Accounting Office handles all financial transactions and administers financial control by balancing appropriations and expenditures with revenues. The Office of the Assessor compiles and updates valuation of all property within Tolland's borders. It is also responsible for preparing a yearly Grand List that identifies all taxable Real and Personal Property located in Tolland. The Collector of Revenue is responsible for the billing and the prompt collection of all levied taxes. This department is also reponsible for the billing of miscellaneous accounts. The Town Clerk's Office renders professional, timely and courteous service to all residents and the general public with an emphasis on providing accurate information pursuant to state and local laws.

The primary responsibility of the Accounting Department is to maintain accurate records of all receipts and disbursements of the Town of Tolland. It administers financial control by certifying the availability of funds for proposed expenditures and manages funds to provide for an adequate cash flow while attaining the greatest investment return possible. It is responsible for preparing payroll and paying bills in a timely manner. This department also assists the Town Manager in preparing the annual budget, prepares quarterly and annual financial reports, maintains the inventory of Town property and reconciles bank statements.

Budget Change Commentary:

The overall budget increased by \$9,486. The Payroll account increased by \$6,816 for 18/19 raises and overtime/seasonal assistance that had previously been budgeted under the contingency account. The program budget increased overall by \$2,670. This increase is mainly due to increases of \$2,470 in annual financial software maintenance agreements. Our vendor, Tyler Technologies, worked with us last fiscal year to provide us with a one-time reduction of the amount of the normal increase for our software maintenance. This year we must absorb the total increase.

Program Objectives and Goals FY 2020;

- Work with the Department Heads, Town Manager & Town Council to ensure sustainability of programs predicted on the State of Connecticut budget and its impact on municipal support - Council Goal
- · Support the completion of identified projects within the Town's Capital Improvement Plan through accounting & cash management Council Goal
- Continue to achieve the GFOA Distinguished Budget Award and CAFR Award
- · Assist with other Town Council goals where the department is indirectly related
- · Review various financial policies and update as necessary

- Received the award for excellence in financial reporting for the FY 2017 Comprehensive Annual Financial Report
- Received the GFOA Distinguished Budget Award for FY 2018 budget document
- · Provide liaison support to the Charter Revision Commission and input regarding proposed changes Council Goal
- Worked with Department staff and the Town Manager to develop a budget with very limited resources and a minimal impact on the taxpayers
- Revised the Fund Balance Reserve policy in order to provide sufficient reserves during turbulent times

The Office of the Assessor is a department within the Division of Finance and Records. The Assessor's primary duty is to determine the market value of all taxable and tax exempt Real and Personal Property for the purpose of equitable tax distribution throughout the Town of Tolland. Real Property is assessed at 70% of market value as established by the last completed revaluation in 2014. Taxable Personal Property and Motor Vehicles are assessed at 70% of the annual market value. All exemptions are reviewed annually. A Grand List of all taxable and exempt property is printed annually. All record cards are updated annually to reflect any change in ownership or mailing addresses. Tax maps are updated annually to reflect property boundary line changes or subdivisions.

Budget Change Commentary:

The overall budget increased by \$3,279. The payroll line item increased by \$2,289 due to wage increases and overtime that was reallocated from the contingency account. The program budget increased \$990 from the prior year due to minor increases in pricing guides and professional services.

Program Objectives and Goals FY 2020:

- Continue to explore new ways of becoming more efficient and cost effective Council Goal
- · Increase taxpayer awareness/convenience through town website Council Goal
- Conduct in-house town wide revaluation with no issues Council Goal
- Continue to support and inform homeowners with Crumbling Foundations Council Goal

- · Continued success with Building Official on shared CO inspections Council Goal
- Attended multiple CRCOG meetings as a member on the subcommittee for Crumbling Foundations Council Goal
- Represent Tolland County for the Assessors Association
- Chaired the Revaluation Committee for the Assessors Association
- Attended off-site training for our administrative and CAMA software
- Began process of In-House 2019 Revaluation Council Goal

| PROGRAM | BOARD OF ASSESSMENT APPEALS | 830-00 |
|---------|-----------------------------|--------|
| | | |

The Board of Assessment Appeals consists of three appointed members plus two alternates. The responsibility of this Board is to make decisions concerning taxpayer appeals of assessments.

Budget Change Commentary:

The program budget remained unchanged from the prior year.

Program Objectives and Goals FY 2020:

- 40 appeals are expected to be filed with the board requesting a review/reduction on Real Estate, Motor Vehicle and Personal Property
- Maintain a full board with 3 members and 2 alternates Council Goal
- · New members to attend training classes Council Goal

- Scheduled 2 hearing dates in March and 1 day in September. The Assessor's Office reserved space for meetings and provided all necessary documents
- 35 appeals were heard overall, 21 were received for Real Estate, 11 Motor Vehicles and 3 for Personal Property
- · Reductions were granted for 14 accounts
- 518,420 reduction in assessments were granted

| PROGRAM | INDEPENDENT AUDIT | 850-00 |
|---------|-------------------|--------|
| | | |

The Town Council designates a Certified Public Accountant or firm of Independent Public Accountants to audit the books and accounts of the Town of Tolland This audit is performed in accordance with generally accepted accounting standards and the standards applicable to financial audits contained in the Government Auditing Standard – a publication issued by the Comptroller General of the United States.

Budget Change Commentary:

In 2015, the Town solicited quotes for audit services and the Town Council approved a 5 year audit firm contract. This will be the last year of that contract. The Town and Board of Education pay 50% each of the total audit cost. The annual cost is \$50,500.

Program Objectives and Goals FY 2020:

• To complete the FY 2018-2019 audit review in a timely manner with a clean opinion

Program Accomplishments FY 2019:

The audit was completed and the CAFR was issued in December 2018. There were no findings of material weaknesses and a clean opinion was issued

| PROGRAM | REGISTRARS OF VOTERS | 860-00 |
|---------|----------------------|--------|
| * *** | | |

The Registrars of Voters are elected officials authorized by the Connecticut General Statutes to conduct elections, maintain the records of all registered voters and to hold special registration sessions for new voters. Voter information is maintained by the Registrars on a statewide database. The Registrars supervise and run all elections, primaries and special referendums for the Town of Tolland in accordance with State Statutes and maintain voting machine use in these elections.

Budget Change Commentary:

The overall budget decreased by \$1,741 or 2.9%. This is because we are going from a State election year to a Municipal election year. However we are budgeting for a Dual Primary for a Presidential Preference Primary (PPP) in April, 2020 which only happens every 4 years

The program budget decreased by \$1,435 because less number of ballots are needed.

Program Objectives and Goals FY 2020:

- Continue to implement Election Management System (EMS) for faster election results reporting
- · Add computers for Moderators in polling place to access voter information "live"

Program Accomplishments FY 2019:

- Conducted 3 elections in 3 weeks—2 budget referenda and 1 Municipal election
- · Moved budget referenda voting to the Program room in the Library reducing expense of having referenda in 2 locations
- · Continued to implement efficiencies where possible

| PROGRAM | REVENUE SERVICES | 870-00 |
|---------|--|--------|
| | the proof of the state of the s | |

The Office of the Collector of Revenue is a part of the Division of Finance and Records. The Collector operates in accordance with the General Statutes of Connecticut (Sec. 12-130 et seq.) to bill, collect, process, deposit and account for property taxes. This office is the central depository of revenue for all Town departments and is also responsible for the billing and collection of special assessments for sewer and water, Tolland Non-Profit Housing, Rehab Loans and potentially other types of projects. The Collector must enforce payment of delinquent taxes as required by State Statute. The office must maintain accurate collection records and controls. The office also secures the maximum collection of revenue due to the Town of Tolland.

Budget Change Commentary:

The overall budget increased by \$3,631. The Payroll accounts increased by \$3,877 for 18/19 raises and overtime/seasonal assistance reallocated from the contingency account. Program expenses were reduced by \$246 for minor increases and decreases.

Program Objectives and Goals FY 2020:

- · Continue to improve cash flow and efficiency
- · Continue to improve visibility and security
- Enforce delinquent collections with the tools approved by the Town Council, including Tax Sales
- Continue to promote on-line access to the Tax Collection database for online Credit Card/ACH payments for efficiency and enhanced customer Service - Council Goal
- Continue to fine-tune utility accounts listing; work with other agencies to clarify issues and needs

- · Collection rates were retained and/or surpassed
- · Online ACH and Credit Card payments have surpassed prior years
- Continuation of the \$5 reporting fee for unpaid motor vehicle accounts reported to DMV
- · Water and sewer accounts have been flagged in the tax software to help staff assist title searchers, mortgage companies and homeowners
- Continued monthly reconciliation of accounts between Tax and Finance to improve efficiency
- Tax Office Procedure Manual has been updated as needed
- Suspense List sent to a Collection Agency to increase collections

| PROGRAM | TOWN CLERK | 880-00 | |
|---------|------------|--------|--|
| | | | |

The Town Clerk's Office is responsible for the maintenance and preservation of town records such as the Town Code Book (charter, ordinances and policies). We record, scan and microfilm all land records, maps, meeting minutes and servicemen's discharges; issue trade name certificates, peddler's permits, liquor licenses, dog licenses and sports licenses; record sexton reports and notary certificates; assist in the registration of new electors; swear in newly elected officials and Justices of the Peace; assist in the preparations for all elections, primaries, and referenda including ballot preparation and issuing absentee ballots.

As Registrar of Vital Statistics, the Town Clerk's Office issues birth certificates for home births, marriage licenses, burial and cremation permits; creates certified copies of birth, marriage and death certificates; and provides certified copies of vital records to the State of Connecticut and other towns for events occurring within the Town of Tolland.

Budget Change Commentary:

The overall budget increased by \$853. Printing decreased by \$2,000 due to increased efficiencies in office procedures. The Code Updates account increased last budget season in consideration of our ongoing charter revision and therefore reduced by \$1,700 this year. The Payroll account increased by \$3,143 for 18/19 raises and possible extra hours worked by the Assistant Town Clerk and Temporary Help as needed. The Training and Development account was increased \$400 in order to send our new Assistant Town Clerk to Town Clerk certification classes. The State Library Preservation grant increased by \$1,000.

Program Objectives and Goals FY 2020:

- . Apply for a \$5,500 State Preservation Grant to continue restoring and preserving survey maps from volume one
- Utilize historical preservation funds and continue re-indexing work expanding the Town's historical indices and images available online and through our public access terminal
- Index and convert 2013-2017 marriage and 2015-2017 death records into electronic records and create microfilm of all records for off-site storage at Iron Mountain

- Received a \$4,500 State Preservation Grant and continued work on the land records re-indexing project
- Hired and trained a new Assistant Town Clerk following staff retirement

BOARD OF EDUCATION

The Tolland School System will educate and challenge students to achieve their potential by providing a variety of educational experiences to enable them to be productive citizens in an ever-changing society.

| Account Code | Descriptions | 2019-2020 Department Request | 2019-2020 Manager Proposed | 2019-2020 Adopted Budget |

| PROGRAM | BOARD OF EDUCATION | 900-00 |
|---------|--------------------|--------|
| | | |

Board of Education's Message:

The Board of Education's (BOE) adopted budget for FY 2019-2020 of \$40,824,106 represents a 2.98% increase over the FY 2018-2019 budget of \$39,642,607. On February 14, 2019 the Board of Education adopted budget was conveyed to the Town Manager as required by Town charter. On March 26, 2019 the Town Council adjusted the Board of Education's adopted budget to \$39,975,605.

The BOE adopted budget has been adjusted for health insurance, transportation and contracts. The BOE adopted budget provides for cost-avoidance in the areas of special education, compliance with state requirements of Scientifically Researched Based Interventions/Response to Intervention needs, groundwork for the Next Generation Science Standards (NGSS) and related state testing, and the evolution of our business program. One point five (1.5) positions have been requested in the proposed budget: 1.0 FTE Assistant Superintendent and a .5 Spanish Teacher addition that will make the current .5 teaching position full time (1.0). All requested staff will help resolve challenges for Tolland that currently result in a loss of resources for the Town and district and set the stage for the development of curriculum pathways that will help retain students and reduce attrition to magnet and charter schools. The BOE adopted budget maintains the progress made in the last few years with a consistent math program, Writers Workshop, reading programs, curriculum work, professional development and in material supports.

The Special Education allocation in the BOE adopted budget has been netted out for the anticipated Excess Cost reimbursement from the State. In other words, the funds provided by the State for Special Education are needed to balance the budget. Under the legislation in force at the time the BOE budget was adopted the actual reimbursement rate received varies depending upon the number of students of special education state-wide. In the past, the school reimbursement rate for special education has varied. The Board of Education budget assumes a reimbursement rate of 73% of funds spent for each student above a state provided threshold. For example, (with an estimated figure) if Tolland spent under the \$68,522 threshold the funds would come directly from the BOE operating budget. For any student for which *more* than \$68,522 was spent, the Town and school district would receive 73% of the dollars back spent *above* \$68,522 for that student. Although funding can fluctuate, Federal mandates for these services do not go away.

The BOE worked with the Town/BOE consultant to determine the health insurance figure. The insurance line item was adjusted for the number of employees covered, as well as an adjustment for an increase in the employees' share of health insurance. Salary line items have been updated for all known existing employees, degree changes, step increases and other contractual requirements. As of this writing the district anticipates the retirement of five teachers with their replacement sometimes hired at a lower level. The bus contract is currently expiring on June 30th and a one year extension is being sought at the time of this writing. The one year contract starts July 1, 2019 and the rates have been incorporated into the FY 2019-2020 budget. Gasoline and diesel prices have been built into the proposed budget. New rates were acquired in cooperation with the Town for gasoline and diesel.

For more details please go to http://www.tolland.k12.ct,us.

Budget Development Process:

The Superintendent held four Community Budget Workshops, and at least three additional Board of Education meetings to develop the budget. A web-site was established for the public to access information (see: http://www.tolland.k12.ct.us/board of education/budget). Through community workshops and board meetings the students, staff, and parents were encouraged to be partners in the development of a plan and budget for the coming year. Student needs and respective requests that come from the school and community will sometimes exceed the financial resources available. Therefore, the Superintendent works with the Board of Education to establish spending priorities and to submit a budget to the Town that meets the needs of the district while accounting for financial constraints. After the Town Council has set the budget allocation for the School District within the overall Town Budget, and the Superintendent and Board make any necessary adjustments, a referendum is set for the first Tuesday in May. Upon subsequent approval of the Town Budget, the Board of Education, if necessary, meets to adjust the budget to the level allocated by the approved Town Budget referendum. A final budget is published by the Board of Education no later than June 30th.

FTE positions in proposed budget documents

| 2017-18 | 2018-19 | Position Title | 2019-20 |
|---------|---------|--|---------|
| FTE | FTE | | FTE |
| 199.7 | 196.9 | All Schools – Teachers | 200.5 |

| 42.5 | 44.5 | All Other Positions | 51.4 |
| 341.8 | 341.9 | TOTAL | 352.5 |

Board of Education Goals:

- Goal 1: Support and encourage specialized programs that can serve as alternatives to outplacement
- Goal 2: Support and encourage the development of tuition programs
- Goal 3: Support the implementation of Mastery Learning and Responsive Education initiatives
- Goal 4: Support and encourage Curriculum Development, and Teaching & Learning best practice
- Goal 5: Engage in the Strategic Prevention Framework
- Goal 6: Engage the Superintendent to explore and research shared service opportunities
- Goal 7: Engage Town, State, and Federal officials to discuss and advocate for education
- Goal 8: Foster the continued development of instructional technology

DEBT SERVICE

The Town has developed a Debt Management Plan which provides for relatively level debt service, while still funding those Capital projects that do not have alternative revenue sources other than the issuance of debt. The plan proposes a financing strategy that conforms to the 5-year Capital Improvements Program and projects debt service levels for future borrowing 20 years out. At a glance, the impact of issuing debt can be seen and planning can be done before the project is approved.

In 2015, the Town Council established a Debt Service Fund to build reserves to strategically offset future debt impact on the budget as part of the debt management plan.

Summary of Debt Management Policy

- The Town may issue debt by resolution of the Town Council up to 5% of the current tax levy. If the debt issue exceeds that
 threshold then it must be approved by referendum.
- Bond Anticipation Notes may be used to provide interim cash flow, facilitate the timing of bond sales, finance less significant
 borrowing needs, avoid locking in high long-term interest rates during periods of market turmoil or finance projects whose final
 cost is uncertain or is expected to be mitigated by grants or investment earnings. Long-term borrowing will be confined to
 capital projects and will not fund current operations.
- Bonds will be structured to match the useful life of the capital improvement but not exceed 30 years in accordance with CGS.
 The Town will issue \$10 million or less in tax exempt securities per calendar year to receive "Bank Qualified" status to minimize interest rates to be paid.
- Debt obligations are generally issued through competitive sale. However, if conditions provide that a negotiated sale would
 provide significant benefits to the Town then the Town Council may approve that method of sale.
- The Town Manager and the Finance Director will analyze the Town's debt position by using the following measures and report
 the results annually to the Town Council as part of the Debt Management Plan presentation.
 - ✓ "Debt measured against population on a per capita basis" to be capped at \$3,800. Tolland is at \$1,852 for 2019/2020.
 - √ "General Fund bonded debt as a percentage of full market value" to be capped at 4%. Tolland is in 2019-20 at 1.50%.
 - ✓ "General Fund debt service as a percentage of total General Fund expenditures" to be capped at 10%. Tolland is estimated at 6.90%.

Statutory Debt Limitation

Under Connecticut law, municipalities shall not incur indebtedness through the issuance of bonds or notes which will cause aggregate indebtedness by class to exceed the following:

General Purposes: 2.25 times annual receipts from taxation

School Purposes: 4.50 times annual receipts from taxation

Sewer Purposes: 3.75 times annual receipts from taxation

In no case, however, shall total indebtedness exceed seven times the base. "Annual receipts from taxation" (the "base") are defined as total tax collections (including interest, and late payment of taxes) and state payments from revenue loss under Connecticut General Statues (CGS) Sections 12-129d and 7-528.

The CGS also provides for exclusion from the debt limit calculation debt issued in anticipation of taxes for the supply of water, gas, and electricity. There are additional exclusions for indebtedness issued in anticipation of receipt of proceeds from assessments levied upon property benefited by any public improvement and for indebtedness issued in anticipation of the receipt of proceeds from State or Federal grants evidenced by a written commitment or contract, but only to the extent such indebtedness can be paid from such proceeds.

Computation of Legal Debt Margin

Tolland's Total Net Indebtedness

| Total Tax Collections (Including Interest and Lien Fees) for June 30, 2018 | \$ 44,275,666 |
|--|---------------|
| Base for Debt Limitation Computation | \$ 44,275,666 |
| Seven times the base for debt limitations | \$309,929,662 |
| | |

Board of Education debt versus Town debt

Forty three percent of the debt obligation is for School needs which include building the new High School, renovations of the Middle School and other capital improvements. Fifty seven percent of the debt obligation is for Municipal needs such as Open Space acquisitions and other capital improvements.

Proposed Debt Issuance Plan

The recommended financing strategy for the authorized-but-unissued debt and proposed capital projects listed above includes a combination of a series of bond anticipation notes and bonds issued within the next five years. Below represents the *Proposed Capital Improvements* emphasizing the connection between a scheduled major capital project and the timing of the borrowing.

| Total | 4,900,995 | 750,000 5,650,995 |

(NOTE: We will also be entering in the Clean Drinking Water Debt to be paid by the Water Commission Separate from this for \$1.2 Million - Not to be included in our debt plan for General Fund purposes)

Comparative Debt service expenditure level for the next 5 years with the adopted debt management plan assumptions

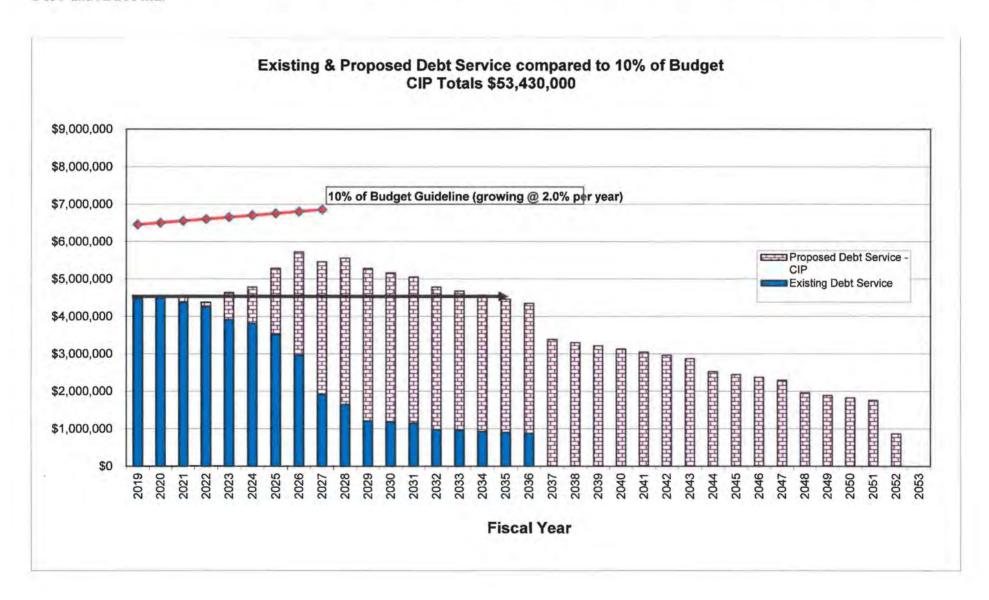

Note: These numbers reflect the actual cost of debt service. Our current Debt Management Plan reflects an amount of \$4,550,000 as part of the general fund budget during the first two years and then increases by \$100,000 each year after above. The balance will be deposited into the Debt Reserve Fund which was established to ease the burden on the general fund impact for the future years.

Financial Indicators

- Tax Reform Act effective January 1, 2018 has negatively impacted the municipal bond market resulting in less demand for tax-exempt securities.
- Advance Refinancing has been eliminated which reduces ability to save on debt service or to restructure existing debt service.
- Federal Reserve has increased short-term interest rates from near zero to 2.75% and they are expected to continue to increase short-term rates in 2019.
- Long-term rates are still very low from an historic perspective but have increased since the presidential election in 2016.
- The Town issued Bonds at a rate of 3.17% in May 2018 that repaid \$4,810,000 of BANs that matured and \$4,530,000 for previously approved bonding.
- The Town has above average bond ratings: S&P & Fitch both rate the Town "AAA". These highest possible ratings will allow the Town
 to borrow at the lowest possible rate.
- Some factors mentioned in the recent S&P and Fitch reports that justify the AAA ratings include: Very Strong Management Practices, Strong Budget Flexibility and Liquidity and Limited Pension and OPEB liabilities.
- · The Town has numerous formalized policies including: Fund Balance, Debt Service and Capital Improvement.
- . The Town's existing debt service amortizes aggressively, which helps to mitigate the impact of the proposed new debt.
- The proposed capital plan totals \$54.4 million which would more than double the Town's outstanding principal of \$37.5 million. The
 bulk of the CIP is for Birch Grove School. The plan is subject to change significantly if there are any changes in the timing for the Birch
 Grove Debt.
- In order to manage the projected increase in debt service, the Town would need to increase the annual debt service budget by \$100,000 per year from FY 2022 to FY 2027 and a final \$50,000 increase in FY 2028 at which time annual debt service would total \$5,200,000.
- After the school debt has been issued the Town can gradually reduce debt service back to the \$4,550,000 level to once again try to build funding for future pay-as-you go projects.

The following charts show a trend analysis of the Town's debt ratios the past year, current year, and projected years. The Town bond rating is AAA from S & P and AAA Fitch.

BOARD OF EDUCATION TEACHERS' RETIREMENT CONTRIBUTION

This accounts for the funding required for the municipal share of the Teachers' Retirement contribution as required to be paid to the State of Connecticut.

| Account Code | Descriptions | 2019-2020 Department Request | 2019-2020 Manager Proposed | 2019-2020 Adopted Budget |

| PROGRAM | BOARD OF EDUCATION TEACHERS' RETIREMENT CONTRIBUTION | 845-00 |
|---------|--|--------|
| | | |

Program Explanation:

Municipal contributions for the Teachers' Retirement fund.

Budget Change Commentary:

The Governor's budget proposed for towns and cities to contribute to teachers' pension costs. This is a new requirement this fiscal year. The amount calculated for the Town's contribution by the State originally was \$100,136 and this was the amount included within the Town Manager's proposed budget. The Legislature is proposing that the budget doesn't include a requirement for Teachers' Retirement to be paid by the Town. At the time that this budget was prepared the Legislative budget had not been approved. The Town Council decided to exclude the funding for this item.

CAPITAL IMPROVEMENTS

Everything the Town does, from providing services to its residents and citizens, to equipping employees to effectively perform their jobs, requires the existence of certain basic physical assets. These assets include: streets, parks, buildings, school facilities, large equipment and technology. Assets must be purchased, maintained and replaced on a timely basis or their usefulness in providing public services will diminish. The General Fund allocation for capital improvement projects is only one of many funding sources.

Purpose of Capital Improvements

In recognition that buildings, infrastructure, technology and major equipment are the physical foundation for providing services to the residents of the Town of Tolland, a five-year Capital Improvement Program (CIP) is prepared and reviewed annually. The purpose of the plan is to budget for the acquisition, replacement or renovation of major fixed assets. The underlying Capital Financing Policy establishes the methodology for including a program or project in the five-year Capital Improvement Program. The policy establishes the general financing goals and the specific elements that comprise a long-range financing strategy.

In accordance with the Town Charter, the Town Manager shall prepare and submit to the Town Council a five-year capital program at least three months prior to the annual budget referendum. The Town Manager and Finance Director prepare a Debt Management Plan (DMP) executive summary report for submission to the Town Council on an annual basis in conjunction with the CIP.

The Town's Charter obligates the Town Council to hold one or more public hearings on the CIP, publish in accordance with General Statutes the general summary of the capital program, and adopt the capital program with or without amendments after the public hearing for inclusion in the annual budget.

Capital Improvement Program Strategy/Guidelines

The Town's CIP is a comprehensive multi-year capital plan that identifies and prioritizes expected needs based on the Town's strategic plan, establishes project scope and cost, details estimated amounts of funding from various sources, and projects future operating and maintenance costs.

- The Town will develop a five-year CIP for capital improvements; the first year of which will be adopted annually by the Town Council as the
 Capital Budget. The CIP shall include those projects that will preserve and provide, in the most efficient manner, the infrastructure necessary to
 achieve the highest level of public services and quality of life possible within the available financial resources. The Town will make all capital
 improvements in accordance with the Town Council's annually adopted CIP.
- 2. The Town will coordinate the development of the CIP with the development of the annual operating budget. Future operating costs associated with new capital projects will be projected and included in the operating budget forecasts. The Town will not construct or acquire a public facility if it is unable to adequately provide for the subsequent annual operation and maintenance costs of the facility.
- 3. The Town will maintain its assets at a level adequate to protect the Town's capital investment and minimize future maintenance and replacement costs.
- The Town will identify the estimated cost and potential funding source or financing method for each capital project proposal before it is submitted to the Town Council for approval.
- The Town Administration will monitor and manage capital project expenditures with all department managers on a monthly basis for each project in the annual Capital Budget.
- The Town Manager's Office will identify the optimum mix and financing sources for all capital projects, in conjunction with the adopted Debt Management Policy.

Capital Planning Guidelines

The Town's Capital Budget guidelines define a capital project as:

- a. Any new or expanded physical facility, including preliminary design and related professional services.
- b. Land or property acquisition.
- c. Items of a non-recurring nature where the benefits are realized over a long period of time.

A project should also exhibit the following characteristics to be included in the CIP:

- . Life Expectancy the project's outcome, non-recurring in nature, should have a useful life of greater than eight years.
- <u>Cost</u> cost should be a relatively high, non-operative expenditure for the Town; generally in excess of \$10,000 for equipment or plant facility improvements.

Capital projects can be broken out between recurring and non-recurring. *Recurring projects* are those that are included in almost every budget and have a regular replacement cycle. Examples of these projects are capital equipment replacements and Streets and Roads. Although the selected roads rotate each year and the capital equipment changes, they are on-going programs with regular replacement schedules. *Non-recurring projects* are significant non-routine expenditures such as school construction projects or major building renovations.

In conformity with the Equipment Aging Schedule assigned to Highway Garage and Parks and Facilities Garage, the Town is dedicated to budget the heavy equipment listed in this section.

The total amount allocated for Streets and Roads is \$1,454,313. This amount includes \$1 million of pavement management referendum debt already approved by voters in November, 2018. The amount allocated for Road Construction and Reconstruction is \$454,313, which includes \$135,313 for Drainage Construction and Design, and \$319,000 for the Plains Road Culvert. Funding sources for Road Construction and Reconstruction will be \$114,984 from a Local Capital Improvement Program (LOCIP) grant, and \$339,329 from a Town Aid Road (TAR) grant. The amount allocated for Pavement Management is \$1,000,000. This is for Road Improvements. The remaining years of the CIP plan are to continue the ongoing program of resurfacing Tolland roads, and to repair or replace drainage and detention basins. The roads that have been chosen were prioritized by a computer program which assigns a PCI to all roads and the appropriate repaving strategies. Other projects included within the plan are mainly non-recurring one time projects or capital equipment purchases. Projects of major significance are the Town of Tolland's share of the funding for the Vernon Water Pollution Control Plant upgrade and the Water Commission's Replacement or Rehabilitation of the Steel Water Storage Tank.

Town of Vernon Water Pollution Control Plant Upgrade

The Town of Vernon provides municipal wastewater treatment to Vernon, Ellington, Manchester, South Windsor and Tolland. The Vernon WPCA has been planning for the upgrades to the facility for several years. The Vernon WPCA currently operates a facility located at 100 Windsorville Road. The current facility was built in 1959 and upgraded in 1973 and 1993. The facility collects wastewater, treats the collected flow and discharges treated effluent to the Hockanum River. The facility provides a high level of treatment using biological and chemical treatment that operates continuously 24 hours a day, 7 days a week.

The CT Department of Energy and Environmental Protection (DEEP) has imposed a restrictive effluent phosphorous limit on the Vernon Water Pollution Control Facility (WPCF). To select the most cost effective approach to meeting the new limit, the Vernon WPCA prepared a Wastewater Facilities Plan.

The total project cost estimated is \$85,972,000. The town is eligible for funding assistance from DEEP under the Clean Water Fund. The costs for the portion of the project that is related to providing nitrogen removal is eligible for a 30% grant, and the costs for the phosphorous removal portion is eligible for a 50% grant. DEEP offers several funding assistance sources and all eligible project costs will receive a 20% grant assistance with the balance of the costs funded with a low interest loan (2%).

State grant funding programs are estimated to cover about \$25 million of the \$85.9 estimated total project cost. The Town's of Ellington, South Windsor, Manchester and Tolland through their inter-municipal agreements (IMA) are required to contribute to this capital project based on their percentage of allocated flow.

Tolland's contribution to the plant upgrade is based upon the daily flow allocation in the IMA (0.4 million gallons a day) divided by the permitted average daily flow of the plant (7.1 million gallons a day) = 5.63%

Tolland's Funding of the upgrade:

Tolland's total 20 year share of the project cost is estimated at \$4,146,805 (Subject to Change.)

- · Tolland's share based on the Inter-municipal agreement is 5.63% of the project cost and loan interest after grant proceeds
- FY 19-20 General fund funding is \$18,981 and \$99,559 from CNRE
- In FY 18-19 Town Council approved a resolution to deposit unanticipated State revenue of \$298,677 into the CNRE fund to be used over a 3 year period to alleviate the cost of the debt which will have to be built into the budget
- In subsequent years Tolland's share increases to \$231,696
- It is recommended that the Town General Fund pay for 100% of Tolland's share of the upgrade for several reasons:
 - The burden that it would place on the sewer user rate would be substantial and could deter any future commercial growth or lead to current commercial businesses leaving Tolland.
 - The School system provides education for all Tolland students and is one of the major users served by this system. This provides a
 benefit on a town wide basis and if the sewer user rate would increase, the cost for the School system and other Town buildings/Fire
 Stations would have to pay those costs also creating a town wide budgetary impact.
 - The commercial district served includes Big Y which provides the ability for all citizens to shop locally as well as to maintain some diversification in the grand list.
 - Tolland's current user rate is \$18 per thousand gallons which is significantly higher than Vernon's rate of \$6.10

Water Fund - Water Tank Replacement or Rehabilitation

- The existing 106-foot tall, 360,000-gallon water tank was constructed in 1988
- Although regularly maintained, including the periodic required internal visual and video inspection, we believe that the tank is nearing the end of
 its useful life
- The tank is a highly critical facility and is the only storage tank in our distribution system

- · Our choices:
 - · Rehabilitate the tank by emptying it, making any necessary repairs, then recoating the inside and outside surfaces
 - · Purchase a new tank
 - · Determined after a study is done for the best alternative
- Funding The Water fund will be responsible for paying all principal and interest for any borrowed funds. The funding source for the debt would come from the State of CT Drinking Water Fund Loan program.

Capital Financing Guidelines

- To minimize the reliance on long-term debt, whenever possible, capital costs should be financed by means other than borrowing and borrowings should be avoided for projects with a cost of less than \$100,000. In addition to soliciting outside grant funding, the Town should utilize pay-as-you-go methods such as regular contributions from the General Fund, use of funds in the Capital and Non-Recurring Expenditure Fund (CNRE), use of Special Revenue funds for appropriate projects.
- 2. To make the most of capital financing strategy, the Town Manager and Finance Director will project the future impact of financing capital projects in accordance with the Town's Debt Management Policy and Town Charter (Section 9-16).
- 3. To keep up with maintenance scheduling, the Town intends to set aside sufficient current revenues to finance on-going maintenance needs and to provide periodic replacement and renewal consistent with its philosophy of keeping its capital facilities and infrastructure systems in good repair, to maximize a capital asset's useful life and to avoid unnecessary borrowing. It is the Town's policy to develop master plans for scheduling this maintenance.
- 4. To maintain credit ratings, the Town will, at all times, manage its debt and sustain its financial position in order to seek and maintain at a minimum a credit rating of AA for Fitch Ratings and AA- for Standard & Poors, or the highest credit rating possible. The Town is currently rated AAA by both agencies and the goal is to maintain that rating.
- 5. To build future reserves the Town established CNRE fund which allows more flexibility in investments and serves as a future source of pay-as-you-go financing of capital projects. The fund may receive contributions from the sale of Town-owned buildings and property, transfers from the General Fund, unexpended balances of completed capital projects in the Capital Fund, and interest from CNRE Fund investments. The actual CNRE capital financing contributions will be determined through the annual Capital Budget process. Unexpended balances from completed capital projects with a remaining balance may, by Town Council resolution, be transferred to the CNRE Fund and added to the reserve fund as a future source of financing for projects.

Funding Sources

Significant Projects funded by the Taxes: Town Administration: 18,981 Upgrade Facility Plan - Vernon Water Polution Control 58.595 Replacement of Light Duty vehicles and Generator - Public Works Capital Equipment Public Facilities: 43,472 Repainting of the Arts Building, New Generator for the Senior Center 121,048 Significant Projects funded by Other Sources: Town Administration: 147,354 Replacement of Light Duty Trucks - Town & Balance of BOF. Upgrade Facility Plan - Vernon Water Polution Control, GIS Planimetric Update Water Facilities: 1,200,000 Replace or Rehabilitute Steel Water Storage Tank - CT Drinking Water Fund Loan, paid for by Water Fund 300,000 Replace or Rehabilitate Steel Water Storage Tank - State and Federal Grants 370,000 District Wide Energy Efficient Projects - Utility Internal Service Fund (UISF) Board of Education: Capital Equipment 70,400 Public Works - Replacement of Mini Excavator - Cemetary Fund 247,500 Replacement of AED units, Replacement of First Response 240 vehicle, Refurbeshment of ET 140 vehicle. Ambulance Reserve Fund Fire and Ambulance: 750,000 Replacement of Recsue 240 vehicle - Non Referendum Bonds Parks and Recreaton: 47,355 New Playground Area - Recreation Special Reserve Public Facilities: 14,872 New Generator for Senior Center - Matching Grant Funds 215,000. Air Conditioning and Building Management System for the Recreation Center - Utility Internal Service Fund (UISF) 454,313 Construction and Reconstruction - LOCIP Grant \$114,984, and TAR Grant \$\$339,329 Streets and Roads: 1,000,000 Pavement Management - Referendum Debt 4,816,794 4,937,842

The major funding sources for capital improvements are: General Fund Contributions, Referendum and Non-referendum borrowing, State grants such as Town Aid Road (TAR) and Local Capital Improvement Plan (LOCIP), Capital and Non-Recurring Expenditures (CNRE) Fund, Existing Funds, Ambulance Fees, Recreation Fund Fees, Cemetery Fund, and other funding sources and unallocated funds.

General Fund Contributions will finance 2.45% of the Capital Improvement budget. These contributions are .21% of the total FY2019-20 general
fund budget compared to .11% in FY2018-19. Historically the target level has been about 1% of the total operating budget. The reduction in the
contribution level for the last five fiscal years reflects the current economic environment.

Comparison of General Fund Contributions to Capital Improvements for FY 2016-2020

| Fiscal Years | Amount | % of Total Budget |
|--------------|---------|-------------------|
| 2015/16 | 183,814 | 0.34% |
| 2016/17 | 54,578 | 0.10% |
| 2017/18 | 54,578 | 0.10% |
| 2018/19 | 61,906 | 0.11% |
| 2019/20 | 121,048 | 0.21% |
| | | |

- Non-referendum bonds account for 39.5% of the capital funding and depend on the capacity of the Debt Service plan. The issuance of debt is
 authorized in a public hearing by resolution of the Town Council. In the aggregate, debt authorizations in a fiscal year cannot exceed 5% of the
 current tax levy without a referendum vote. Non-referendum borrowing is permissible in 2020, according to the Town Charter, at a level not to
 exceed \$2,371,240 (based on the Proposed FY 2019-20 grand levy). The budget for fiscal year 2020 recommends \$1,950,000.
- The Town uses short-term financing in the form of Bond Anticipation Notes ("BANS") to provide interim cash flow, facilitate the timing of bond sales, avoid locking in high long-term interest rates during periods of market turmoil and to finance projects whose final cost is uncertain or is expected to be mitigated by grants and/or investment earnings.

The Town confines long-term borrowing to capital improvements or projects that cannot be financed with current resources. The Town will not fund current operations from the proceeds of borrowed funds. Whenever appropriate, the beneficiaries of a project or service will pay for it. For example, if a project is a general function of government that benefits the entire community, such as a school or library, the project will be paid for with general tax revenues or financed with general obligation bonds. Projects benefiting specific users, such as water and sewer facilities, will be issued as general obligation bonds by the Town, using its full faith and credit pledge. Revenues will be derived from targeted taxes or assessments which will be used to offset the general obligation debt service. Whenever possible, projects with an estimated cost of less than \$100,000 are not financed with long-term debt.

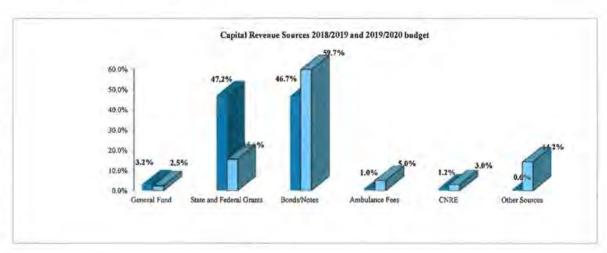

Capital improvements financed through the issuance of debt are financed for a period not to exceed the useful life of the capital project, but in no event to exceed 20 years (30 years for sewer projects) or in accordance with Connecticut General Statutes.

- State and Federal grants (Town Aid Road, Local Capital Improvement Plan, CT DEEP Grant, and FEMA) account for \$769,185 or 15.6% of the capital budget. The Town attempts to fund capital projects with state and federal grants first, before using other funding sources. The FY2019-20 budget includes Town Aid Road grants of \$339,329, LOCIP grants of \$114,984, CT DEEP Drinking Water Fund of \$300,000, and \$14,872 from FEMA.
- CNRE Fund serves as a source of pay-as-you-go financing for capital projects. The CNRE is an integral part of the Town's capital financing strategy. The Town seeks to grow the fund to a level deemed sufficient to fully fund recurring expenditures for replacing capital equipment and maintaining public facilities that do not meet the Town's general obligation bond issuance guidelines. If the fund is not at its target level, appropriations from the CNRE fund shall not exceed the interest income earned on invested CNRE proceeds. In FY2020, there is \$147,354 in funding from the CNRE for the replacement of Town and Board of Education vehicles, the GIS Planimetric Data Update, and an Upgrade Plan for the Water Pollution Control Facility, as outlined earlier.
- Existing/ Other Funds account for these balances that have accumulated from on-going multi-year projects or from projects with revised scopes.
- Proceeds from the sale or trade-in of equipment fluctuates from year to year (0%-9%). Equipment and vehicle replacement schedules are an integral part of the capital improvement process.
- Ambulance Fees support ambulance capital equipment replacement, emergency utilities and new vehicles as needed. In FY2020, \$247,500 will
 be used from the Ambulance Reserve for the replacement and refurbishment of rescue vehicles, as well as the replacement of AED units.

 Other funding sources and unallocated funds consist of unappropriated, unanticipated revenues such as lease financing, reimbursements on previously completed projects.

Comparative Capital Improvement Budgets Summary 2018/2019 & 2019/2020

| | 2018/2019 Adopted | | 2019/2020 Proposed | |
|--------------------------|----------------------|-------|-----------------------|--------|

| Total Expenditures | 1,919,291 | 100% | 4,937,842 | 100.0% |
| | | | | |

Operating Cost associated with future Capital Budget

The table below depicts cost implications associated with new projects which is required by the Town Charter § C9-6. "Applicable associated operating costs and estimated tax rate ramifications shall also be included". Currently a majority of the Town's capital expenditures are associated with improvements or replacement and not expansions of operations. Only limited numbers of expansions will a have real impact on operating cost. There will also be significant savings recognized by implementing these projects. From the analytical prospective the future operating costs are non-significant in nature, however must be presented to satisfy requirements.

Tolland Capital Improvements Future Annual Increase in Operating Costs or (Savings)

| | Vernon WPCA Plant Upgrade | Replace Water Tank | BOE Energy Efficiency Projects | Pavement Management Program | Capital Equipment Replacement | Replacement or Refurbishment of Various Apparatus | New Playground Area | Repainting of Arts Building | Building Management System Recreation Canter |

| Debt Service | 4,146,805 | 1,200,000 | | 1,000,000 | á. | 750,000 | | | |
| Totals | 4 146 805 | 1,200,000 | (37,000) | 1,000,000 | 0 | 750,000 | | _ 4 | |

- As outlined earlier, the project will satisfy mandateed requirements for the system. Cost savings may result from increased operating efficiency, but it is too early to identify any savings.
- (2) With a new or rehabilitated tank, costs for major repairs to maintain a safe tank will be avoided.
- (3) Installing Carbon Dioxide Detectors will reduce mechanical activity, thus creating less wear and tear on the system. The climate Master CXM replacements will allow for efficiencies in repairs as well as having to move people around.
- (4) The costs for these capital items have been incorporated into our Debt Management Plan (DMP). Since the life of these assets are long-term and their cost is substantial the costs are spread out over several years by utilizing debt which is paid annually from the Town's operating budget. The DMP is structured to incorporate new debt as old debt expires. This allows for a level impact on the Town's operating budget each year.
- (5) The project's realized savings are as follows:
 - Avoid outsourcing costs due to lack of equipment and specialization.
 - Avoid higher material and labor costs to maintain the equipment in the future.
 - · Improve technical and operational capabilities.
- (6) Will extend the life of the building and reduce the amount of repairs required for the ageing building.
- (7) The new system will create an efficient AC and heating operation.
 We will eliminate costly window AC units which should impact the cost of utilities with savings in daily utility costs.

Note: Band Issuance Costs of \$418,637 nat included in the BCE Capital Project List

This plan does not include the proposed future improvements for District Wide energy efficient projects to be funded by the Utility Internal Service Fund for \$370,000

Prepared by M McLaughlin 10.02.2017 (originally) Prepared and Updated by P. Sztaba 10.01.2018 Updated by MM 10.11.18 Updated by WW 10.16.2018

^{*} Although these projects are shown in FY 18-19 they will not be funded by a supplemental appropriation request.

^{**} The Birch Grove Fire Panel and Dow Corning Security film will not be done, however, is being replaced with funding toward the Grade 6-12 Computer 1 to 1 Initiative.

| the Town of Vernon, Tolland is responsible for 5.63% of the prospective costs of the improvements. Payments will be made over 20 years. The total project cost is approximately \$81 million which will be partially funded by grants. Tolland's estimated share over 20 years is \$4,146,805. General Fund pays: Year One: FY 2019/2020 - \$118,540 | | | | | | | | | | | | | | |
| Year Two: FY 2020/2021 - \$236,980 Year Three: FY 2021/2022 - \$235,152 Year Four: FY 2022/2023 - \$231,696 Year Five: FY 2023/2024 - \$228,240 | 7 | | | 2000 | | | | | | | | | | 20.000 |
| GIS Planimetric Data Update It has been over 10 years since critical planimetric data were updated and some data are over 16 years old. It is anticipated that the federal government will be conducting a flyover in Spring 2019 and that a few months after the flyover, the data will be available to towns to use to update the GIS. The funds are to retain services for converting the flyover data into planimetric data and then incorporating it into the town's mapping systems. | 20,000 | | | 20,000 | | | | | - | | | | | 20,000 |

| Replace/Rehabilitate Steel Water Storage Tank the existing 106-foot tall, 560,000 gallon welded steel water storage ank was constructed in 1988. Although it has been regularly maintained reluding the periodic required internal visual and video inspection, wel- elieve it is nearing the end of its useful life. The tank is a highly critical acility and it is the only storage tank in our distribution system. In imple tems, our choices are to rehabilitate the tank by emptying it, naking any repairs necessary, then recoating all inside and outside urfaces OR to purchase a new storage tank. Due to improvements in tank technology, a new tank may not need to be a 560,000 gallon apacity tank, but we will not know the specifics until more engineering work is completed. The Water Fund will be responsible for paying all principal and interest for any borrowed funds. Funding Source for debt would ome from Drinking Water Fund financing which would be considered ebt under our charter requirements. | 1 | | | | | Bonds 1,200,000 | | | | 300,000 | | | Appr Bonds | 1,500,00 |

| Replacement of Truck #81 (Parks) This vehicle is used as a transport vehicle for snow removal operations and equipment. During the regular season it is primarily used for prepping the ball fields. The current vehicle is a 2007 Ford F-250 that has 112,264 miles on it. Due to the high mileage and body conditions, his vehicle is rated as being in poor condition. | 33,600 | | 33,600 | | | | | | | | | | | 33,60 |
| Mini Excavator (Parks) | 70,400 | | | | | | | | | | | | 70,400 | 70,40 |
| This piece of equipment is used primarily for the excavation of graves within the Town's Cemeteries. Due to the rocky environment that is typically encountered while digging, the use of a machine mounted hamme is required. This lends to the abuse that is experienced by this machine. We are looking to replace our current 2007 Kubota with 3,205 hours on it. The Kubota is rated as being in fair condition. To be totally funded out of the Cemetery Fund which has an estimated balance of \$209,837. | | | | | | | | | | | | | | |
| Bald Hill Generator This generator is 10 years old and is burning both oil and antifreeze which is a sign that the internal components, such as the rings and pistons are failing. This is a priority piece of equipment that provides the necessary backup in case of a power failure for the radio tower on Bald Hill which is shere the 911 calls are generated from. This has been serviced on an annual basis and is now at a point where it should be replaced as it is in poor condition. | 24,995 | | 24,995 | | | | | | | | | | | 24,99 |

| Replacement AED Program More than 10 years ago with the addition of AEDs (Automatic External Delibrillators), the department first qualified as a HEARTSafes Community. The Fire Department was able to expand our fleet of AEDs when those units that weren't being used by a local sports group, were donated to the department. The addition of these units enabled us to equip each station as well as our first-response vehicles with AEDs which allows for quick, easy access and provides greater coverage to the Town. | 35,000 | 17,500 | | | | | | | | | | 17,500 | | 35,00 |
| The Department recently initiated replacement of our AED units. This is the second half of the replacement program. We feel this strategy will lessen the financial impact of the program and allow for more manageable spending not only for the units themselves out for the maintenance batteries and pad supply costs as well. The current units are in need of replacement due to changes in echnology and some are not able to download the new software. | | | | | | | | | | | | | | |
| Replacement of 2006 Service 240 First Response Vehicle This vehicle will be 13 years old and have approximately 85,000 to 90,000 miles on it. This vehicle is used by line officers, career staff and other members as a first response vehicle. The use of this vehicle prevents unnecessary use of larger and more expensive equipment. Because this vehicle is smaller, it is more versatile to rapidly respond to and assist at various emergencies. This vehicle will require some up fitting of new equipment such as; graphics, emergency fights, snowplow, radio console and other miscellaneous equipment. | 90,000 | | | | | | | | | | | 90,000 | | 90,00 |
| Refurbishment of ET-140 This truck will need the pump and tank overhauled to extend the nuck's life expectancy. The truck will also have all of the mechanical components inspected and if necessary repaired (the engine, transmission orakes, suspension and radiator). Any necessary bodywork will be completed to eliminate electrolysis on the body and frame. This truck is ocated out at Station 140 on Crystal Lake Road. The department is confident that a refurbishment can extend the useful life an additional 10 | | | | | | | | | | | | 140,000 | | 140,00 |
| Replacement of Rescue 240 After several years of justifying the addition of a second aerial device. Our department has decided to defer this request until our facility needs have been addressed. We have been requesting additional space at several firehouses for many years which now has been merged into a master facilities improvement plan for the community. At this time, we feel that it is in the best interest of the community to replace Rescue 240. Rescue 240 went into service in 2002. Unfortunately, Rescue 240 requires more maintenance than is desirable and normal for the age of the vehicle. There have been reveral engineering and design improvements that have become available to our industry since the current truck was specified and ordered in 2001. Replacement of Rescue 240 will ensure that our Rescue Company has a safe and reliable vehicle to operate while | 750,000 | | | | | 750,000 | | | | | | | | 750,00 |
| mproving upon our technical and operational capabilities. TOTAL FIRE AND AMBULANCE | 1,015,000 | 17,500 | 0 | (| Ó | 750,000 | 0 | 0 | 0 | 0 | 0 | 247,500 | 0 | 1,015,00 |

| New Playground Area nstall a new playground area outside of the entrance to the building. The playground will replace the previous existing playground that was taken down this past year. The playground was removed due to its condition and to make room for the department's parking lot expansion. The playground would consist of elements for ages 3-5 naking it suitable for our preschool program. Our preschool program would benefit greatly having a suitable, on-site playground area. The playground will have future expenditures for upkeep of afety material (every year/other year of playground fibers) and eplacement of equipment (in approximately 10 years). | Repainting of the Arts Building This building is located on the Town Green and is used frequently. The building has a wooden clapboard siding and wood trim. The entire building, windows included, needs to be scraped, caulked, replacement of any deteriorated wood, primed and then painted. The last time this was addressed was approximately 12 years ago. | 28,600 | | 28,600 | | | | | | | | | | | 28,600 |
| Air Conditioning for the Recreation Center This building had a new boiler installed in 2017. Part of the project was to install air conditioning for the entire facility as well. Due to the cost of the project, the AC portion was put on hold for a year. The building currently uses large window units to cool spaces as needed which are very inefficient to use. The new system would be controlled by a BMS which provides energy efficient operation. Funding from Utility Internal Service Fund. | 187,000 | | | | | | | | | | | | 187,000 | 187,000 |
| Building Management System Recreation Center The Recreation Center is one of our most widely used facilities. We currently have very little control of the heating and lighting systems. We are proposing to have a new air conditioning system installed in 2019 and utilizing a BMS will help us to control the daily utility costs associated with the lighting and HVAC. Funding from Utility Internal Service Fund. | 28,000 | | | | | | | | | | | | 28,000 | 28,000 |
| Public Facilities Yearly Improvements This account is intended to cover unanticipated Capital expenses that arise throughout the fiscal year and cannot wait for the following year to address. Items like door repairs, issues with major infrastructure components and general repairs that are not budgeted for are what this is being created for. (not funding due to budget constraints) | 15,000 | | | | | | | | | | | | | 0 |
| Senior Center Generator The Town has been awarded a grant for a generator for our shelter at the Senior Center inder the Federal Emergency Management program. Matching funds are needed to cover the Town's share of the cost. | 29,744 | | 14,872 | | | | | | | 14,872 | | | | 29,744 |

| Capital Equipment | 222,770 | d | | | | 222,770 | | | | | | | | 222,770 |
| Replacement of Truck #25 (\$84,710) This vehicle is used as a front line vehicle for snow removal operations as well as being used on a daily basis during the construction season. The current vehicle is considered in fair condition and is a 2007 Ford F-550 that has 68,123 miles on it. We intend to purchase a new plow and sander for this truck off of the CT State Bid. | | | | | | | | | | | , | | | |
| Refurbishing of Truck #33 (Highway) (\$63,900) This vehicle is a 2005 Mack CV712 with 93,000 miles on it. The cab and chassis are in decent condition but the body is deteriorating due to the exposure to the winter salt. We are proposing to replace the body and have the entire truck sandblasted and painted. This will include a ground speed control system also. We feel we can get another 8-10 years out of this vehicle. This has been rated as good/poor condition. (cost of new truck would be estimated at \$165,000) | new | | | | | | | | | | | | | |
| New Holland Skid Steer (Parks) (\$74,160) This piece of equipment is used almost daily on field prep as well as during snow removal operations. We also use it heavily with attachme such as augers, brush hogs and forks for off-loading equipment and supplies. The unit it shall replace is a 2001 with approximately 3,500 hours on it and it is classified as fair condition. | nts | | | | | | | | | | | | | |
| Cargo Van #75 (Parks) This vehicle is used on a daily basis for maintenance operations on all of our Public Facilities. It is equipped with shelving to carry tools as well as spare parts for plumbing, lock sets, electrical and the mechanic needs within the buildings. The current vehicle is a 2008 Ford van wit 73,381 miles on it. | | | 24,255 | | | | | | | | | | | 24,25 |
| Replacement of Truck #9 (\$33,000) (Highway) This truck is a 2003 F-150, 4 wheel drive pick-up truck with 129,000 miles on it. It's primary use is for transportation of the crew, tools and for responding to sreas of concern with cones, barricades etc. The floor has been replaced in both the cab and in the bed of the truck due to excessive rot. The engine is a small V-8 which is becoming weake and the complete exhaust system, including manifolds are in need of replacement. This is classified as being in poor condition. | 33,000 | | 33,000 | | | | | | | | | | | 33,00 |

| THS Security Panel/Burglar System The current security panel is operational but the Tolland BOE is looking to integrate all four schools onto the same security platform. The High School has an Ademeo system with Honeywell keypads tha will be upgraded to a current platform with the same compatible software. The keypads, wiring and contracts can remain the same based upon the age of the unit but the head end controller unit will need to be changed. | | | 15,000 | | | | | | | | | | | 15,000 |
| TMS Library and Main Office Carpet The current carpet in the Main Office, Guidance and Library areas are at the end of their useful lives. There is significant staining, wear and to and are in need of replacement. The cost to install new carpet tiles (inflation adjusted) is about \$5.50 per square foot. | 26,950 ear | | 26,950 | | | | | | | | | | | 26,950 |
| THS VCT Tile Replacements - Multi Areas The High School contains a discontinued vinyl composition tile that is no longer available for purchase. Although the worst of the cracked are in the A wing will be addressed with bond funds, there are numerous other areas that are showing significant cracking that should be addressed over time. They are: *the backside of the A hall, turf field side of the school *the hallway outside of the athletic areas *the hallway on south side of technology hallway *the hallway outside of the gym between cafeteria side *hallway outside the Pre-K Child Development and within the Child Development classroom itself | | 10,000 | 10,000 | | | | | | | | | | | 20,000 |

| Capital Equipment | 368,055 | | | | | 368,055 | | | | | | | | 368,05 |
| Replacement of Truck #35 (\$177,000) This vehicle is used as a front line vehicle for snow removal operations as well as being used on a daily basis during the construction season. The current vehicle is a 2002 Western Star that has 13,146 miles and 2,039 hours on it. This vehicle is also designated as our water truck during the summer months and is in fair to poor condition. | | | | | | | | | , | | | | | |
| Replacement of Truck #53 (\$88,950) This vehicle is used as a front line vehicle for snow removal operations as well as being used on a daily basis during the mowing season. We typically keep a utility trailer on it all season long to house mowing equipment. The current vehicle is a 2007 Ford F-450 that has 63,284 miles on it. We intend to purchase a new 9' plow for this truck off of the CT State Bid as well. | | | | | | | | | | | | | | |
| Replacement of Service Truck 450 (\$52,105) This vehicle is used by the Mechanics as a utility body for carrying tools, etc. and a lift gate which provides the ability to put items such as welders, pumps, etc. in the back of the vehicle while providing service calls to equipment out on the road. It will replace a 2003 Ford F-350 which has 90,000 miles on it currently and will have approximately 116,000 on it in 2021. It is in fair condition. | | | | | | | | | | | | | | |
| 72" Zero Turn Exmark Mowers (4) (\$50,000) The current zero turn mowers have approximately 800 running hours on them at this point. By the time they are replaced in 2021 they will have approximately 1,000 hours on them. At that point we will be investing more money in them than they are worth. At this point they are considered in fair condition due to the working environment that they are exposed to. | 0 | | | | | | | | | | | | | |

| Replacement of Ambulance 640 Standard 5 year replacement program. The department currently has two ambulances. One is located at Station 140, 64 Crystal Lake Road and the other is located at Station 240, 3 Rhodes Road. Each ambulance geographically covers one half of the town. All new equipment needs to be purchased at the same time for example, stretchers, radios, AEDs and ePCR laptops. The capital replacement cost takes those expenses into consideration. This ambulance has gone with one remount cycle saving approximately half the cost of purchasing a new ambulance. The cab and chassis was purchased with the intention of repurposing it when the ambulance module completes this duty cycle. The ambulance module can be sold to another agency and the revenue cane be used to repurpose the cab and chassis into another mission for the department. | 285,000 | | | | | Bonds | | | | | | 285,000 | N. | Front End Loader (\$251,320) This front end loader will replace our current 2002 CAT 938G that has 150,000 hours of use. We intend to utilize the State Bid for a John Deere 644 which is comparable to our CAT 938G. Our machine is our front line loader that is constantly exposed to high levels of salt from loading the vehiclesduring snow events. This includes "Loadrita system for weighing the materials. We estimate this will have over 20, hours when it comes time to replace it. It is currently in fair condition. Replacement of Truck #38 (Parks) (\$93,181) This vehicle is used as a front line vehicle for snow removal operations as well as being used on a daily basis during the field maintenance season. The current vehicle is a 2004 Ford F-350 that has 64,337 miles on it. We intend to purchase a new plow and sander for this truck off of the CT State Bid. 16' Tora Mower (\$103,950) This piece of equipment is used on a daily basis for the cutting of our municipal and Board of Education fields. Because of the size of | ,000 | | | | | | | | | | | | | |
| this mower we are capable of cutting a larger area per pass thereby increasing our daily production. The current mower is a 2010 (12) Toro 590 with a 16' cutting path. It has approximately 3,200 hours on the unit and is in fair condition. Replacement of Light Duty Vehicles - To Reserve for Current Year Depreciation Funds for municipal vehicle replacement. | Refurbishment of ET-240 This truck will need the pump and tank overhauled to extend the life expectancy. The truck will also have all of the mechanical components inspected and if necessary repaired (the engine, transmission, brakes, suspension and radiator). Any necessary bodywork will be completed to eliminate electrolysison the body and frame. This truck is located at Station 240 on Rhodes Road. The department was confident that a refurbishment could extend the useful life of this apparatus an additional to years, however, recent wear and tear and corrosion has taken a turn on this piece of apparatus and we are currently having it evaluated. (If new one is needed, the price will be \$655,000) | | | | | | | | | | | | 140,000 | | 140,00 |
| Replacement of Ambulance 540 Standard 5 year replacement program. The department currently has two ambulances. One is located at Station 140, 64 Crystal Lake Road and the other is located at Station 240, 3 Rhodes Road. Each ambulance geographically covers one half of the town. All new equipment needs to be purchased at the same time for example, stretchers, radios, AEDs and ePCR laptops. The capital replacement cost takes those expenses into consideration. This ambulance has gone with one remount cycle saving approximately half the cost of purchasing a new ambulance. The cab and chassis was purchased with the intention of repurposing it when the ambulance module completes this duty cycle. The ambulance module can be sold to another agency and the revenue cane be used to repurpose the cab and chassis into another mission for the department. | 295,000 | | | | | | | | | | | 295,000 | | 295,66 |

| Pick Up Truck #56 (\$32,000) This vehicle has been used as a primary vehicle for snow removal operations as well as being used on a daily basis during the mowing/painting season. We utilize this for plowing sidewalks, cemeteries and schools as well as the vehicle that tows the line painter for lining the athletic fields. This vehicle is a 2006 (13) Ford F-250 that has 76,729 miles on it with minor areas of body deterioration. It is considered to be in fair condition. The new vehicle would become the Supervisor's truly and truck #3 would go into the fleet. Replacement of Truck #68 (Parks) (\$77,000) This vehicle is used as a front line vehicle for snow removal operations | oe k | | | | | | | | | | | | | |
| as well as being used on a daily basis during the field maintenance season. The current vehicle is a 2007 Ford F-550 that is in fair condition and has 99,016 miles on it. We intend to purchase a new plow and sander for this truck off of the CT State Bid. Replacement of Truck #10 (Highway) (\$38,500) This vehicle is used primarily as a vehicle for transportation of the creduring our construction season. The current vehicle is a 2007 Ford F-250 that has 99,249 miles on it and is in fair condition. We intend to purchase this vehicle from the CT State Bid. | | | | | | | | | | | | | | |
| Replacement of Truck #64 (Highway) (\$38,500) This truck is a 2002 F-250 that is designated as our sign truck. It has appoximately 127,558 miles on it and we estimate that it will have roughly 165,000 miles on it by the time we have it on our schedule for replacement. Currently it is listed as in fair condition due to the age and mileage. Replacement of Light Duty Vehicles - To Reserve for Current Year Depreciation | 16,929 | | 16,929 | | | | | | | | | | | 16,92 |

Tolland was named by Money Magazine in 2015 as the 34th Best Place to live in the United States as well as in 2011 as 37th and in 2009 the 27th. The Town of Tolland is 40.4 square miles or 25,792 acres. Approximately 18% of the Town of Tolland has been protected as open space.

In a 2009 telephone survey, residents indicated they chose to live in Tolland due to its convenient location to work or family, its housing stock and town character. They were satisfied with the town's quality of life, with two-thirds indicating that the town's natural areas and open space are significant contributors to Tolland's character and quality of life. Residents also recognized a need to increase business development and to upgrade town infrastructure.

Population:

The population remained below 2,000 residents until the 1950s. Construction of the interstate, which better connected Tolland to Hartford, led to tremendous population growth during the second half of the 20th century. Tolland's population is 14,904 according to the latest census data. This represents a 1% decrease from 2010.

Educational System:

Tolland's school system includes a \$56 million public high school which opened in September 2006. The former High School became the new Middle School for 6th, 7th & 8th grades which opened in September 2007. The Middle School became an Intermediate School for 3rd, 4th and 5th grades and Birch Grove Elementary School houses Pre-K through 2nd grades.

Walking trails within open space and conservation areas:

Campbell's Peaceful Valley Conservation Area Sage Meadow Open Space

Shafran Conservation Area Auperin Conservation Area

Weigold Open Space Conservation Area King Riverside Conservation Area

Stoppleworth Conservation Area Palmer Conservation Area

Schindler-Schmidt Open Space Conservation Area Parciak Conservation Area

Knofla Conservation Area Luce Conservation Area

Baxter Street Conservation Area Becker Conservation Area

Crystal Peat Conservation Area

Tolland's Parks:

Crandall Park, Tolland's main park, is centrally located near Tolland Green and includes Crandall Pond for swimming, a pavilion, pickle ball, baseball and softball fields and tennis and basketball courts

Crandall Park II, located directly behind the main park, offers soccer fields, walking trails and a lodge for events up to 100 participants

Heron Cove has fields for sports, hiking and canoe access

Cross Farms Recreation Complex has fields for sports

River Park has fields for sports

Doris & Al Tobiassen Memorial Park which is part of Joshua's Trust

Senior Center and Elderly Outreach:

The Senior Center offers a variety of programs to residents 60 and older. The Senior Center provides information on aging and assisting family and friends who care for older adults. Some of the programs include: educational series, health clinics, compassionate support for the loss of a loved one or loss of independence as a result of a health related problem, monthly birthday celebrations, chorus, weekly luncheons, exercise programs, book and writing clubs, AARP Tax Aide, AARP driver safety classes, annual inter-generational variety show, monthly newsletter and volunteer opportunities. The Elderly Outreach Caseworker provides in-home assessments, entitlement and benefits counseling, grief counseling and is a trained CHOICES counselor and has an office located at the Senior Center. This allows for greater access to those services for older adults and their family members.

Protected Open Space

Protected Open Space* 4,313 17%

Land that is generally protected from development due to ownership or deed restrictions
 Total includes municipal recreation lands

Construction of the interstate through Tolland spurred rapid residential growth in the second half of the 20th century. This growth caused the town to reassess its zoning regulations and ultimately update the regulations to ensure that those qualities that drew residents to Tolland were retained. The new regulations offered stronger protection of open space and natural resources as development occurred. Residential single-family growth has slowed down. This is due in part to changes in demographics and housing demand but also because much of the more readily-developable residential land has already been developed. The town is seeing interest in multi-family development, with the approval of 87 town-home style units which have not been built yet.

The zoning regulations allow for appropriate business development in the various business zones in town. Business zones comprise three percent of the land area in Tolland. In the last eight years, Tolland rezoned two key areas to promote specific development patterns. The Tolland Village Area is intended to support mixed use, village style development while the Technology Zone promotes coordinated campus style business development.

Public sentiment has strongly supported open space acquisition. This sentiment resulted in a successful bonding initiative to establish funds for open space acquisition. With these funds and state grants, Tolland has been able to continually acquire and preserve ecologically valuable parcels of land.

GLOSSARY

There are many specialized terms used in governmental budgeting and accounting. The following is an abbreviated list of some of the more common terms one may encounter in reviewing Tolland's Budget.

Appropriation

A legal authorization granted by a legislative body (the Town Council, for example) to make expenditures and to incur obligations for specific purposes. All General Fund appropriations lapse at the end of the fiscal year.

Assessment/Assessed Valuation

A valuation set upon real estate or other property by a government as a basis for levying taxes.

Balanced Budget

A budget wherein the revenues equal the expenditures for any given year.

Basis of Accounting

The procedures that record, classify and report on the finances and operations of a business, government or other entity.

Cash Basis of Accounting: Basis of accounting that recognizes transactions or events when related cash amounts are received or disbursed.

Modified Accrual Basis of Accounting: Basis of accounting that the Town of Tolland uses which records revenues in the accounting period in which they become available and measurable and records expenditures in the accounting period in which goods or services are received.

Board of Education

The Board of Education is the elected body responsible for developing educational policy for the Tolland Public School System. It is a nine-member body whose members are elected every two years. The Board of Education hires a Superintendent to administer the school system.

Bond

A debt investment in which an investor loans money to an entity (corporate or governmental) that borrows the funds for a defined period of time at a fixed interest rate. Bonds are used by companies, municipalities, states and U.S. and foreign governments to finance a variety of projects and activities. Bonds are commonly referred to as fixed-income securities.

Budget

A financial operating plan for one year embodying estimated expenditures for providing services and the proposed means of financing them. A balanced budget limits expenditures to available resources.

The Capital Budget is the first year of a five-year Capital Improvement Program, and is funded as part of the annual budget appropriation. It includes all equipment or facility improvements or modifications for both the Town Government and Board of Education costing more than \$10,000 and having a life expectancy of more than eight years (Capital Projects).

School Operating Budget

This budget relates to services provided by the Board of Education for the Town School System. These include: Instruction, Property and Employee Insurance, Operation of Plant, Pupil Transportation, Maintenance of Plant, General Control, Expenditures to Other Schools, Student Body Activities, Health Services and Capital Outlay, as well as Special Federal Funds, Cafeteria Proceeds and Student Activity Fees. These categories of expenditures are defined by the State of Connecticut Board of Education, and are uniform for all school systems within the State.

Town Operations Budget

This term relates to the services which are provided by the Town Government. These services include: Administration and Support Services, Community Development, Community Services, Public Works, Public Safety, Finance and Records and Debt Service.

Capital Improvement Program (CIP)

The Capital Improvement Program is a comprehensive multi-year capital plan that identifies and prioritizes expected needs of the Town which are proposed for the Town within the next five years. The first year of the program is called the Capital Budget and is adopted annually with the General Fund budget.

Capital and Non-Recurring Expenditure Fund (CNRE)

The CNRE fund was established to allow more flexibility in investments and to serve as a future source of pay-as-you-go financing of capital projects.

Capital Outlay

An object classification in the Town's General Fund Budget for capital items of equipment, or facility improvements of less than \$10,000 and/or a life expectancy of less than five years. In the Board of Education budget, Capital Outlay is a major expenditure classification defined by the State of Connecticut Board of Education.

Capital Project

A Capital Improvement Program project or piece of equipment costing more than \$10,000 and having a life expectancy of more than eight years.

Education Reference Groups (ERGs)

A classification system used in the State of Connecticut in which towns that have public school systems with similar socio-economic status and needs are grouped together. Seven variables (income, education, occupation, poverty, family structure, home language and school district enrollment) are used to categorize Connecticut communities into ERGs.

Depreciation

A noncash expense that reduces the value of an asset as a result of wear and tear, age, or obsolescence. Most assets lose their value over time (in other words, they depreciate), and must be replaced once the end of their useful life is reached.

Encumbrances

Purchase orders, contracts or salary commitments that must be covered by an appropriation.

Expenditure (Modified Accrual Basis)

Cost of goods received or services rendered, whether cash payments have been made or not.

Equalized Mill Rate

The Equalized Mill Rate, or the Effective Tax Rate, is calculated by dividing the adjusted tax levy by the Equalized Net Grand List. Dollars of tax per \$1,000 market value; can be calculated by multiplying the mill rate by the assessment ratio.

Equalized Net Grant List

The Equalized Net Grand List is the estimate of the market value of all taxable property in a municipality. Municipalities revalue their Grand Lists based on schedules established by the Connecticut General Assembly (CGS 12-62). Thus, there can be a marked difference between the market value of all property and the assessed value. The State Office of Policy and Management calculates the Equalized Net Grand List from sales and assessment ratio information and grand list reports filed by the municipality.

Fiscal Year

The 12 month period at the end of which a government determines its financial condition and the results of operations and closes its books. For the Town of Tolland, the fiscal year begins on July 1st and ends on June 30th.

Funds

Governmental accounting systems are organized and operated on a fund basis. A fund is an independent financial and accounting entity. It has a self-balancing set of accounts and records, cash and other financial resources, together with all related liabilities and residual equities or balances which

are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. Though funds are independent entities within the financial records of a government, there need not be physical segregation of assets. Funds may be established by the State Constitution, State Statute, Town Charter, Town Ordinances, or administrative decisions. Funds used by the Town of Tolland include: General Fund, Capital Projects Funds, Special Revenue Funds, Enterprise Funds and Trust and Agency Funds.

The General Fund: is the primary operating fund for the Town of Tolland and accounts for all financial resources except those required to be accounted for in another fund. It is the only fund with a legally adopted budget.

Fund Balance

The difference between assets and liabilities reported in governmental funds.

Generally Accepted Accounting Principles (GAAP)

The conventions, rules and procedures that serve as the norm for the fair presentation of financial statements. The various sources of GAAP for state and local government are set forth by SAS No. 69, The Meaning of "Present Fairly in Conformity with Generally Accepted Accounting Principles" in the Independent Auditor's Report.

Grand List

The Grand List is the compilation, by value, of all taxable and tax exempt property within the municipality.

LoCIP

Local Capital Improvements Program is a State grant awarded for the purpose of assisting a municipality with the cost of State approved capital projects.

Mill Rate

The Mill Rate is the tax rate expressed as a monetary unit. One mill equals one dollar of tax per thousand dollars of assessed value of property. Taxes levied are equal to the mill rate times the assessed value of property.

Object Codes

A uniform classification identifying the transactions of the government by the nature of the goods or services purchased.

Other Post Employment Benefits (OPEB)

Other post employment benefits provided by an employer to plan participants, beneficiaries and covered dependents through a plan or arrangement separate from a retirement plan. OPEB may include health care benefits, life insurance and other assistance programs.

Other Financing Use

A decrease in current financial resources that is reported separately from expenditures to avoid distorting expenditure trends. The use of the other financial uses category is limited to items so classified by GAAP.

Program

Group activities, operations or organizational units directed to attaining specific purposes or objectives.

Revenue

All amounts of money received by a government entity, net of refunds and other correcting transactions, other than from the issuance of debt or the liquidation of investments.

State Treasurer's Investment Fund (STIF)

The State Treasurer's Investment Fund is a Standard and Poor's AAAm rated investment pool of high quality, short-term money market instruments analyzed by the Cash Management Division of the State Treasurer's Office.

Superintendent of Schools

The Superintendent of Schools is appointed by the Board of Education and is responsible to the Board of Education for administering the Tolland Public School System.

Surplus

This term refers to the Unappropriated General Fund balance. These funds are usually excess revenues received above those budgeted and unexpended funds from the Town and School budgets. The rating agencies of Standard and Poor's and Moody's Investors Service regard about 10% fund balance as adequate to meet the unforeseen needs of the community.

Town Council

The Town Council is the elected legislative body of the Town of Tolland responsible for appointive, legislative and contractual duties, as outlined in the Town Charter and State Law. The Council is composed of seven members elected at large, on a partisan basis, every two years. The Town Council hires a Town Manager to administer the affairs of the Town.

Town Manager

The Town Manager is appointed by the Town Council and is the Chief Administrative Officer of the Town. The Town Manager has such powers and duties as the Town Charter, State Statutes, and Town Council may prescribe for the Chief Executive Officer of a municipality.

Unassigned Fund Balance

Available expendable financial resources in a governmental fund that are not the object of tentative management plans (i.e., commitments)

Water Pollution Control Authority (WPCA)

The Water Pollution Control Authority is the oversight Commission for the Town's sewer operations.
